History of Bellin College

Bellin College has a long, rich history and a distinguished reputation as an excellent educational institution. Although many changes

occurred over time, the commitment to providing growth, opportunity, and excellent education for healthcare providers continues.

Our parent company, Bellin Health System, and its leader, Dr. Julius Bellin started the academic institution in 1909. The College began as a diploma school when it enrolled three students to the Deaconess Sanitarium Training School for Nurses. It was not until 1925 that the name of the hospital was changed from Deaconess to Bellin Memorial Training School in honor of its founder, Dr. Julius Bellin. In 1942, the school became known as Bellin Memorial Hospital School of Nursing. Over time, the school would take on many title changes, but Bellin would always be a component of the name. A new nurse's residence was built and annexed as the north wing of the hospital. More classrooms were added, and clinical experiences were expanded. The Cadet Nurses Corp graduated its first class in 1944. Accreditation of the College was granted by the State of Wisconsin in 1930 and by the National League for Nursing in 1953.

The school closed in 1953 for the purpose of building a new nurses' facility, which opened as the Charlotte Fowler Residence in 1955. The building not only housed 80 students but also included a skills laboratory, library, lounge, and classrooms. At the same time, the curriculum became less task-oriented with greater emphasis on theory and scientific rationale. Students began attending the University of Wisconsin Extension at Green Bay for general education courses. In 1958, the first male student was admitted to the program and graduated in 1961. It would be another 12 years before another male student entered the nursing program.

In 1984, the school became a four-year BSN program and admitted its first baccalaureate students. After years of planning, a new curriculum was implemented that addressed the new trends in healthcare and education. The school's name changed to Bellin College of Nursing to better reflect the new independent status of the educational institution. While many students still took most of their general education courses at the University of Wisconsin-Green Bay, courses from other accredited institutions were accepted for transfer, making it easier for students from greater distances to enroll in the nursing program. The College relocated to a newer building in 1994 located at 725 S. Webster Avenue, and the Charlotte Fowler Building was demolished. In 1997, an accelerated

21-month transfer option was developed to stay with the trends in nursing education, and in 2001, the sophomore transfer option was developed to allow students with prior general education credits to join the nursing program.

A comprehensive needs assessment in 2002 confirmed the need for a graduate nursing program in northeast Wisconsin. The Higher Learning Commission (HLC) conducted an accreditation review of the College in 2004 and granted permission for the College to begin offering a Master of Science degree in nursing with specialty tracks in administration and education. The first graduate students were admitted in August 2004. The Commission for Collegiate Nursing Education (CCNE) accredited the baccalaureate program in 2003. A CCNE visit was completed in 2008, with accreditation received for an additional ten years. The nursing program is also approved by the Wisconsin State Board of Nursing. The first class of MSN graduates received their degrees in 2007. January of 2008 marked the first cohort of students entering the 15 Month option, where students complete all their general education courses and receive their nursing degree in just 15 months.

With the growth and changing needs of higher education, the College broke ground in 2008 for a stand-alone campus located at 3201 Eaton Road, Green Bay, WI. The Higher Learning Commission granted the College approval to offer a Bachelor of Science in Radiologic Sciences (BSRS) and the ability to offer general education courses on campus. The College moved to its new location in 2009, and the name officially changed to Bellin College to signify degrees beyond nursing. In 2009, the College also celebrated its 100th year anniversary.

The Radiologic Sciences program has a long-standing history with Bellin Hospital. The Bellin School of Radiologic Technology was inaugurated in 1957, founded by Dr. Lyle Edelblute to alleviate the critical technologist shortage that existed in the field of x-ray technology. Two students were admitted to the class in 1957. The program was a two-year certificate. The bachelor's program offered a 4-year program of study that provided graduates with additional knowledge and skill in leadership plus 2 of 3 specialties: CAT Scan, MRI, and/or Women's Imaging, which included mammography and DEXA (bone densitometry). The first class graduated in 2013.

In 2011, the Board of Trustees approved to begin offering a Family Nurse Practitioner option at the master level. The first class entered in 2013. In 2015, the first class of family nurse practitioner students graduated.

In 2014, in partnership with Bellin Health, to help meet their need to have an 80% BSN nursing staff by 2020, the College collaborated to create an RN to BSN program. The first class graduated in 2017 and in 2021 the last cohort graduated. The curriculum supported the needs of the working RN. In 2014, additional unfinished space in the Health Sciences Resource Center (HSRC) was completed to enhance the Center to include simulation spaces for labor and delivery, an operating room suite, a multi-faceted space that can be a critical care/pediatric ICU/trauma/recovery room spaces, as well as primary care exam rooms to meet the changing needs of simulation and interprofessional education.

A demand for sonographers was noted, and the College explored offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS). The board approved this option, and in 2016, the Higher Learning Commission granted permission for the College to start this program. It is a three-year program, with students attending year-round to earn their degrees. The Commission on Accreditation of Allied Health Education programs approved the Sonography program in September of 2018. The first class was admitted in the fall of 2016 and graduated in 2019. Additional space was completed in the HSRC area to accommodate a lab and two high-end technology classrooms. The Higher Learning Commission also approved that the college could offer distance education in 2016.

Growth continues for all programs as well as new initiatives. In 2016, the nursing assistant program was offered to a local high school to support the need for more opportunities for students within the healthcare field. The program continues to be a popular option for high school students. The nursing assistant program was initially offered in 1990-1995 but stopped due to low demand for this level of care provider. The College also created a Hands-on Healthcare Initiative to help educate and create excitement around healthcare professions for high school students. The program offers students the opportunity to spend a day at the College, where they get a hands-on opportunity to learn about healthcare. Students rotate through several stations and gain knowledge through hands-on experiences.

In the fall of 2017, this program was expanded by offering a mobile Hands-on Healthcare unit via an ambulance, bringing this experience to students at their school.

In 2017, The Board of Trustees approved the exploration of offering its first terminal degree, a Doctor of Science in Physical Therapy (DScPT). This program helps secure the educational faculty needed for physical therapy education. The program was approved by HLC in August 2018 and continues to graduate highly skilled educators in physical therapy. The College also began the Orthopaedic and Manual Physical Therapy (OMPT) Fellowship program. The fellowship program is now accredited by ACOMPT, which stands for the Accreditation Council on Orthopaedic and Manual Physical Therapy Fellowship Education.

In the fall of 2018, Bellin College began offering all required general education courses for undergraduate programs on campus. Each course is unique and has a healthcare baseline so students can connect the value of their courses to their profession.

In addition to the Diagnostic Medical Sonography (BSDMS) degree, the Diagnostic Cardiac Sonography (DSC) Certificate program was added in the fall of 2019 and offered a 1-year program for sonographers to learn the skill of ECHO (cardiac) scanning. Due to the strong demand in cardiac sonography, in fall of 2021 the BSDMS program added a second concentration in cardiovascular. Students now have the option to pursue a DMS degree in general-vascular which includes abdomen, vascular, and obstetrics or cardiovascular which includes adult echo, pediatric ECHO, and vascular.

As a leader in education and a demand for outstanding cancer care, in the fall of 2020 the College started a 3-year bachelor's program in Radiation Therapy, which was approved by HLC in the spring of 2020. This program admitted ten students who will complete a rigorous curriculum. The first class graduated in 2023 and was approved by the Joint Review Committee of Education in Radiologic Technology (JRCERT) in June of 2023.

In June of 2020, the board approved to convert the 4-year bachelor's degree in radiologic sciences to a 3-year BS program. The ever-increasing demands of healthcare professionals continues. In 2021, the college received approval

for HLC to offer a Doctor of Physical Therapy Program (DPT), a Doctor of Nursing Practice (DNP), which will be an online option, expanding the nurses' knowledge for advanced practice, and a bachelor's degree in Surgical Assisting (BSSA). This degree will be a 3-year degree, offering students significant clinical experiences. The DPT program is an in-person program and unique in that students will have a variety of clinical learning throughout greater Green Bay and beyond.

To accommodate our program growth, the college purchased a secondary location on December 31, 2021, at 2620 Development Drive, a short 10-minute drive from our Eaton Road location. The building was remodeled to accommodate the physical therapy, sonography, and graduate nursing programs, two science labs, five additional classrooms, faculty offices, additional student study spaces, and the Advancement Department.

To expand our reach to high school students, in addition to the college's Hands on Healthcare program, a Healthcare Academy was started in fall of 2022. This program allows high school students to take college level credits throughout their high school years and earn up to 42 credits. The college partners with local high schools for this initiative.

In December of 2022, the Board of Trustees approved the Psychiatric Mental Health Nurse Practitioner program. Degrees will be offered at the MSN and DNP level. Pending Higher Learning Commission approval, a target start date to begin the program is in fall of 2024.

After months of planning, collaboration, relationship building, and learning our parent company, Bellin Health Systems, merged with Gundersen Health System on December 1, 2022. The collective histories of Bellin Health and Gundersen Health System made this a successful process. Over the course of the next year, work will begin to combine operations for the new organization. Per the Board of Trustee bylaws, the name of the corporation is Bellin College, Inc. and Bellin Health System will remain the sole member of the corporation. In April 2024, the system announced their new merger name, Emplify Health. This name change will happen across the system over the next 3-5 years. Bellin College will remain as Bellin College, and the college name will not be impacted by system name change.

The college continues to grow and expand its program offerings to meet healthcare needs. We have partnered with local healthcare entities to provide the best curricular components for our students.

While the first students practiced in a small building that accommodated only 17 patients, the current students have many varied experiences in a variety of hospitals and more than 189 clinical agencies, including acute care facilities, nursing homes, home health, clinics, public health, and a variety of clinic and community settings. Bellin College has provided educational programs for the region since 1909 and has a distinguished history in Northeast Wisconsin. The College has been responsive to the changing trends in education and healthcare as well as the needs of the community and beyond. Bellin College continues to grow and expand program offerings to meet the future needs of the communities it serves.

Accreditation History

Bellin College offers an array of health science related degrees. In 1909, a nursing program was started by Dr. Julius Bellin, Founder of Bellin Hospital. Dr. Bellin wanted qualified nurses to work with him at the bedside. One hundred years later, Bellin College added its second degree and today, continues to grow and expand their program offerings to meet the changing and demanding needs of healthcare. The college is accredited by the Higher Learning Commission and each program has its own specialized programmatic accreditation. This document provides an overview of the accreditation process for each program offered.

Higher Learning Commission (HLC):

The Higher Learning Commission is the regional accreditor. Each time a new program is offered, the accreditation process begins with HLC. The College received initial accreditation for five years from the Higher Commission of Higher Education of the North Central Association of Colleges and Schools (NCA) in March 1989. A self-study and site visit occurred in Spring 1994, which resulted in continued accreditation for ten years. The site visit occurs based on the outcome of the previous visit and the next site visit scheduled for 2003-2004.

In Spring 2004, a site visit occurred for reaffirmation of the Bachelor of Science in Nursing program and a request for authorization to grant a Master of Science degree in Nursing. In

June 2004, the Commission granted ten years of continued accreditation with authorization to grant a Bachelor of Science degree and Master of Science degree in Nursing (2004-2014). In 2014, Higher Learning Commission dropped its affiliation with the North Central Association and is recognized solely as the Higher Learning Commission (HLC).

In September 2008, a focus visit was requested by the College for authorization to offer a Bachelor of Science degree in the Radiologic Sciences (BSRS) and to offer general education courses. Approval was granted in December 2008.

In 2009, HLC visited the campus located at 3201 Eaton Road in Green Bay WI to approve the building and determine that its size and amenities could support the college and future program growth. Approval was granted.

In 2014, HLC reaffirmed accreditation of Bellin College, and all current programs offered through 2024.

In 2015, the College requested a change visit to begin offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS) and distance education courses and programs. The BSDMS is a bachelor's degree with a compressed curriculum offered over three years to meet the staffing needs within the region. The expansion of distance education was evident with the changing needs of higher education. On February 12, 2016, approval was granted for both program requests.

Bellin College continues to expand and meet the needs of the region with additional educational offerings, including the 2018 HLC approved Doctor of Science in Physical Therapy (DSc PT), the first terminal degree offered at Bellin College. In addition, Bellin College also offered all the general education courses for all undergraduate degrees starting in fall 2018.

NURSING ACCREDITATION HISTORY

Wisconsin Board of Nursing:

The Wisconsin State Board of Nursing granted Bellin College initial approval to implement a baccalaureate program in nursing in April of 1984. The College submitted a comprehensive evaluation of the program to the Board of Nursing, and full approval was granted in February 1989 and continues today.

Specialized Nursing Program Accreditation:

An accreditation visit by the Council for Baccalaureate and Higher Degree Programs of the National League for Nursing occurred in April 1989. Accreditation for a period of eight years was received in October 1989. A four-year progress report was submitted in August 1993. A self-study and site visit again occurred in April of 1997. In July 1997, the National League for Nursing Accrediting Commission (NLNAC) granted continued accreditation for eight years (1997-2005).

In 2002, a decision was made to pursue accreditation with the Commission for Collegiate Nursing Education (CCNE) accreditation, which is

associated with the American Association of Colleges of Nursing (AACN). This accreditation review was completed in Spring 2003, and in October 2003, the College was awarded the initial, five-year accreditation (2003-2008). A CCNE visit was held in 2008, with the maximum ten years of accreditation received (2008-2018).

In May 2002, a needs assessment, conducted by an independent marketing research firm, identified a significant need for graduate nursing education in the region. As a result, Bellin College Board of Trustees approved plans to proceed with a graduate program in November 2002. By July 2003, a decision was made to move forward to establish a master's degree in nursing (MSN) with an administrator and an educator track. The emphasis in both programs was on nursing leadership.

