

DMS 424C : Clinical Sonography IV

This course is a rotation through various clinical settings to gain experience in the performance of sonographic examinations. Clinical experience rotations may include abdominal, musculoskeletal, obstetrics/gynecology, pediatric, vascular, and invasive procedures. During this practicum, students will continue to be assigned clinical competencies and objectives to continue to master their sonographic skills. Emphasis will be placed upon off-hour sonography.

Credits 5

Prerequisites

All previously required and concurrent courses per the academic plan or with consent of the faculty.
