

NUR 410 : Gerontological Nursing

This course prepares students to deliver competent and humanistic care to older adults. Students will apply best care practices for the older adult in health promotion, disease and injury prevention, and illness and injury management including atypical presentations and end-of-life care. Emphasis is placed on the assessment of an older adult's functional status and health expectations during life transitions.

Credits 3

Prerequisites

All previously required support courses; senior standing in nursing or consent of the faculty.