The graduate program enrolled its first students in September 2004. An accreditation review by the CCNE occurred in February 2006 and in October 2006, and the College was awarded the five-year accreditation (2006-2011). The first MSN class graduated in 2007. In October 2008, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2008-2018). The Commission for Collegiate Nursing Education returned in 2018 for a comprehensive visit.

In Spring 2011, the Bellin College Board of Trustees approved a Family Nurse Practitioner Track. A substantive change was submitted to CCNE, and in the fall of 2011 approval was granted. The first cohort of students entered in Fall 2012. In May 2015, the first class graduated from the Family Nurse Practitioner Track.

In the spring of 2018, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2018-2028).

With the change to nursing education to offer a Doctor of Nursing Practice (DNP), the college Board of Trustees approved the program on May 14, 2020. Work began to seek HLC approval which was granted on March 12, 2021. CCNE visited the college for the DNP program on February 22-24, 2023 and in fall of 2023, accreditation was approved for 5 years with the next onsite evaluation occurring in spring of 2028.

On December 8, 2022, the Board of Trustees an additional graduate level nursing program, the

Psychiatric-Mental Health Nurse Practitioner Program. The program was approved by HLC in October 2023. The substantive change report for CCNE, nursing accreditation, is in process.

MEDICAL IMAGING ACCREDITATION HISTORY

Joint Review Committee of Education in Radiologic Sciences (JRCERT):

The School of Radiologic Sciences was a two-year certificate program offered through Bellin Health System. In 1988, the program was granted full accreditation by the Joint Review Committee of Education in Radiologic Sciences (JRCERT). Subsequently, the program is the result of a Transfer of Sponsorship from Bellin Health System to Bellin College in March of 2011. The new program design changed the previous terminal credential from a two-year certificate program to a 48-month Bachelor of Science in Radiologic Sciences (BSRS) program at Bellin College. Statewide surveys were conducted to assess the need for the bachelor's program. Results demonstrated high interest among the employer and technology communities.

In August 2015, JRCERT awarded the maximum 8-year accreditation to the Bachelor of Science degree in Radiologic Sciences (2015-2023). JRCERT reviewed the Bachelor of Science degree in Radiologic Sciences on April 27-28, 2023 and was approved for five years.

JRCERT reviewed the Radiation Therapy Program (BSRT) for initial accreditation in April 2023. In July 2023, the BSRT program was granted the maximum years of accreditation allowed as a new program, which was three years. A comprehensive visit will happen in 2026.

Commission on Accreditation of Allied Health Education Programs (CAAHEP):

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) is a programmatic postsecondary accrediting agency recognized by the Council for Higher Education Accreditation (CHEA). CAAHEP carries out its accrediting activities in cooperation with 25 review Committees on Accreditation and approved the Sonography program in September 2018.

The sonography program had a visit from CAAHEP on August 21-22, 2023 for review of the current vascular, abdominal, and obstetrics/gynecology program and initial accreditation for

Pediatric cardiac program. The adult cardiac program received initial accreditation in March 2022. On January 18, 2024, notification was received for continued accreditation for vascular, abdominal, and obstetrics/gynecology program and initial accreditation for pediatric cardiac program through 2029 and adult cardiac through 2027.

On January 29-30, 2024, CAAHEP reviewed the Surgical Assisting program. Results are pending and will be announced in fall 2024.

PHYSICAL THERAPY PROGRAMS

Doctor of Science in Physical Therapy (DScPT) and Orthopedic Manual Physical Therapy (OMPT):

The American Board of Physical Therapy Residency and Fellowship Education (ABPTRFE) initially approved the Orthopaedic Manual Physical Therapy (OMPT) fellowship program in 2018. The Accreditation Council on Orthopaedic and Manual Physical Therapy Fellowship Education (ACOMPTE) approved the OMPT fellowship program in 2019. The next visit is scheduled in 2024.

The OMPT program was reviewed by the Accreditation Council on Orthopaedic Manual Physical Therapy Education (ACOMPTE). The visit was held virtually on February 29-March 1, 2024. Results are pending and will be announced in fall 2024.

Doctor of Physical Therapy (DPT):

Graduation from a physical therapist education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; phone; 703-706-3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states.

Effective July 19, 2022, the Bellin College DPT Program has been granted Candidate for Accreditation status by the Commission on Accreditation in Physical Therapy Education (3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; phone: 703-706-3245; email: accreditation@apta.org). If needing to contact the program/institution directly, please call 920-433-6699 or email physicaltherapy@bellincollege.edu.

Candidate for Accreditation is an accreditation status of affiliation with the Commission on Accreditation in Physical Therapy Education that indicates the program may matriculate students in technical/professional courses. Achievement of Candidate for Accreditation status does not assure that the program will be granted Initial Accreditation.

CAPTE considers complaints about programs that are accredited or are seeking accreditation. Further information may be found at <https://www.capteonline.org/faculty-and-program-resources/complaints>. To obtain the materials necessary for submitting a complaint, contact the APTA Accreditation Department at 703-706-3245 or accreditation@apta.org.

Digital Signs

Digital signs are located on both the Resch and Mike Van Asten locations, and are maintained by the Bellin College Marketing department. The digital sign outside of the Center for Academic Success, Teaching, and Learning Excellence (CASTLE) at the Resch location is maintained by the CASTLE.

- All digital ads will be designed by the Marketing office.
- No more than 7 to 10 slides will run at a time.
- Student-requested slides must be sponsored by a recognized Bellin College student organization or department and must promote a specific College function, program, service, or event. Marketing may add additional slides of their choosing to use as filler when space permits.
- Slides will be published on the digital signs approximately two weeks prior to the event, fundraiser, notice etc. and will continue to run for the duration of the event, deadline of notice etc. If an event requires participants to sign up in advance, then the slide may start sooner than two weeks prior if space permits. If a notice, activity, or fundraiser is in effect throughout the year, then the slide will be displayed as space permits throughout the year.
- Advertising questions and requests should be directed to the Marketing department.

Emergency Procedures

Bellin College is equipped with emergency phones and call buttons at the Resch location. The emergency phones in the parking lots, identified by their blue lights, call 911 emergency services. There are also emergency call buttons located in the Resch location wellness center. Pressing these buttons will access 911 emergency services immediately.

The College has automated external defibrillators (AEDs) located at the front desks at both campuses.

During an emergency or drill, all students and employees should be prepared to vacate the buildings. Students should familiarize themselves with the Bellin College campus emergency evacuation plans posted throughout the buildings. If the circumstances require an evacuation, gathering points have been established for both locations. For the Resch location it is the Bellin Clinic, 3263 Eaton Road; for the Michael Van Asten location it is the Holiday Inn Express, 1663 Hoffman Road. Students and employees can shelter at these locations if needed.

Students are encouraged to monitor, at a minimum, the College website, their student email, and personal cell phone for information in the event of a campus emergency. The text service utilizes phone numbers from student records, thus automatically enrolling all students upon college registration. Students may opt out of the service, realizing text messages are a primary means to deliver weather cancellations, Timely Warnings, and Emergency Notifications required by the Clery Act.

Various methods will be used to notify some or all segments of the campus community or greater public population. Notification will occur by any of the following means, or others, which may be necessary given the variables present in the emergency while weighing the intended target of the message:

- Public address announcements in the College buildings
- Text messages utilizing "BC Text Alerts"
- Bellin College Buzz app
- Social media posts
- Emails
- Telephone
- Video/TV display boards
- Bulletin boards

- Bulletins posted on building entrances and exits

Student Off-Campus Event

Students participating in off-campus student hosted events represent Bellin College. This representation of the College may reflect both positively and negatively on the image of the institution as well as the organization.

While individual students enjoy freedom off-campus, they or their organization must realize when functioning under the College name, they are seen by others as Bellin College

representatives. There must also be an understanding that the individual represents the organization or group running the event, and the organization or group needs to be responsible for the individuals. This extends to alumni participation at events. All college policies and procedures, Student Behaviors, handbook rules, etc. must be followed at all events on and off campus.

To learn more about the policy, procedure and reporting structure please visit our website. www.bellincollege.edu/campus-life/student-services/student-organizations

Student Lounge

The student lounge area is located adjacent to the atrium on the first floor of the College. The Student Lounge and conference room is open during the hours that the Resch location is open for student use. In this space, there are board games, yard games, and other activities for students to use.

Work-Study Employment Guidelines

Students employed under the federal work-study program are governed by its policies. Work-study employment is coordinated through Bellin College in collaboration with the Bellin Health Human Resource Department. Students may also seek non-work-study positions. As such, they are governed by the employment policies of the employer.

The College does not control the employment of students (with the exception of work-study students) however, it does hold certain beliefs. The faculty recognizes that successful achievement in the program can be jeopardized by work schedules that do not permit adequate study and relaxation time. They will, therefore, provide individual counseling when they believe employment is adversely affecting the health and/or achievement of any student.

Bellin College courses completed while in non-degree seeking status may satisfy degree requirements, should the student eventually enroll as a degree seeking student.

Availability of courses each semester can be obtained from the Registrar's office. Enrollment in any course is on a space-available basis and may require faculty permission. NDS students do not complete their own registration, the process is completed by the Registrar's office.

Information Technology – Electronic Mail Policy

Electronic Mail (email) is a tool provided by Bellin College to complement traditional methods of communications and to improve academic and administrative efficiency. Users have the responsibility to use this resource in an efficient, effective, ethical, and lawful manner. Use of the College email system implies consent to all College IT policies and practices. Violations of the policy may result in restriction of access to the College email system and/or other appropriate disciplinary action.

Senior students who graduate will have their Bellin College email account transitioned to an alumni email account two weeks after graduation. Instructions will be sent prior to the transition.

Scope

This policy applies to all users of Bellin College technology resources. A "user" is defined as any individual who logs into, uses, or attempts to log into or use a College system; or any individual

who connects to, or attempts to connect to or traverse the College network, whether by hardware or software or both, whether on campus or from a remote location.

Policy

The Bellin College Microsoft Exchange email system is the only recognized email system used to communicate between faculty, staff, and students. This is necessary to ensure the delivery and receipt of official communications. Email messages regarding College matters sent from an administrative office, faculty or staff member to students is considered to be an official notice and should be treated as such by the student.

Acceptable Use

Reference the Acceptable Use Policy for guidance on acceptable use, inappropriate use, and user responsibilities. Users must exercise caution when forwarding messages, either internally or externally. Sensitive information - such as social security numbers, addresses, age, gender, etc. - must not be forwarded to any party outside of the College without the prior knowledge or approval of that individual.

User Responsibility

Users are expected to read email on a regular basis and manage their accounts appropriately.

Sharing passwords is strictly prohibited. Each user is responsible their account, including safeguarding access to the account. All email originating from an account is deemed to be authored by the account owner and it is the responsibility of that owner to ensure compliance with these guidelines.

Privacy

Bellin College will make every attempt to keep email messages secure; however, privacy is not guaranteed, and users should have no general expectation of privacy in email messages sent through the College system. Users must be aware that email can, depending on the technology, be forwarded, intercepted, printed, and stored by others. Email that is not encrypted can be viewed by people other than the intended recipient, while it is in transit or on mail servers. Because messages can be stored in

backup systems, email may be retrievable when a traditional paper letter would have been discarded or destroyed.

Email Etiquette

When using email as an official means of communication, users should apply the same professionalism, discretion, and standards that they would use in written business communication. Furthermore, users should not communicate anything via email they would not be prepared to say publicly. The following practices should be followed when using email.

- Use a meaningful subject line when sending a message.
- Be concise.
- Use proper spelling, grammar, and punctuation.
- Avoid abbreviations that the reader may not be familiar with.
- Do not attach unnecessary files.
- Use proper layout and structure.
- Do not overuse the high priority option.
- Use upper and lower-case letters in your message. Messages typed in all upper case give the impression of shouting.
- Be selective about recipients. Use of distribution lists or 'reply all' features should be carefully considered and only used when necessary.
- Read the email before sending.
- Only use delivery and read receipts when necessary.

System Monitoring

Bellin College collects statistical data about its email systems consistent with generally accepted business practices. The College monitors the use of email to ensure the ongoing availability, reliability, and security of the system. The College may employ, at any time, tools to analyze statistical information to detect unauthorized usage, denial of service attacks, capacity planning and network problems. Under certain circumstances, it may be necessary for the IT staff or other appropriate College officials to access email files to maintain the system, to investigate security abuse incidents, and violations of this or other College policies. Such access will be on an as-needed basis and any email accessed will only be disclosed to those individuals.

Mailbox Size Limits

The Outlook mailbox quota is set at 2GB for all users, this includes the messages in your inbox, sent items and deleted items. The College has the right to restrict the amount of user space on the email server as necessary and to revise the size restrictions, as necessary.

Records Retention

Individuals are responsible for saving email messages as they deem appropriate. Messages are automatically purged from folders in order to save storage space. Automatic purge amounts are as follows:

- Sent - 365 days
- Deleted Items - 90 days
- Junk - 30 days

Inbox items are not automatically deleted. Individual users are responsible for deleting unneeded email in order to stay within their mailbox quota.

Email Size Limits

A 100-megabyte size restriction for all email is enforced whether being sent or received. This is necessary to preserve network bandwidth and mailbox storage resources.

Email Signature

Email signatures indicating name, job title, address, contact info and other particulars are strongly recommended for all email messages whether sent to internal or external receivers.

Data Backup

The email system is backed up on a nightly basis and stored for 30 days.

SPAM and Virus Protection

Bellin College utilizes SPAM filtering and anti-virus software. Virus-infected email often appears to be sent from a friend or coworker and will contain an attachment. This attachment is the virus carrier and, by opening the attachment, the virus code is executed. Attachments should be opened only when you are sure of the sender and message.

IT Services will make every effort to prevent these types of messages from entering our system. Contact the Helpdesk if any doubts exist; helpdesk@bellinCollege.edu; (920) 433-6666.

Information Technology – Online Proctoring

If a Bellin College course requires a student to take a test or quiz online, some or all features of an online proctoring tool may be required by the instructor for the exam to proceed. This may require the student to use an online proctoring tool on their personal computer, as well as allow the online proctoring tool access to that computer's webcam and microphone for the duration of the exam. Students may also be required to provide proof of identity prior to taking the online exam. Any confidential student information, including audio or video captured by the tool will be used exclusively for verifying the academic integrity of the online test, and will not be shared with any organization outside Bellin College and the online proctoring tool except with written permission from the student.

Information Technology – Online Verification

All coursework submitted (be it online, in person or by mail) must be an original representation of the student's work. The student who registers for Bellin College courses must be the same person who participates in, completes, and receives the academic credit. Any violation will be subject to the academic misconduct policies.

Information Technology – Student Technology Requirements

All Bellin College students are required to have access to their own PC (running Windows 8 or higher, or MacOSX 10.11 or higher), high speed internet, a webcam, and microphone for online coursework. It is recommended this computer be a notebook or tablet device which can be used on campus as well as at home. Chromebooks and Netbooks are not guaranteed to work with all Bellin College software.

Writing Resources – APA Style

The American Psychological Association style (APA) is the common method of documentation for the college, unless otherwise indicated. The APA Style provides basic guidelines about preparing papers for submission. APA Style also uses parenthetical citation within the text to

identify source material and uses a reference list at the end of the work to give detailed information about sources cited in the paper.

The APA Publication Manual is the required text utilized by Bellin College. The current edition of this Manual is available in designated College resource areas and the library. Refer to the applicable textbook and supply lists or appropriate course syllabus for classes that may require the APA Manual.

The APA Manual provides examples of reference citations and answers to frequently asked questions. Students are to submit papers using APA Style. Paper submission format (electronic, hard copy, single-sided, double-sided) will be at the discretion of the course faculty and will be published in the paper/project guidelines or course syllabi.

Students are encouraged to consult with the faculty for clarifications or seek assistance from the Center for Academic Success, Teaching, and Learning Excellence (CASTLE).

Student Services and College Policies

Accommodations Services

Bellin College complies with the Americans with Disabilities Act (ADA) to provide all students with appropriate and reasonable accommodations for those with documented disabilities. If students anticipate requiring any auxiliary aids or services, they should contact accommodation services in student affairs at accommodations@bellincollege.edu.

Accommodations for disabilities are determined as a result of self-disclosure by the student. The primary objective of accommodation services at Bellin College is to encourage and facilitate students' self-advocacy. Self-advocacy entails empowering students to effectively communicate relevant information regarding physical, emotional, sensory, or learning challenges to student affairs at accommodations@bellincollege.edu. The aim is to ensure accessibility to the diverse range of education, programs, and services available at Bellin College. The accommodations process is completed confidentially with student affairs.

Students must renew their accommodations each academic year by completing the appropriate documentation and sending it to accommodation services in student affairs at accommodations@bellincollege.edu. The exception is students in the BSN 15-month program.

The college's Student Accommodation Policy and associated forms may be accessed in full on the college's website at <https://www.bellincollege.edu/campus-life/student-services/support-services/accommodation-services/>.

Bereavement Policy

Bellin College is a close-knit, caring community committed to student success. In the event that a student experiences the death of a loved one during the course of an academic term, the student may request to utilize the Bereavement Policy for Students. Bellin College recognizes the impact that a loss may have on the emotional and academic well-being of a student and wishes to support the student during this stressful time. Bellin College also understands that grief impacts every student differently and, therefore, this policy is not an attempt to quantify the impact of the death of a loved one or in any way address the nature of the grief process. Rather, the purpose of this policy is to provide a formal process to allow grieving students access to bereavement services, as well as the opportunity to be available for their families/loved ones during times of death and grief.

Under this policy, a student will be excused from class for funeral leave, subsequent bereavement, and/or travel considerations. While this policy excuses a student from class attendance, the student remains responsible for all material covered in class and must work with each individual professor upon return to complete any required work.

Typically, the student bereavement policy involves that of an immediate family member as defined below; however, it is up to the discretion of the student affairs office and other applicable college personnel to determine if a death outside of the immediate family warrants implementation of the student bereavement policy:

The immediate family includes:

- Parent(s) or legal guardian(s)
- Siblings

Disclaimer: The College reserves the right to review specific situations to determine if exceptions to the established bereavement policy are warranted.

Procedure:

The standard bereavement policy suggests three days of leave, but the actual amount will vary based on the relationship with the deceased, religious, or cultural beliefs, and coursework/clinical hours. A student who wishes to take time off due to the death of a loved one must notify the Student Affairs Office who will communicate with the Program Director to create approved arrangements for coursework or clinical that will be missed.

Steps For Student:

1. The student must notify the Student Affairs Office prior to the start of the bereavement leave at campuslife@bellincollege.edu
2. A representative from student affairs will notify the necessary and appropriate on-campus offices (faculty, academic advisor, program director, dean, etc.) of a student's bereavement leave and anticipated return date.
3. The student is required to provide appropriate documentation to the Student Affairs Office at campuslife@bellincollege.edu.
 1. Acceptable documents may include: a funeral program, obituary, signed letter from funeral home, notice of death, or death certificate. Failure to provide documentation will result in the absences being considered unexcused.
4. Upon return to the institution, it is the responsibility of the student to communicate with their instructors about any missed assignments and arrange to complete missed work.

5. If an instructor fails to follow this policy, the student may appeal the instructor's decision in writing to the director of student affairs under the general grievance procedures.

Bias Incident Reporting

In order to flourish in an educational and work environment, all members of a college campus must feel safe and respected as equally valued members of the community. At Bellin College we support the freedom for all to express their points of view and the open exchange of ideas. This is true even in situations where those points of view may run counter or potentially be inflammatory to some. However, freedom of expression does not give permission for anyone to engage in speech or behavior that is rooted in intentional displays of hate or to act on their biases in ways that intimidate or threaten the safety of other individuals. A bias incident is defined in the policy as "behavior that is hostile, harassing, intimidating or discriminatory and is based on actual or perceived race, color, religion, ethnicity, national origin, sexual orientation, gender, gender identity, disability or other difference."

The actions of undergraduate and graduate/ students are expected to be consistent with the standards of conduct, core values, and student foundational behaviors. Bias incidents affect the well-being and success of campus community members and contradict the professed values of Bellin College; thus, the college has the responsibility to be proactive in preventing and being prepared to address the full range of bias incidents.

To be considered a bias incident, the act is not required to be a crime under any federal, state or local statutes. Colleges and universities may handle bias incidents through grievance procedures, such as the student conduct process, or through educational programs to enhance awareness and enable prevention of such acts.

The Vice President of Student Affairs, Enrollment, and Belonging (or designee) will be in contact with the student who has been accused of the bias incident within five business days of the report.

Hate Crimes

A hate crime is any bias incident that involves a crime of violence, property damage or threat. According to deferral and Wisconsin laws, that can include:

- Written graffiti on the side of a student's car.
- A social media post threatening to assault a specific individual because of their membership in a protected category.

While the majority of reported instances of bias-related actions on college campuses may best fit the definition of a noncriminal bias incident, hate crimes do happen on college and university campuses and must be reported to meet Clery Act requirements.

All bias incident reports are considered confidential. All parties, students, and employees are required to exercise confidentiality and privacy in relation to all verbal and written communications.

Reporting Options

If you have experienced or witnessed a bias incident, there are several ways to submit a report:

Students can use the [online report form](#) that is available. Once the form is completed and submitted, the Vice President of Student Affairs, Enrollment, and Belonging or designee will follow up.

Students may submit a phone report by calling the Vice President of Student Affairs, Enrollment, and Belonging by calling 920-433-6656 during business hours. If one decided to leave a message, a call will be returned at the earliest possible time during the next business day.

An in-person report can be made by scheduling a meeting with the Vice President of Student Affairs, Enrollment, and Belonging or the Chief Academic Officer.

Why Should I Report

While bias incidents sometimes target specific individuals, they often violate an entire group or community. Graffiti on the wall, defaced fliers, anonymous emails, and slurs or language meant to harass individuals convey a message of intolerance. By reporting such incidents, you

help the college community to maintain a positive learning, living, and working environment.

Family Educational Rights and Privacy Act (FERPA)

Bellin College complies with the Family Education Rights and Privacy Act (FERPA). Once enrolled, all students have a right to inspect and review most of the educational records maintained about them by Bellin College under FERPA of 1974 (as amended). Under most circumstances, no identifiable data (non-directory) will be released to a third party without the written consent of the student. Students may challenge information in their records which they believe to be inaccurate, misleading, or inappropriate and request a revision.

The College implements all provisions of FERPA as amended. For purposes of general records accountability, a file system has been established for all student records under the supervision of the Registrar. The FERPA record release exceptions:

- Release of directory information. (Please see below for what is considered directory information.)
- Instances when state or federal agencies request information essential to fulfill legal requirements for accreditation.
- Requests from agencies or organizations from which students have received financial aid.
- Requests in accordance with a lawful subpoena or court order.

- Requests from College officials with legitimate educational interests. (Please see below for the definition of a College official.)

A College official is defined as a person employed by the College in an administrative, supervisory, academic, research or support staff position, law enforcement and health staff, a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another College official in performing his or her tasks.

Bellin College has defined the following as directory information:

- Name
- Address
- Email address
- Cell phone number
- Date of birth
- Confidential recommendations to which the student has in their records prior to January 1, 1975
- Dates of attendance, year in college and enrollment status
- Academic honors
- Previous institutions attended.
- Participation in recognized activities
- Photograph

Please note: Students complete the FERPA disclosure permission forms as part of the orientation process. Forms are also kept in the One Stop Shop for any students who wish to update disclosure permissions. A new form must be completed by the student to change access permission to the student's record. Students should be aware that placing a FERPA hold on all records includes limiting the College's ability to provide a reference or verify enrollment or degree information. Students can select the transparency of the specific information visible within our student information system

Students can request access to records, documents and other materials directly related to them by appointment with the Registrar or the Chief Academic Officer.

Students may not have access to:

- Personal information of College employees.
- Employment records.

- Medical, psychiatric, or similar records used solely for treatment purposes and available only to recognized professionals in connection with such treatment. Students would be able to have such records inspected by a doctor or appropriate professional of their choice.
- The financial records of their parents used for financial aid purposes.
- Confidential letters and statements of recommendations placed in their records prior to January 1, 1975, and/or confidential recommendations to which the student has given prior written waiver of access and which are used for job placement, admissions, or award purposes.
- Admission records accumulated prior to enrollment.

Disclosure to Parents

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

- Schools may disclose education records to parents if the student is a dependent for income tax purposes.
- Schools may inform parents if their son or daughter is involved in a health or safety emergency.
- Schools may inform parents if a student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance.

Student and Exchange Visitor Information System

FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of Student and Exchange Visitor Information System (SEVIS).

Family Educational Rights and Privacy Act – Procedure for Review of Records

If a student wants to review his or her files, he or she should:

- Submit a written request to the Registrar, identifying the records they wish to inspect. Although FERPA allows the College to act on the request within 45 days of the day they receive a request for access, Bellin College will usually be able to make arrangements within 10 business days. The Registrar will notify the student when and where the records may be inspected.
- Allow a College official (Registrar or Chief Academic Officer) to be present when the record is reviewed.
- Sign a required waiver of College responsibility for further confidentiality if copies of any information are made and given to the student.

Students have the right to seek changes to the information contained in their education records if they believe it is inaccurate or misleading. Academic or clinical grades given in individual units and/or courses are an exception. Students should write to the College official responsible for the record. In the communication, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The student has the right to file a complaint with the U.S. Department of Education concerning alleged failure by Bellin College to comply with the department requirements of FERPA. The name and address of the office that administers FERPA is:

U.S. Department of Education
 Student Privacy Policy Office
 400 Maryland Ave, SW
 Washington, DC 20202-8520

A high priority is placed on protecting and managing data in accordance with accepted industry standards. Bellin College will work closely with students and educational partners to meet the above stated obligations. The information technology and Student Services departments are committed to ensuring a secure data environment for all data subjects. Bellin College will monitor and assess risk factors regarding data protection and the usage of data and make changes, as necessary.

Graduation

Graduation dates are established as the last day of the semester session or the date of Commencement. Students have three possible graduation dates: May, October, and December.

Undergraduate students who have six or fewer credits to complete at the conclusion of the spring semester may participate in the commencement ceremony, but they are expected to complete those credits the summer immediately following the ceremony.

Bellin College's standard transcribed graduation dates are May, October, and December. Commencement ceremonies are held in May, October (15-Month option only) and December. An August graduation date may be allowed if

students have special/extenuating circumstances that require they take summer courses. These cases must be reviewed and approved by the appropriate Dean and Program Director.

An intent to graduate form must be completed by all seniors and graduate students prior to graduation. Upon receipt of the form, the Registrar's office performs a degree audit to verify that all requirements for graduation have been met. The due date will be communicated, but students must submit this form in the semester prior to their last semester of study. Forms can also be obtained via the website or from the Student Services One Stop Shop office.

Title IX Policy Statement and Form

Bellin College is committed to maintaining a living, working, and educational environment free from sexual harassment, sexual violence, and sexual discrimination. It is the policy of Bellin College to comply with Title IX. Title IX of the Education Amendments of 1972 is a federal civil rights law that prohibits discrimination on the basis of sex in federally funded educational programs and activities. Title IX prohibits sex discrimination in all College programs and

activities including, but not limited to recruiting, admissions, financial aid, academic programs, student services, counseling, discipline, roster assignment, grading, and employment.

To fill out a Title IX Complaint please fill out the [Title IX Complaint Form](https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/title-ix-complaint-form/) available on the college website (<https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/title-ix-complaint-form/>) or print the form provided below to fill out a paper copy.

SCOPE:

This policy applies to all College community members. Vendors, independent contractors, and other outside parties who conduct business with the College through affiliation and other agreements will be expected to comply with this policy as well, as specified by the terms of any contract or agreement between the College and such third party.

PURPOSE:

Bellin College believes that each individual should be treated with respect and dignity and that any form of sexual harassment and/or discrimination based on sex is a violation of human dignity. Students, faculty, and staff have the right to work and learn free of sexual harassment and discrimination. The College maintains a “zero-tolerance” for misconduct based on sex and will take all reasonable efforts to prevent and promptly correct instances of Title IX violations. Additionally, students, faculty, and staff have the right to a structured process for resolution of their concerns.

Bellin College's purpose is:

- To communicate the mechanisms for investigating complaints in a manner that reasonably protects the privacy of individuals involved in situations of alleged sexual harassment, including sexual violence and/or discrimination based on sex.
- To ensure the provision of equal employment and educational opportunities to faculty, staff, students and applicants for such opportunities without regard to race, ethnicity, religion, sex, marital status, national origin, age, disability, gender identity, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes.

- To protect all those involved who report or provide information related to Title IX violations from retaliation of any kind.
- To set forth guidance for preventing sexual harassment, including sexual violence and/or discrimination based on sex.
- To take timely action when sexual misconduct is alleged to have occurred.
- To establish a consistent process for resolving complaints of Title IX violations in a fair and just manner.

“Sex” for Title IX purposes includes biological or anatomical factors; actual or perceived gender; and actual or perceived sexual orientation. Sexual discrimination includes acts of sexual harassment. The US Departments of Education and Justice define sexual harassment as misconduct on the basis of sex that satisfies one or more of the following conditions: Unwelcome conduct that a reasonable person would determine to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the school's education program or activity; sexual assault, as defined in the Clery Act, or dating violence, domestic violence or stalking as defined in the Violence Against Women Act (VAWA); a school employee conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo). Only one of the three conditions listed must be met for the conduct to be considered sexual harassment.

The federal Violence Against Women Act (VAWA) amendments and accompanying regulations clarify the duties of colleges to investigate and respond to reports of sexual assault, stalking, and dating and domestic violence, and to publish policies and procedures related to the handling of these cases. Under VAWA, colleges and universities also must provide training to the campus communities on sexual misconduct. Compliance with VAWA is a condition for colleges, like Bellin, that participate in the federal student aid program, and is administered by the Department of Education's Federal Student Aid Office. New VAWA regulations were published by the U.S. Department of Education in October 2014 and became effective July 1, 2015.

Students, staff, and faculty who become aware of conduct that might violate these policies are urged to promptly report the conduct. When the sexual harassment creates a hostile environment, the College must address the issue. The US Departments of Education and Justice define

hostile environment as an occurrence where “a student is sexually harassed and the harassing conduct is sufficiently serious to deny or limit the student’s ability to participate in or benefit from the program”.

The US Department of Education defines sexual violence as “physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent, for example, due to the use of drugs or alcohol; or disability preventing a student from having the capacity to give consent”. Sexual violence includes rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by school employees, other students, or third parties (US Dept. of Ed. Office for Civil Rights, 2014).

Title IX prohibits retaliation against people for making or participating in complaints of sexual harassment, sexual discrimination and/or sexual violence. Bellin College prohibits retaliation against anyone for making a complaint, for assisting someone else in making such a complaint, or for participating in an investigation.

Vendors, independent contractors, and other outside parties who conduct business with the College through affiliation and other agreements will be expected to comply with this policy as well, as specified by the terms of any contract or agreement between the College and such third party.

Bellin College has designated a Title IX Coordinator, two Deputy Title IX Coordinators and a Title IX Advocate who will address complaints of Title IX violations.

POLICY:

Title IX is a federal civil rights law passed as part of the Education Amendments of 1972. This law protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. Title IX states that: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” Bellin College is only responsible for responding to conduct that occurs within its education program or activity. This policy does not apply to off-campus, private settings, which are not an education program or activity of Bellin College.

The policy and grievance procedures do not apply to college community members outside of the United States.

Title IX applies to any institution receiving federal financial assistance from the Department of Education, including state and local educational agencies. Educational programs and activities that receive federal funds from the Department of Education must operate in a nondiscriminatory manner. Also, a recipient may not retaliate against any person for opposing an unlawful educational practice or policy, or because a person made charges, testified, or participated in any complaint action under Title IX.

The Title IX Final Regulations have been released on May 6, 2020. Bellin College continues to have a responsibility under Title IX to protect students' rights to equal education in an environment free from sexual harassment and discrimination based on sex. Relative to the latest guidance and regulations, Bellin College has implemented the processes needed to achieve compliance with regulations issued by the Department of Education.

Bellin College's policies and procedures are intended to afford a prompt response to reports of sexual misconduct, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of College policy. Bellin College promptly and thoroughly investigates and resolves complaints alleging sexual harassment, including sexual violence, and/or sexual discrimination. Bellin College offers resources and support to all College community members experiencing concerns. We encourage you to make us aware of these concerns so that we can offer support and resources to you and/or those involved.

It is the policy of the College to provide equal employment and educational opportunities to students, faculty, staff, and applicants without regard to race, color, religion, sex, marital status, national origin, age, disability, gender identity, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes. In addition, it is the policy of the College to comply with applicable state statutes and local ordinances governing nondiscrimination in employment and educational activities.

Acts of sexual harassment, sexual violence and/or discrimination based on sex are considered serious violations of this College policy. Because of the seriousness of these actions, the full range of institutional sanctions, including probation, termination, suspension, and dismissal may be imposed.

A College community member who believes themselves to be victim of sexual misconduct is encouraged to report the information in writing to the Title IX Coordinator. The College requires all Bellin College employees who receive information about sexual misconduct involving any college student, faculty, or staff member to report the incident to the Title IX Coordinator. The only exceptions for this are the individuals who provide confidential help, as listed below.

All student workers are considered mandatory reporters WHEN ON THE CLOCK. If a student worker becomes aware of information or an incident of sex discrimination/misconduct while acting in the capacity of their employment, a report must be made.

The College will broadly disseminate this policy and distribute a list of resources available to respond to concerns of sexual harassment, sexual violence and/or sexual discrimination. Additionally, students and employees will participate in appropriate educational programs on Title IX as a federal law, prevention, and violations of Title IX.

Additionally, this policy applies to all terms and conditions of employment including, but not limited to, hiring, placement, benefits, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.

EMPLOYEE REPORTING PROCESS:

When an employee receives information that could constitute sex discrimination under Title IX the employee is required to report this information to the Title IX Coordinator within a reasonable timeframe. If an employee is confidential help the employee is required to give the information regarding the incident without identifying the name of the student and or employee.

Location:

Under the Title IX regulations colleges have specific responsibilities regarding the locations where they are required to address and manage incidents of sex-based discrimination, harassment, and assault. These responsibilities include:

1. **Campus Locations:** Bellin College must address incidents that occur on campus, including academic buildings and other campus facilities.
2. **Off-Campus Locations:** Bellin College is also responsible for addressing incidents that occur in off-campus locations if these locations are related to the college's programs or activities. This includes off-campus study abroad programs, internships, clinicals, and other off-campus events or locations tied to the institution.
3. **Online Environments:** Bellin College must address incidents that occur in online environments if they are connected to the institution's programs or activities. This includes online classes, official online platforms such as the BC Buzz, and social media interactions related to the college.
4. **Third-Party Programs:** If Bellin College has substantial control over third-party programs or activities, it is responsible for addressing incidents within those contexts. This includes programs or events sponsored by the college but hosted by external organizations.
5. **Employment Contexts:** Bellin College is required to address incidents involving their employees, including faculty and staff, if the incident impacts the educational environment or involves sex-based discrimination or harassment in the employment context.

These regulations aim to ensure that the College provides a safe and non-discriminatory environment for all students, regardless of where incidents occur, as long as they are connected to the institution's educational programs or activities.

Violence by a person who is or has been in a social relationship of a romantic or intimate nature (serious, casual, monogamous, or not, short, or long-term) with the victim.

Decision-Maker(s): The decision-maker(s) conduct and adjudicate the grievance proceedings involving Title IX through a live hearing. This individual(s) evaluates the evidence, decides whether evidence is relevant and who reaches conclusions about whether the respondent is responsible for the alleged sexual harassment. Decision-maker(s) also determine whether remedies will be provided to complainants, and appropriate disciplinary sanctions for respondents, if any. After the proceedings, the decision-maker(s) issue written determinations regarding responsibility with findings of fact, conclusions, and rationale for the result. When an appeal occurs, a different decision-maker(s) will decide the appeal.

Decision-maker(s) can be a single individual or a panel of individuals, an outside contractor, or a consortium with no bias or conflict of interest who have appropriate and sufficient training to conduct the proceedings. The decision-maker(s) cannot be the Title IX coordinator or the same investigator(s) who worked the case.

Discrimination: Any distinction, preference, advantage for or detriment to an individual

compared to others that is based upon an individual's actual or perceived race, color, religion, sex, marital status, national origin, age, disability, gender identity, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes. The conduct must be so egregious as to alter the conditions of the individual's employment or educational experience.

Discriminatory Harassment: Detrimental action based on an individual's actual or perceived race, color, religion, sex, marital status, national origin, age, disability, citizenship, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes that is so severe, persistent or pervasive that it unreasonably interferes with or limits an individual's ability to participate in or benefit from the work or educational environment. Examples of harassment include, but are not limited to, intimidation and humiliation as expressed by communications, threats, acts of violence, hatred, abuse of authority, or ill-will that assault an individual's self-worth. Harassment of a non-sexual nature can include slurs, comments, rumors, jokes, innuendoes, cartoons, pranks and other verbal or physical conduct, frequent, derogatory remarks even if the remarks are not sexual in nature and any other conduct or behavior deemed inappropriate by Bellin College.

Domestic Violence: Violence by a current or former spouse of the victim, by a person with whom the victim shares a child in common, or by a person who is cohabitating with or has cohabitated with the victim.

False Information: Anyone interviewed as part of an investigation into a possible violation of this policy who intentionally furnished false information may be subject to corrective/disciplinary action.

False Reporting: The College encourages anyone who believes that s/he has been the victim of sexual violence, harassment, or discrimination to report her/his concerns but will not tolerate intentional false reporting of incidents.

FERPA (as related to Title IX): If there is conflict between FERPA and the Title IX regulations, the college must comply with the Title IX regulations.

Formal Complaint: A complaint made to an "official with authority" to institute corrective measures on the recipient's behalf. A formal

complaint must be a written document filed by a complainant or signed by the Title IX Coordinator, alleging sexual harassment against a respondent, and requesting that the school investigate the allegations. The form can be found on the Bellin College website or in the Title IX Coordinator Office.

Hostile Environment: An occurrence where harassment is sufficiently serious to deny or alter the conditions of employment or the educational environment and create an abusive environment in which to work or study. The person alleging a hostile environment must show a pattern or practice of harassment against him or her; a single incident or isolated incidents generally will not be sufficient. In determining whether a reasonable person in the individual's circumstances would find the work or educational environment to be hostile, the totality of the circumstances must be considered.

Incapacitation Due to Alcohol and Drug Use: Incapacitated persons, whether male or female, as a result of alcohol or other drug consumption (voluntary and/or involuntary), or who are unconscious, unaware, asleep or otherwise physically helpless, are considered incapable of giving effective consent because they lack the ability to comprehend that the situation is sexual, and/or cannot rationally and reasonably understand the nature and extent (who, what, when, where, why and how) of that situation.

Live hearing: A formal complaint of sexual harassment would constitute a live hearing. The Title IX grievance procedure provides for a live hearing. At the hearing, the decision-maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those which challenge credibility. The decision-maker will determine whether the question is relevant and explain any decision to exclude a question as not relevant. Bellin College must create an audio or audiovisual recording or transcript of any live hearing. The college must provide parties with an equal opportunity to present facts, witnesses, and other evidence.

Location of incidents: Bellin College is only responsible for responding to conduct that occurs within its education program or activity. Bellin College's jurisdiction for Title IX incidents is limited to conduct that occurs within the college's education program or activity. If the college chooses to address off-campus incidents

involving students, it will need to occur as part of the student conduct process rather than the Title IX process. The complainant will be required to be a participant or attempting to participate in the college's education program or activity for a formal complaint to be filed. The policy and grievance procedures do not apply to individuals outside of the United States.

Official with Authority (previously responsible employee): All faculty and all staff with supervisory or leadership responsibilities or responsibilities related to student welfare are required to report acts of discrimination, discriminatory harassment, sexual harassment, sexual violence, crimes, and concerning and/or disruptive student behaviors. These individuals have authority to institute corrective measures on the college's behalf. All additional staff and students are strongly encouraged to report concerning behaviors.

Presumption of innocence: Grievance procedures and written notice of the allegations must include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Record retention: Documentation related to the investigation, including any determinations, appeals, Alternative Resolution and training materials must be retained for a period of seven years. This documentation must also be made available to the complainant and respondent.

Respondent: An individual who has been reported (accused) to be the perpetrator of conduct that could constitute sexual harassment.

Retaliation: Intentional action taken by an individual or allied third party that harms a complainant, witness, reporter, or any other individual for filing or participating in a College investigation. The college expressly prohibits retaliation against any person who may intimidate, threaten, coerce or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, because the individual is involved in a Title IX proceeding. Retaliation includes charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint for sex discrimination or sexual harassment.

Review of evidence: The college must send the evidence and draft investigative report to both parties and their advisors prior to the completion of the report. Each party must have at least 10 days to submit a written response before the investigative report is finalized.

Right to appeal: The college is required to offer both parties an equal right of appeal to a Title IX proceeding. Parties must appeal on at least one of the following grounds for appeal:

- Newly discovered evidence that was not reasonably available when the determination of responsibility was made that could affect the outcome.
- Bias or conflict of interest against one or both parties that affected the outcome.
- Procedural irregularity that affected the outcome.

Roles and responsibilities: Designate separate individuals as the Title IX coordinator, investigator(s), and decision-maker(s). This forbids the "single investigator" or "investigator-only" models from Title IX grievance processes. Title IX personnel are required to be free from conflicts of interest or bias for or against complainants or respondents (see additional explanations above).

Mandatory reporters: All faculty and staff at Bellin College besides the Academic Success Coordinator and the Academic Advisor are considered mandatory reporters for Title IX. This means that regardless of the position or status, all faculty and staff are required to disclose Title IX related information and/or incidents that came to their attention.

Facilitator: The Title IX team are made up of facilitators which consist of the Title IX Coordinator, Title IX advocates, and Title IX Coordinators who all help execute the Title IX policies and procedures.

Sanctions: The college may impose a range of sanctions such as probation, suspension, termination, or dismissal.

Sexual Discrimination: Sex discrimination involves treating someone (a student or employee) unfavorably because of that person's sex. Discrimination against an individual because of gender identity, including transgender status, or because of sexual orientation is discrimination.

Sexual Harassment: Misconduct on the basis of sex that satisfies one or more of the following conditions: Unwelcome conduct that a reasonable person would determine to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the school's education program or activity; sexual assault, as defined in the Clery Act, or dating violence, domestic violence or stalking as defined in the Violence Against Women Act (VAWA); a school employee conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo). Only one of the three conditions listed must be met for the conduct to be considered sexual harassment.

Sexual Violence: The United States Department of Education's Office of Civil Rights 2014, defines sexual violence as "physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. An individual's inability to consent to sexual activity may arise from use of drugs or alcohol or individual conditions including intellectual or other disability". Sexual violence includes rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by school employees, other students, or third parties.

Stalking: A pattern of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others' safety, or to suffer substantial emotional distress.

Standard of evidence: Bellin College will use the preponderance of the evidence standard and apply the same standard to all formal complaints of sexual harassment, including those involving employees or faculty members.

Standard for response: The Title IX Coordinator must promptly contact the complainant confidentially to discuss the process for filing a formal complaint and supportive measures. The Title IX Coordinator will respond to the complainant with the necessary information within three (3) business days. In the event of the Title IX Coordinator's absence the Deputy Coordinator is to be contacted.

Supportive Measures (replaces Interim measures): Once an institution has actual knowledge of potential harassment and a formal complaint has been filed, the College will take immediate steps to provide the complainant and

respondent supportive measures. Bellin College is required to offer supportive measures such as class reassignments or noncontact orders. Supportive measures are designed to free, individualized services to restore or preserve equal access to education, protect safety or deter sexual harassment. It is non-punitive or disciplinary with respect to another student.

Title IX Coordinator: An employee designated by the college to coordinate its efforts to comply with Title IX responsibilities. The coordinator may also be an investigator. The Title IX coordinator's name and contact information on the college website, print materials and is available to applicants for admission and employment, students, parents, legal guardians, and employees. Any person may make a report to the Title IX coordinator by person, by mail, by phone, email, or other means. A complaint "may be made at any time". After hours, reports may be made via voicemail to the Title IX coordinator.

Training: Training of Title IX personnel must include training on the definition of sexual harassment, the scope of the school's education program or activity, how to conduct an investigation and grievance process (e.g., hearings, appeals, Alternative Resolution), how to serve impartially (i.e., without conflicts of interest or bias) and any technology used during a live hearing. These materials must be posted on the website or be made available for the public. The training provided must be free of "sex stereotypes" and must promote impartial investigations.

Written notice: The college must provide written notice to the parties that include sufficient details, such as the identities of the parties involved, if known, the specific section of the policy that was violated, the conduct allegedly constituting sexual harassment and the date and location of the alleged incident, if known. The college must also send written notices of any investigation interviews, meetings, or hearings.

PROCEDURE: ALTERNATIVE RESOLUTION (IR) PROCESS:

1. To move forward with an Alternative Resolution process a Title IX Complaint Form must be filled out (link below). Once the form is filled out it must be submitted by email or in person to the Title IX Coordinator. Written notice will be provided to the parties

that include sufficient details. The Title IX Coordinator may offer the parties the opportunity to become involved in an Alternative Resolution process. Likewise, either party (complainant or respondent) may petition the Title IX Coordinator in writing to offer an Alternative Resolution process to the other party. The Title IX Coordinator is the sole administrator who determines if an Alternative Resolution is appropriate given the allegations.

2. The Title IX Coordinator and or facilitator will supervise the Alternative Resolution process. The facilitator will present the option of an Alternative Resolution and proposed terms to each Party independently and in writing. All related communication will go through the Title IX Coordinator. Participation in an Alternative Resolution is voluntary for all parties and requires full informed and written consent. If either party does not agree with the proposed terms, or is uninterested in engaging in negotiations, the party may ask to move to a formal resolutions process at any time before signing the Alternative Resolution Agreement.
3. The IR will be voluntary for both parties and each party must submit a written request to become involved in the IR. An Alternative Resolution cannot be offered if the complainant is a student and the respondent is an employee.
4. The IR will not require the parties to confront each other or even be present in the same room.
5. The parties may consult their advisor or have their advisor present at any time an IR meeting occurs.
6. Either party may withdraw, without penalty, from the IR up until a written resolution agreement is signed by both parties. If either party withdraws from the IR, the formal Title IX process will resume.
7. A signed resolution agreement is binding on both parties.
8. The facilitator(s) has the authority to end the resolution process if the facilitator(s) believes that one or both parties are not operating in good faith. If this happens, the formal grievance process will resume.
9. Both parties and the facilitator (s) will have an opportunity to offer proposals to become a part of the final outcome(s)/agreement. An IR agreement may include, but is not limited to, an admission of responsibility, an

admission of false allegations, disciplinary/punitive sanctions, counseling, and involvement in an educational program.

10. The Facilitator(s) and both parties must all agree to the outcome(s) of the IR. In doing so the facilitator will write a binding agreement based upon the parties verbal agreement with the negotiated outcome(s). Separately, both parties will then be offered the opportunity to sign this IR agreement. If either party refuses to sign this agreement, the IR will be considered failed and the formal Title IX process will resume.

One-on-One Communication:

- It is appropriate to use face-to-face communication only when the individual seeking an Alternative Resolution does not feel threatened, there is no risk of physical harm and the individual seeking an Alternative Resolution believe the other person will be receptive.
- Email/written correspondence is the preferred method of communication and must go through the Title IX coordinator or facilitator. If the individual seeking an Alternative Resolution chooses to communicate face-to-face, they should also send an email summarizing the face-to-face interaction. Keep copies of any written communication. Communication should include:
 - A factual description of the incident(s) including a description of the unwelcome behavior, date, time, place, and the names of any witnesses.
 - A description of any consequences that the individual seeking an Alternative Resolution has experienced due to the unwelcome behavior.
 - A request for the unwelcome behavior to cease.
 - If the individual seeking an Alternative Resolution does not feel comfortable with the one- on-one communication or if the individual seeking an Alternative Resolution believes that the communication was not successful, the individual should consider other informal or formal procedures.

Third Party Assistance:

If an individual seeking an Alternative Resolution desires the assistance of a third party to attempt

to resolve the situation informally, the individual seeking an Alternative Resolution may approach any one of the following resources:

- Title IX Coordinator
- Bellin College Security
- Bellin Human Resources (faculty and staff)
- The individual seeking an Alternative Resolution's supervisor or the supervisor's supervisor (faculty, staff & student employees).

All faculty, staff and students are strongly encouraged to report any actions or behaviors believed to be in violation of this policy. Allegations of sexual misconduct that come to the attention of faculty or staff with supervisory or leadership responsibilities or responsibilities related to student welfare must be reported to the Title IX Coordinator.

If the situation is not able to be resolved informally or if the individual seeking an Alternative Resolution chooses not to engage in an Alternative Resolution, the individual seeking an Alternative Resolution may submit a formal complaint in writing to the Title IX Coordinator using the procedures below.

FORMAL RESOLUTION PROCESS:

In all cases of an allegation of sexual harassment, including sexual violence, and/or discrimination based on sex, the individual(s) making the allegation may choose to bypass the Alternative Resolution options and to proceed to a formal process. The Title IX Complaint Form can be used to report a concern of sexual misconduct located at:

Once the form is filled out it must be submitted by email or in person to the Title IX Coordinator. The Title IX regulations permit formal complaints that initiate the grievance process to be filed only by a complainant or the Title IX Coordinator. At the time of the complaint, the complainant must be participating in or attempting to participate in the college's education program or activity. Bellin College has the discretion not to initiate the Title IX grievance process for complaints made by former students or employees. The regulation does not prohibit parties from voluntarily waiving their rights to the grievance process required by the regulation. As a result, the college may create an alternative, streamlined investigation and adjudication process to be used only if the parties voluntarily consent to it and its use does not amount to

deliberate indifference. Parties may voluntarily consent to Alternative Resolution in lieu of a formal investigation and hearing.

If at any point in the investigation, the college determines that the conduct alleged in the formal complaint does not constitute sexual harassment; did not occur in the college's education program or activity; or did not occur against a person in the US then the college must dismiss the complaint for its Title IX grievance procedure. The college has discretion to address such conduct under another policy, such as a student code of conduct, if it wishes to.

The college may dismiss a formal complaint at any time if the complainant would like to withdraw the complaint; the respondent is no longer enrolled or employed by the institution; or specific circumstances prevent the college from gathering evidence sufficient to reach a determination.

Bellin College will work to include reasonably prompt time frames for conclusion of the grievance process, including appeals and Alternative Resolutions, with allowance for short-term, good cause delays or extensions of the time frames. The college will describe the range of supportive measures available and sanctions the college may impose on a respondent, following determinations of responsibility. The college will treat complainants equitably by providing remedies at any time a respondent is found responsible and treat respondents equitably by not imposing disciplinary sanctions without following the grievance process.

TITLE IX GRIEVANCE PROCESS:

See the detailed Summary of Major Provisions of the Department of Education's Title IX Final Rule.

1. A formal written complaint shall set forth in reasonably sufficient detail the nature of the alleged sexual harassment (based on the definition) the respondent(s) against whom the complaint is made, the name(s) of any witnesses, and any available evidence or sources of evidence submitted to the Title IX Coordinator. The formal complaint can be filed by a complainant or signed by the Title IX Coordinator.
2. Upon receipt of a written complaint, the Title IX Coordinator shall first determine if the complaint states facts sufficient to believe that a potential violation of the Title

IX sexual harassment or a potential violation of federal and/or state laws has occurred. The Title IX Coordinator will notify the complainant in writing of its decision within five working days. Allegations will be sent by a written notice to both parties. Supportive measures will be put in place. If allegations do not meet the definition of sexual harassment or did not occur in the college's education program or activity against a person in the US, the allegations are dismissed.

3. If there is the potential of a violation of the Title IX Policy or federal and state laws, the Title IX investigator(s) will conduct a prompt, thorough, and impartial investigation. Privacy of a party's privileged record is not accessed unless written consent is obtained.
4. The college has the burden of gathering evidence and the burden of proof. The Title IX investigator(s) will objectively gather and consider relevant facts. The Title IX investigator(s) will ensure that statements of the complainant, the respondent, and all witnesses are documented and that the investigation is conducted in a thorough, objective manner and is considerate of all of the parties involved.
5. A live hearing and cross-examination are part of the grievance process. At the live hearing, the Decision-Maker(s) must permit each party's Advisor to ask the other party and any witnesses all relevant questions. Each party will have an equal opportunity to present facts, witnesses, and other evidence. The cross-examination must be conducted directly, orally, and in real time by the party's Advisor of choice and never by a party personally.
6. The investigation will normally be concluded within 30 working days. The complainant and respondent will be notified in writing of any reasonable delays.
7. There is no restriction of the ability of the parties to discuss the allegations or gather evidence (no "gag" orders). The investigation will be private and confidential to the greatest extent possible.
8. In all cases of formal allegations, the Title IX investigators will write an investigative report, including a summary of the complaint and the findings of the investigation, based on a preponderance of evidence.
9. The written investigative report shall be available for review by the complainant, the respondent, and to the appropriate College

authority. Each party will have 10 days to review the draft investigation report and submit a response before the report is finalized.

10. In consultation with the appropriate College Administrators, the Decision-Maker will make a determination on the action(s), if any, to be taken.
11. The Decision-Maker will communicate the determination of action(s) to the complainant, to the respondent, and to the appropriate College personnel within five working days of conclusion of the investigation. The College will take immediate and corrective action as appropriate.

The Hearing:

When the complainant requests to file a formal complaint, or when the Title IX Coordinator files one on behalf of the institution, the Title IX Coordinator and Hearing Facilitator will coordinate the hearing for alleged violations of the Title IX Policy Discrimination Policy.

Once the investigation is complete and the investigative report is finalized, the college will schedule a hearing, giving each party at least ten (10) business days' notice of the hearing being scheduled.

College representatives will meet in a pre-hearing conference with the complainant and respondent to discuss their rights in the hearing, share about what will take place, and answer any questions that participants may need answered. This meeting is called a pre-hearing conference, and will take place at least five (5) business days prior to the hearing. Parties may bring their support person and/or process advisor to this meeting.

Party Opening Statements:

The complainant and the respondent may submit opening statements for the hearing, which they will read at the start of the hearing.

Statements must not exceed three (3) typed pages of 1500 words if single-spaced. The complainant and respondent can decide what information should be included within their statements, but may choose to discuss the impact of the alleged incident or how involvement in this case has impacted them individually.

All documents must be submitted at least three (3) business days prior to the hearing; instructions for submitting will be provided during the pre-hearing conference.

Subjection to Questioning:

Parties are encouraged to participate in the hearing, but are not required to do so. Witnesses will also be invited to participate in live cross examination. Statements and other evidence provided during the investigation, along with statements during the hearing and cross-examination, may be considered for decision making by the Hearing Officer. The Hearing Officer will not draw an inference about the determination regarding responsibility based solely on a party or a witness's absence from the live hearing and/or refusal to submit to questioning by the parties' advisors.

Hearing Format:

At the hearing, the complainant and the respondent will be given space in separate areas to convene and prepare for the hearing before being called into the hearing room. Both parties will be able to see the Hearing Officer and hear/ see one another. However, upon request of either party, the parties will be separated into different rooms with technology enabling the parties to participate simultaneously and contemporaneously by video and audio.

An audio record will be kept of the proceedings and made available to each party for their audio review, at their written request. A copy of the audio recording is not available for dissemination or duplication.

The hearing may also take place fully virtually, if necessary, to allow for a timely response to the allegations.

An outline of the hearing format will be provided to parties at the pre-hearing meeting, but will generally utilize the following format:

- Opening instructions and introductions;
- Review of the Rights of the parties;
- Opening statements by Complainant and Respondent;
- Questioning of the Complainant:
 - By Hearing Officer;
 - By Process Advisor for Complainant
 - By Process Advisor for Respondent;
- Questioning of the Respondent:
 - By Hearing Officer;

- By Process Advisor for Respondent;
- By Process Advisor for Complainant;
- Questioning of Witnesses (Including Investigator):
 - By Hearing Officer;
 - By Process Advisor for Complainant and Respondent;
- Closing statements by Complainant and Respondent
- Closing instructions
- Deliberation and Decision-Making

Following conclusion of the decision-making process, the Hearing Officer, with administrative support from the Title IX Coordinator and/or other college administration will prepare a written decision that includes the following information:

- Identification of the allegations potentially constituting Sexual Misconduct made in the formal complaint;
- A description of the procedural steps taken by the college upon receipt of the formal complaint, through issuance of the written decision, including notification to the parties, interviews with the parties and witnesses, site visits, methods used to gather non-testimonial evidence, and the date, location, and people who were present at or presented testimony at the hearing.
- Findings of fact that support the determination;
- A statement of, and rationale for, each allegation that constitutes a separate potential incident of Sexual Misconduct, including a determination regarding responsibility for each separate potential incident based on a standard of preponderance of evidence;
- Any sanctions to be imposed;
- Any ongoing supportive measures or other remedies as determined by the Title IX Coordinator; and
- A description of the process and grounds for appeal.

The Title IX Coordinator and/or designee will be responsible for sharing the findings of the Hearing Officer concurrently, through Bellin College email, with the complainant and respondent. Parties will be notified within five (5) business days about the outcome of the hearing. It is expected that everyone involved in the hearing process will follow all standards and expectations established for participants, as outlined in pre-hearing meetings.

Sanctions and Remedies:

If a complaint of Sexual Misconduct is found to be substantiated, the college will take appropriate corrective, disciplinary, and remedial action to stop the inappropriate conduct, address its effects, and prevent its recurrence. Students, faculty, and employees found to be in violation of this policy will be subject to discipline up to and including written reprimand, suspension, probation, demotion, termination, or expulsion. Affiliates and program participants may be removed from college programs and/or prevented from returning to campus.

The college will impose appropriate sanctions on a case-by-case basis, depending on the severity and/or pervasiveness of any violations. In determining appropriate sanctions, the Hearing Officer may examine and consider a number of factors, including, but not limited, to:

1. Level of ongoing risk or harm to the community;
2. The nature and seriousness of the violation;
3. Use of drugs or alcohol;
4. Motivation underlying the respondent's behaviors; and
5. The Respondent's record of past misconduct, including prior violations of the same or similar type.

Sanctions will not be implemented until after the appeal deadline has passed or, if an appeal is filed, until after the appeal has concluded. However, the college will keep supportive measures in place until the decision is final and the Title IX Coordinator has notified parties that the supportive measures are no longer in place.

The following includes a list of the possible sanctions that may be imposed upon any respondent found to have violated the policy. The college has the authority to tailor sanctions, such as both punitive outcomes and educational outcomes, to address specific situations.

Possible sanctions include:

- Disciplinary Probation
- Suspension
- Expulsion
- Postponement of Graduation
- Withholding Proof of Degree
- Degree Recission g. Transcript Notation
- Prohibited Admission or Readmission
- Organizational Sanctions
- Counseling Referral

- Parental Notification
- Educational Outcomes, including training, discussion, and reflective opportunities
- Other Actions Designed to Avoid and Prevent Future Violations, including:
 - Limitations on co-curricular engagement, such as removal from a leadership position, or on-campus employment
 - Ongoing no-contact order

In the event that a respondent is suspended or expelled because of a finding of responsibility under this policy, a notation will appear on their transcript. A hold may be placed on a student's account until completion of necessary sanctions.

If a finding of responsibility occurs through any of these complaint resolution procedures, the complainant is entitled to ongoing remedies designed to preserve or restore equal access to the college's education program or activity. The range of remedies available to a complainant include but are not limited to the supportive measures listed in the policy, but remedies are not required to be non-disciplinary or non-punitive and may burden a respondent.

APPEAL PROCESS:

1. The final regulation mandates that either party be allowed to appeal the determination, any dismissal of the complaint within 5 days of the determination, on the following grounds:
 - Procedural irregularity that affected the outcome
 - New evidence not reasonably available
 - Conflict of interest or bias by the college's participants what affect the outcome.
2. The non-appealing party must be notified of the appeal and allowed to submit a written statement in response.
3. The appeal Decision-Maker(s) cannot be the same as the hearing Decision-Maker(s). Nor can the appeal Decision-Makers(s) be the Title IX Coordinator or the investigator(s) who worked the case.
4. The appeal must conclude with a written decision by the appeal Decision-Maker describing the appeal and the rationale for the result that is provided to the parties simultaneously. The final determination will

be made using a preponderance of evidence standard, within five working days after receiving the written appeal.

5. The final determination will be communicated in writing by the President to the individual
6. who submitted the appeal and shall be considered final.

Request for Postponement:

Postponements of deadlines or hearings shall not be granted except when extenuating circumstances exist, as defined in this section. Extenuating circumstances or situations, which preclude the complainant or respondent from meeting the deadline or attending the hearing, are very limited. Examples of extenuating circumstances include either party suffering from an incapacitating medical condition or emergency, supported by a physician's note, or a death in the party's immediate family.

The unavailability of process advisors or a support person is not a reason for postponement. The complainant and respondent are expected to modify their personal calendars to meet the deadlines and hearing dates.

Some instances of Sexual Misconduct may also constitute criminal conduct. In the case where alleged criminal conduct has also been reported to law enforcement, the college may temporarily delay its investigation of the complaint where necessary to avoid interfering with law enforcement. However, the pendency of a criminal investigation does not serve as a substitute for these procedures and the investigation and resolution process will commence promptly once interference is no longer a concern.

In addition, because the standard of proof that applies in these procedures (i.e., preponderance of the evidence) is different than the standard necessary for a criminal conviction (i.e., proof beyond a reasonable doubt), the college's determination will not be held in abeyance due to the pendency of a criminal trial.

Annual Report: The Title IX Coordinator shall provide a statement documenting the number of complaints received pursuant to this policy, the categories of those involved in the allegations, the number of violations found, and examples of sanctions/corrective actions

imposed for policy violations that is in conjunction with the College's Annual Security Report.

Administrative Review: In the absence of a formal complaint, the President's Cabinet has the authority to initiate an administrative review at the request of a department, program, or area when in the requested by a supervisor when in the judgment of the President's Cabinet a review is necessary. As necessary the College reserves the right to serve as complainant and to initiate an investigation without a formal complaint. The College encourages any member of the College community who feels he or she has been subjected to sexual misconduct to use the complaint procedure outlined in this policy. Additionally, an individual has the right to file a complaint with outside enforcement agencies including the United States Department of Education's Office of Civil Rights (OCR), the Equal Employment Opportunity Commission (EEOC), or state or local law enforcement or prosecution authorities.

Respondent Takes Leave, Fails to Cooperate:

In the event that the respondent decides to take an informal or formal leave from the college prior to, during, or preceding the hearings and before an outcome is delivered, the following may be put into effect:

- Investigation will continue with the opportunity granted for the respondent to participate, with a notation made on the student's transcript, indicating that the hearing is in process, or indicating any findings of responsibility (as founded)
- Respondent may not be able to re-enroll without the authorization of the Title IX Coordinator; and/or
- Formal complaint may be dismissed.

Process Advisors:

Bellin College provides access to an individual (typically, a staff or faculty member) trained as a process advisor for both the complainant and respondent. The advisor will be available to accompany each student during all investigative meetings, hearings, and other meetings related to the complaint. Neither party is obligated to work with a process advisor provided by the college. Either party can elect to have an individual of their choosing serve as a process advisor.

The process advisor may assist the complainant or the respondent in preparing for the hearing and in navigating the related processes, and will conduct cross examination on all parties who make statements during the hearing. Process advisors provided by the college have no legal training or knowledge and are not attorneys; they do not advocate or speak on behalf of the parties. At the request of a party, a process advisor will be made available within two (2) business days after an initial request for a process advisor is initiated by the complainant or respondent.

If a complainant or respondent does not provide their own advisor at a hearing, the college will provide an advisor. Students cannot participate in the hearing without an advisor present.

Hearing Officers:

Because of the unique and sensitive nature of these matters, these cases are heard by a specially trained Hearing Officer. The Hearing Officer may be a Bellin College staff/faculty or an externally hired expert, and is trained and provided by the Title IX Coordinator. Training for Hearing Officers may include: knowledge of Title IX and other sexual/gender based discrimination and harassment, the college policy and procedures, trauma-responsive practices, determining relevance of evidence presented, and other relevant topics.

The complainant and respondent will each have the opportunity to challenge a Hearing Officer on the basis of any perceived or actual bias. Title IX Advocates (Confidential)

Resources are available for individuals to discuss incidents and issues related to sexual misconduct on a confidential basis. Confidential resources can provide survivors with information about support services and their options. Our resource for confidential help are the Title IX Advocates. Other confidential resources would be a clergy, counselors at Life Matters Student Assistance Program or Life Matters Employee Assistance Program (EAP).

Confidential resources will not disclose information about incidents of sexual misconduct to anyone, including law

Administrative Withdrawal Due to Nonpayment of Tuition and Fees

If a student fails to make payment in full, enroll in a payment plan, or make acceptable payment arrangements with the Bursar to bring the account current by the established due date, the student will be placed on a hold; and access to all records and classes will be blocked for two weeks. If a student fails to meet with the Bursar and make acceptable payment arrangements during this hold period, then the student may be administratively withdrawn from the Bellin College program.

If a student is administratively withdrawn their tuition and fee charges will be adjusted according to the College's withdrawal policy. It may also be necessary to adjust or return financial aid if a student is administratively withdrawn. A detailed description of the College's withdrawal refund policy can be obtained from the Bursar Office or be accessing the Bellin College Guidebook at: <https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/bellin-college-guide>

Administrative withdrawal decisions will be made in a fair and equitable manner by a committee of college representatives that will include the Vice President of Business and Finance, Registrar, Bursar, Director of Financial Aid, and other applicable Bellin College personnel.

The student may appeal this decision; however, the appeal must be made within one week (five

business days) of the decision. To appeal, the student must contact the Vice President of Business and Finance in writing to request reinstatement. Payment in full or acceptable payment arrangements must be made before the student is allowed to attend Bellin College classes. Tuition and fee charges will, at this time, be based upon the tuition and fee schedule for semester charges plus the applicable late fee(s) and/or payment plan enrollment fee. Failure to abide by the payment arrangement will result in immediate withdrawal from the College.

Overpayment of Account

Students with overpayments/credit balances either through excess financial aid or personal payment have the option to hold their credit on their account for a future term or receive a refund check for the overpayment/credit amount. To have the overpayment/credit held on the student account, the student must notify the Bursar in writing to hold the overpayment/credit for future charges, otherwise their overpayment/credit will be automatically refunded after the add/drop period.

Refund checks for overpayment/credit balances are processed after the add/drop period has passed. Refund requests are processed once a week and students are notified via their Bellin College email once their refund check is available to be picked up in Student Services. Refund checks can also be mailed to the student upon their request.

Payment Policy

Bellin College requires payment by the established due date each semester. Failure to make payment by the due date will result in the student account being assessed a \$25.00 late payment penalty charge per month.

The College offers the following options for payment by semester/term:

1. Standard Pay Plan: The student shall pay all charges due on their account by the established due date for the semester. The student will incur no late payment penalty if the student pays the entire balance in full when due. If full payment is not made by the due date specified, a late payment penalty will be imposed on the balance due, and the account will be treated as delinquent.

2. Semester Payment Plan: Payment of each semester's tuition and fees is made through a contractual agreement with the Bellin College Bursar Office. A per semester non-refundable enrollment fee is applied to the student's account. Monthly payments not received by the established due date are subject to a late payment penalty. Failure to comply with the terms of the semester payment plan will result in cancellation from the payment plan and the full amount of tuition and fees due.

Payments are due by the date specified on the billing statement unless a payment arrangement has been initiated with the Bursar. Payment due dates are specified in the academic calendar on the College website. Payments may be made via cash, personal check, certified check, or money order. Payments by ACH or credit/debit card are accepted online for an additional fee at: www.bellincollege.edu/payment.

Bellin College has the right to take steps to collect a student account balance, including but not limited to the following: prohibiting a student from participating in current classes; prohibiting a student from registering for classes for future semesters; withholding course credits and diploma until the balance is paid in full; turning over the student account to a collection agency or attorney; and taking legal action to collect the balance due. Students who fail to resolve their balance may be subject to administrative withdrawal from Bellin College.

Returned Payments

There is a \$25 non-refundable return payment fee charged to the student account for all returned payments (check or ACH) such as incorrect routing number, insufficient funds, etc.

The Bellin College Bursar will notify the student in writing about the returned payment and the reason for the return. Replacement payment must be submitted within 5 days of the return notice being sent.

Please note: Failure to make the replacement payment by the date will result in a late payment penalty and the student may be subjected to a hold and/or the administrative withdrawal policy. Individuals with multiple returned payments will be required to make all current and future payments to Bellin College by cashier's check or

certified check/money order. Personal checks/ACH transactions from any party will not be accepted.

Semester Billing

Billing (tuition and fees) statements are made available to students each semester they are enrolled. Students can view their tuition and fee charges through their MyBC Portal each semester. Payment for tuition and fees is due by the published due date each semester. Due dates are published in the academic year calendar: (<https://www.bellincollege.edu/campus-life/calendar/>).

Student Payment and Disclosure Agreement

The Student Payment and Disclosure Agreement is an enrollment requirement as well as a requirement of the Federal Truth-in-Lending Act for all Bellin College incoming students. This agreement outlines the financial responsibility of the student during their enrollment at the College, along with relevant information about institutional policies related to billing and the student's college account. The Payment and Disclosure Agreement states that the student will assume responsibility for charges accrued during their time at Bellin College. Noncompliance with this requirement may prevent matriculation and/or registration privileges.

Accreditation History

Bellin College offers an array of health science related degrees. In 1909, a nursing program was started by Dr. Julius Bellin, Founder of Bellin Hospital. Dr. Bellin wanted qualified nurses to work with him at the bedside. One hundred years later, Bellin College added its second degree and today, continues to grow and expand their program offerings to meet the changing and demanding needs of healthcare. The college is accredited by the Higher Learning Commission and each program has its own specialized programmatic accreditation. This document provides an overview of the accreditation process for each program offered.

Higher Learning Commission (HLC):

The Higher Learning Commission is the regional accreditor. Each time a new program is offered, the accreditation process begins with HLC. The College received initial accreditation for five years from the Higher Commission of Higher Education of the North Central Association of Colleges and Schools (NCA) in March 1989. A self-study and site visit occurred in Spring 1994, which resulted in continued accreditation for ten years. The site visit occurs based on the outcome of the previous visit and the next site visit scheduled for 2003-2004.

In Spring 2004, a site visit occurred for reaffirmation of the Bachelor of Science in Nursing program and a request for authorization to grant a Master of Science degree in Nursing. In June 2004, the Commission granted ten years of continued accreditation with authorization to grant a Bachelor of Science degree and Master of Science degree in Nursing (2004-2014). In 2014, Higher Learning Commission dropped its affiliation with the North Central Association and is recognized solely as the Higher Learning Commission (HLC).

In September 2008, a focus visit was requested by the College for authorization to offer a Bachelor of Science degree in the Radiologic Sciences (BSRS) and to offer general education courses. Approval was granted in December 2008.

In 2009, HLC visited the campus located at 3201 Eaton Road in Green Bay WI to approve the building and determine that its size and amenities could support the college and future program growth. Approval was granted.

In 2014, HLC reaffirmed accreditation of Bellin College, and all current programs offered through 2024.

In 2015, the College requested a change visit to begin offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS) and distance education courses and programs. The BSDMS is a bachelor's degree with a compressed curriculum offered over three years to meet the staffing needs within the region. The expansion of distance education was evident with the changing needs of higher education. On February 12, 2016, approval was granted for both program requests.

Bellin College continues to expand and meet the needs of the region with additional educational offerings, including the 2018 HLC approved Doctor of Science in Physical Therapy (DSc PT), the first terminal degree offered at Bellin College. In addition, Bellin College also offered all the general education courses for all undergraduate degrees starting in fall 2018.

On January 28, 2020, HLC approved a 3-year bachelor's degree in Radiation Therapy with the first anticipated cohort starting the fall of 2020.

The Board of Trustees approved adding a Sonography concentration in Cardiac on December 10, 2020. A change request was submitted to HLC. On December 15, 2020, HLC determined that no individual approval is needed for Bachelor of Science in Diagnostic Medical Sonography - concentration in Cardiac. The change form submitted form served as notification of the new program to HLC.

In spring of 2021, HLC approved three programs: a 3-year bachelor's degree in First Assisting, (BSSA) on March 12, 2021; a Doctor of Nursing Practice (DNP) on March 12, 2021; and a Doctor of Physical Therapy (DPT) on May 7, 2021.

[On December 8, 2022, the Board of Trustees an additional graduate level nursing program, the Psychiatric-Mental Health Nurse Practitioner Program. The program is pending approval from HLC.](#)

On March 3, 2023, HLC visited the secondary location at 2620 Development Drive and approved this site for education affiliated with Bellin College. This location is named the Michael Van Asten Campus. The Eaton Road campus is named the Resch Campus.

On April 8-9, 2024, Bellin College was reviewed by Higher Learning Commission for the

10-year Reaffirmation visit. The outcome of the visit will be determined in fall, 2024.

NURSING ACCREDITATION HISTORY

Wisconsin Board of Nursing:

The Wisconsin State Board of Nursing granted Bellin College initial approval to implement a baccalaureate program in nursing in April of 1984. The College submitted a comprehensive evaluation of the program to the Board of Nursing, and full approval was granted in February 1989 and continues today.

Specialized Nursing Program Accreditation:

An accreditation visit by the Council for Baccalaureate and Higher Degree Programs of the National League for Nursing occurred in April 1989. Accreditation for a period of eight years was received in October 1989. A four-year progress report was submitted in August 1993. A self-study and site visit again occurred in April of 1997. In July 1997, the National League for Nursing Accrediting Commission (NLNAC) granted continued accreditation for eight years (1997-2005).

In 2002, a decision was made to pursue accreditation with the Commission for Collegiate Nursing Education (CCNE) accreditation, which is associated with the American Association of Colleges of Nursing (AACN). This accreditation review was completed in Spring 2003, and in October 2003, the College was awarded the initial, five-year accreditation (2003-2008). A CCNE visit was held in 2008, with the maximum ten years of accreditation received (2008-2018).

In May 2002, a needs assessment, conducted by an independent marketing research firm, identified a significant need for graduate nursing education in the region. As a result, Bellin College Board of Trustees approved plans to proceed with a graduate program in November 2002. By July 2003, a decision was made to move forward to establish a master's degree in nursing (MSN)

with an administrator and an educator track. The emphasis in both programs was on nursing leadership.

The graduate program enrolled its first students in September 2004. An accreditation review by the CCNE occurred in February 2006 and in October 2006, and the College was awarded the five-year accreditation (2006-2011). The first MSN class graduated in 2007. In October 2008, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2008-2018). The Commission for Collegiate Nursing Education returned in 2018 for a comprehensive visit.

In Spring 2011, the Bellin College Board of Trustees approved a Family Nurse Practitioner Track. A substantive change was submitted to CCNE, and in the fall of 2011 approval was granted. The first cohort of students entered in Fall 2012. In May 2015, the first class graduated from the Family Nurse Practitioner Track.

In the spring of 2018, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2018-2028).

With the change to nursing education to offer a Doctor of Nursing Practice (DNP), the college Board of Trustees approved the program on May 14, 2020. Work began to seek HLC approval which was granted on March 12, 2021. CCNE visited the college for the DNP program on February 22-24, 2023 and in fall of 2023, accreditation was approved for 5 years with the next onsite evaluation occurring in spring of 2028.

On December 8, 2022, the Board of Trustees an additional graduate level nursing program, the Psychiatric-Mental Health Nurse Practitioner Program. The program was approved by HLC in October 2023. The substantive change report for CCNE, nursing accreditation, is in process.

MEDICAL IMAGING ACCREDITATION HISTORY

Joint Review Committee of Education in Radiologic Sciences (JRCERT):

The School of Radiologic Sciences was a two-year certificate program offered through Bellin Health System. In 1988, the program was granted full accreditation by the Joint Review Committee of Education in Radiologic Sciences (JRCERT). Subsequently, the program is the

result of a Transfer of Sponsorship from Bellin Health System to Bellin College in March of 2011. The new program design changed the previous terminal credential from a two-year certificate program to a 48-month Bachelor of Science in Radiologic Sciences (BSRS) program at Bellin College. Statewide surveys were conducted to assess the need for the bachelor's program. Results demonstrated high interest among the employer and technology communities.

In August 2015, JRCERT awarded the maximum 8-year accreditation to the Bachelor of Science degree in Radiologic Sciences (2015-2023). JRCERT reviewed the Bachelor of Science degree in Radiologic Sciences on April 27-28, 2023 and was approved for five years.

JRCERT reviewed the Radiation Therapy Program (BSRT) for initial accreditation in April 2023. In July 2023, the BSRT program was granted the maximum years of accreditation allowed as a new program, which was three years. A comprehensive visit will happen in 2026.

Commission on Accreditation of Allied Health Education Programs (CAAHEP):

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) is a programmatic postsecondary accrediting agency recognized by the Council for Higher Education Accreditation (CHEA). CAAHEP carries out its accrediting activities in cooperation with 25 review Committees on Accreditation and approved the Sonography program in September 2018.

The sonography program had a visit from CAAHEP on August 21-22, 2023 for review of the current vascular, abdominal, and obstetrics/gynecology program and initial accreditation for Pediatric cardiac program. The adult cardiac program received initial accreditation in March 2022. On January 18, 2024, notification was received for continued accreditation for vascular, abdominal, and obstetrics/gynecology program and initial accreditation for pediatric cardiac program through 2029 and adult cardiac through 2027.

On January 29-30, 2024, CAAHEP reviewed the Surgical Assisting program. Results are pending and will be announced in fall 2024.

History of Bellin College

Bellin College has a long, rich history and a distinguished reputation as an excellent educational institution. Although many changes occurred over time, the commitment to providing growth, opportunity, and excellent education for healthcare providers continues.

Our parent company, Bellin Health System, and its leader, Dr. Julius Bellin started the academic institution in 1909. The College began as a diploma school when it enrolled three students to the Deaconess Sanitarium Training School for Nurses. It was not until 1925 that the name of the

hospital was changed from Deaconess to Bellin Memorial Training School in honor of its founder, Dr. Julius Bellin. In 1942, the school became known as Bellin Memorial Hospital School of Nursing. Over time, the school would take on many title changes, but Bellin would always be a component of the name. A new nurse's residence was built and annexed as the north wing of the hospital. More classrooms were added, and clinical experiences were expanded. The Cadet Nurses Corp graduated its first class in 1944. Accreditation of the College was granted by the State of Wisconsin in 1930 and by the National League for Nursing in 1953.

The school closed in 1953 for the purpose of building a new nurses' facility, which opened as the Charlotte Fowler Residence in 1955. The building not only housed 80 students but also included a skills laboratory, library, lounge, and classrooms. At the same time, the curriculum became less task-oriented with greater emphasis on theory and scientific rationale. Students began attending the University of Wisconsin Extension at Green Bay for general education courses. In 1958, the first male student was admitted to the program and graduated in 1961. It would be another 12 years before another male student entered the nursing program.

In 1984, the school became a four-year BSN program and admitted its first baccalaureate students. After years of planning, a new curriculum was implemented that addressed the new trends in healthcare and education. The school's name changed to Bellin College of Nursing to better reflect the new independent status of the educational institution. While many students still took most of their general education courses at the University of Wisconsin-Green Bay, courses from other accredited institutions were accepted for transfer, making it easier for students from greater distances to enroll in the nursing program. The College relocated to a newer building in 1994 located at 725 S. Webster Avenue, and the Charlotte Fowler Building was demolished. In 1997, an accelerated 21-month transfer option was developed to stay with the trends in nursing education, and in 2001, the sophomore transfer option was developed to allow students with prior general education credits to join the nursing program.

A comprehensive needs assessment in 2002 confirmed the need for a graduate nursing program in northeast Wisconsin. The Higher Learning Commission (HLC) conducted an

accreditation review of the College in 2004 and granted permission for the College to begin offering a Master of Science degree in nursing with specialty tracks in administration and education. The first graduate students were admitted in August 2004. The Commission for Collegiate Nursing Education (CCNE) accredited the baccalaureate program in 2003. A CCNE visit was completed in 2008, with accreditation received for an additional ten years. The nursing program is also approved by the Wisconsin State Board of Nursing. The first class of MSN graduates received their degrees in 2007. January of 2008 marked the first cohort of students entering the 15 Month option, where students complete all their general education courses and receive their nursing degree in just 15 months.

With the growth and changing needs of higher education, the College broke ground in 2008 for a stand-alone campus located at 3201 Eaton Road, Green Bay, WI. The Higher Learning Commission granted the College approval to offer a Bachelor of Science in Radiologic Sciences (BSRS) and the ability to offer general education courses on campus. The College moved to its new location in 2009, and the name officially changed to Bellin College to signify degrees beyond nursing. In 2009, the College also celebrated its 100th year anniversary.

The Radiologic Sciences program has a long-standing history with Bellin Hospital. The Bellin School of Radiologic Technology was inaugurated in 1957, founded by Dr. Lyle Edelblute to alleviate the critical technologist shortage that existed in the field of x-ray technology. Two students were admitted to the class in 1957. The program was a two-year certificate. The bachelor's program offered a 4-year program of study that provided graduates with additional knowledge and skill in leadership plus 2 of 3 specialties: CAT Scan, MRI, and/or Women's Imaging, which included mammography and DEXA (bone densitometry). The first class graduated in 2013.

In 2011, the Board of Trustees approved to begin offering a Family Nurse Practitioner option at the master level. The first class entered in 2013. In 2015, the first class of family nurse practitioner students graduated.

In 2014, in partnership with Bellin Health, to help meet their need to have an 80% BSN nursing staff by 2020, the College collaborated to create

an RN to BSN program. The first class graduated in 2017 and in 2021 the last cohort graduated. The curriculum supported the needs of the working RN. In 2014, additional unfinished space in the Health Sciences Resource Center (HSRC) was completed to enhance the Center to include simulation spaces for labor and delivery, an operating room suite, a multi-faceted space that can be a critical care/pediatric ICU/trauma/recovery room spaces, as well as primary care exam rooms to meet the changing needs of simulation and interprofessional education.

A demand for sonographers was noted, and the College explored offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS). The board approved this option, and in 2016, the Higher Learning Commission granted permission for the College to start this program. It is a three-year program, with students attending year-round to earn their degrees. The Commission on Accreditation of Allied Health Education programs approved the Sonography program in September of 2018. The first class was admitted in the fall of 2016 and graduated in 2019. Additional space was completed in the HSRC area to accommodate a lab and two high-end technology classrooms. The Higher Learning Commission also approved that the college could offer distance education in 2016.

Growth continues for all programs as well as new initiatives. In 2016, the nursing assistant program was offered to a local high school to support the need for more opportunities for students within the healthcare field. The program continues to be a popular option for high school students. The nursing assistant program was initially offered in 1990-1995 but stopped due to low demand for this level of care provider. The College also created a Hands-on Healthcare Initiative to help educate and create excitement around healthcare professions for high school students. The program offers students the opportunity to spend a day at the College, where they get a hands-on opportunity to learn about healthcare. Students rotate through several stations and gain knowledge through hands-on experiences. In the fall of 2017, this program was expanded by offering a mobile Hands-on Healthcare unit via an ambulance, bringing this experience to students at their school.

In 2017, The Board of Trustees approved the exploration of offering its first terminal degree, a Doctor of Science in Physical Therapy (DScPT). This program helps secure the educational

faculty needed for physical therapy education. The program was approved by HLC in August 2018 and continues to graduate highly skilled educators in physical therapy. The College also began the Orthopaedic and Manual Physical Therapy (OMPT) Fellowship program. The fellowship program is now accredited by ACOMPTE, which stands for the Accreditation Council on Orthopaedic and Manual Physical Therapy Fellowship Education.

In the fall of 2018, Bellin College began offering all required general education courses for undergraduate programs on campus. Each course is unique and has a healthcare baseline so students can connect the value of their courses to their profession.

In addition to the Diagnostic Medical Sonography (BSDMS) degree, the Diagnostic Cardiac Sonography (DSC) Certificate program was added in the fall of 2019 and offered a 1-year program for sonographers to learn the skill of ECHO (cardiac) scanning. Due to the strong demand in cardiac sonography, in fall of 2021 the BSDMS program added a second concentration in cardiovascular. Students now have the option to pursue a DMS degree in general-vascular which includes abdomen, vascular, and obstetrics or cardiovascular which includes adult echo, pediatric ECHO, and vascular.

As a leader in education and a demand for outstanding cancer care, in the fall of 2020 the College started a 3-year bachelor's program in Radiation Therapy, which was approved by HLC in the spring of 2020. This program admitted ten students who will complete a rigorous curriculum. The first class graduated in 2023 and was approved by the Joint Review Committee of Education in Radiologic Technology (JRCERT) in June of 2023.

In June of 2020, the board approved to convert the 4-year bachelor's degree in radiologic sciences to a 3-year BS program. The ever-increasing demands of healthcare professionals continues. In 2021, the college received approval for HLC to offer a Doctor of Physical Therapy Program (DPT), a Doctor of Nursing Practice (DNP), which will be an online option, expanding the nurses' knowledge for advanced practice, and a bachelor's degree in Surgical Assisting (BSSA). This degree will be a 3-year degree, offering students significant clinical experiences. The DPT program is an in-person program and

unique in that students will have a variety of clinical learning throughout greater Green Bay and beyond.

To accommodate our program growth, the college purchased a secondary location on December 31, 2021, at 2620 Development Drive, a short 10-minute drive from our Eaton Road location. The building was remodeled to accommodate the physical therapy, sonography, and graduate nursing programs, two science labs, five additional classrooms, faculty offices, additional student study spaces, and the Advancement Department.

To expand our reach to high school students, in addition to the college's Hands on Healthcare program, a Healthcare Academy was started in fall of 2022. This program allows high school students to take college level credits throughout their high school years and earn up to 42 credits. The college partners with local high schools for this initiative.

In December of 2022, the Board of Trustees approved the Psychiatric Mental Health Nurse Practitioner program. Degrees will be offered at the MSN and DNP level. Pending Higher Learning Commission approval, a target start date to begin the program is in fall of 2024.

After months of planning, collaboration, relationship building, and learning our parent company, Bellin Health Systems, merged with Gundersen Health System on December 1, 2022. The collective histories of Bellin Health and Gundersen Health System made this a successful process. Over the course of the next year, work will begin to combine operations for the new organization. Per the Board of Trustee bylaws, the name of the corporation is Bellin College, Inc. and Bellin Health System will remain the sole member of the corporation. In April 2024, the system announced their new merger name, Emplify Health. This name change will happen across the system over the next 3-5 years. Bellin College will remain as Bellin College, and the college name will not be impacted by system name change.

The college continues to grow and expand its program offerings to meet healthcare needs. We have partnered with local healthcare entities to provide the best curricular components for our students.

While the first students practiced in a small building that accommodated only 17 patients,

the current students have many varied experiences in a variety of hospitals and more than 189 clinical agencies, including acute care facilities, nursing homes, home health, clinics, public health, and a variety of clinic and community settings. Bellin College has provided educational programs for the region since 1909 and has a distinguished history in Northeast Wisconsin. The College has been responsive to the changing trends in education and healthcare as well as the needs of the community and beyond. Bellin College continues to grow and expand program offerings to meet the future needs of the communities it serves.

There are also emergency call buttons located in the Resch location wellness center. Pressing these buttons will access 911 emergency services immediately.

The College has automated external defibrillators (AEDs) located at the front desks at both campuses.

During an emergency or drill, all students and employees should be prepared to vacate the buildings. Students should familiarize themselves with the Bellin College campus emergency evacuation plans posted throughout the buildings. If the circumstances require an evacuation, gathering points have been established for both locations. For the Resch location it is the Bellin Clinic, 3263 Eaton Road; for the Michael Van Asten location it is the Holiday Inn Express, 1663 Hoffman Road. Students and employees can shelter at these locations if needed.

Students are encouraged to monitor, at a minimum, the College website, their student email, and personal cell phone for information in

the event of a campus emergency. The text service utilizes phone numbers from student records, thus automatically enrolling all students upon college registration. Students may opt out of the service, realizing text messages are a primary means to deliver weather cancellations, Timely Warnings, and Emergency Notifications required by the Clery Act.

Various methods will be used to notify some or all segments of the campus community or greater public population. Notification will occur by any of the following means, or others, which may be necessary given the variables present in the emergency while weighing the intended target of the message:

- Public address announcements in the College buildings
- Text messages utilizing “BC Text Alerts”

Emergency Student Contact

Contacting students

Students should inform their families that calls of an urgent or emergency nature should be directed to the One Stop Shop office at (920) 433-6699. Office personnel will attempt to locate the student as soon as possible.

Emergency contact numbers

It is important that student emergency contact information remain up to date. Students can update the emergency contact information in their “My BC” portal.

Event Management (Incident Reports)

If an incident, which is negative consequence that results in unintended injury, illness, or personal property damage, which may or may not have been preventable, occurs, the following protocol is to be followed.

It is the responsibility of the individual involved, or who discovered the event, to initiate the event management report. They are also responsible to report the event to their direct supervisor/faculty. The supervisor/faculty is to inform the appropriate Dean or Vice President, and/or President of the event.

All programs at Bellin College are required to assist in the event management reporting system. It will be the responsibilities of the President, or designee, to review the event. They will then complete the follow-up and determine if any the quality improvement efforts need to be made. If an injury occurs and there is any medical evaluation or related bills, these will be processed through the injured parties' own medical/health insurance carrier. Event management Reports are confidential and protected by Wisconsin State Statute and are not to be placed in a medical record or personnel files. In general, printing of events is not allowed.

Food Service

Food service is available on the campus. The BC Express provides choices such as sandwiches, soups, salads, and snacks. The hours of operation are posted at outside of the BC Express. The Micro Market “Grab and Go” machines, microwaves and refrigerators are always available at both locations.

Inclement Weather/Class Cancellations

A declaration of inclement weather is a time identified by appropriate local/regional authorities in which warnings are posted and made available to the public advising of non-essential travel restrictions due to weather conditions. Local and regional authorities will post public warnings during inclement weather.

If the College operation is canceled (cancellation of classes, labs and/or clinicals), details will be communicated via text message, the website,

student email and/or local radio and television stations. The text service utilizes phone numbers from student records, thus automatically enrolling all students upon college registration. Students may opt out of the service, realizing text messages are a primary means to deliver weather cancellations, Timely Warnings, and Emergency Notifications required by the Clery Act.

Information about the closing will be available by 5 a.m. for day classes, labs and clinical and 1 p.m. for evening classes, labs and clinical.

Website:

Check www.bellincollege.edu for cancellations.

Radio/Television Stations:

When the College is completely closed (all course and extracurricular activities have been canceled at both locations) due to weather, it will be announced on the following local radio stations:

Radio Stations	TV Stations
WIXX 101.1-FM	WBAY Channel 2
WNCY 100.3-FM	WFRV Channel 5
WTAQ 1360-AM	WLUK Channel 11
WDUZ 1400-AM	WGVA Channel 26

TV and radio stations frequently do not begin announcing closings until 6:00 a.m.

Please note: Students are responsible for using personal judgment regarding their safety and travel to Bellin College during inclement weather. Students who attend clinical outside of the Northeast Wisconsin area should use their best judgment for inclement weather. The student(s) must communicate attendance decisions with the clinical site and Bellin College personnel.

Mental Health and Wellness Support Services

Bellin College is committed to supporting and advancing the mental health and well-being of our students and breaking down stereotypes surrounding mental health. Mental health problems can affect many areas of students' lives, reducing their quality of life, academic achievement, physical health, and negatively impacting relationships with friends and family members. These issues can also have long-term

consequences for students, affecting their future employment, earning potential, and overall health. For these reasons, Bellin College believes in and is committed to fostering a safe learning environment for all students, including those students that may be suffering from some form of mental illness. The college is committed to supporting our students' mental health through education, raising awareness, resources, programming, college personnel, etc.

Some things to consider: Get regular exercise and enough sleep. Evaluate your priorities, work on managing your time, and schedule restful activities in your daily life. Students who feel in control of their lives report feeling much less stress than those who feel that circumstances control them.

To schedule teletherapy:

Bellin College property includes owned or leased buildings and surrounding areas such as sidewalks, driveways, parking lots, etc. Examples of prohibited items include:

As required by Wisconsin law, persons with a license to lawfully carry a weapon may have a licensed weapon in their personal vehicle. However, these persons must ensure that the weapon is securely stored and is completely hidden from view at all times. Licensed persons must also keep the vehicle locked and secure at all times, in addition to complying with all other applicable laws. To ensure a safe learning environment and workplace, Bellin College reserves the right to conduct searches including, but not limited to: searching book bags, purses, briefcases, personal vehicles, jackets, and apparel. Searches may be conducted by Bellin College leadership, leadership appointees, security, or local authorities. If a student refuses the search, however, he or she may be dismissed.

Students are also strictly prohibited from making threats (direct or implied and with or without a weapon of any sort) or engaging in aggressive or violent conduct. They may not display or portray as real any object that resembles a dangerous weapon. Failure to abide by all terms and conditions of this policy may result in discipline up to and including dismissal and/or may result in criminal charges. As such, they are governed by the employment policies of the employer.

The College does not control the employment of students (with the exception of work-study students) however, it does hold certain beliefs. The faculty recognizes that successful achievement in the program can be jeopardized by work schedules that do not permit adequate study and relaxation time. Information Technology – Acceptable Use Policy

The College provides resources for the primary purpose of supporting the academic, administrative, business and communication needs of the College. All users of technology resources must exercise responsible, ethical behavior when using these resources and are expected to abide by College policies and local, state, and federal laws regarding their use. This policy defines the acceptable use of these technology resources.

“Technology Resources” refers to all computers, servers, switches, firewalls, software, wiring, network components, devices and services managed, whether owned or leased by the College.

Form for all guests, contractors, faculty, staff, and work-study students. Please note: This form is not required for students except for work-study students requiring access to an administrative system. The Bellin College technology resources are a private system. As such, the information stored on its computers and servers are the property of the College with the exception of material expressly developed by users for publication. Copyright and ownership of such content must be expressly and clearly stated in such works. Individuals who place content owned by others on College systems under their use accept full responsibility for maintaining compliance with copyright laws. The use of technology resources for personal purposes is allowed as long as the following occurs:

- The use does not interfere with the user’s duties and responsibilities or that of others.
- Personal use does not violate any College policies and local, state, or federal laws.
- Use does not interfere with the primary purposes of the system.
- Use does not adversely affect technology resources.

Information Technology – Electronic Mail Policy

Electronic Mail (email) is a tool provided by Bellin College to complement traditional methods of communications and to improve academic and administrative efficiency. Users have the responsibility to use this resource in an efficient, effective, ethical, and lawful manner. Use of the College email system implies consent to all College IT policies and practices. Violations of the policy may result in restriction of access to the College email system and/or other appropriate disciplinary action.

Senior students who graduate will have their Bellin College email account transitioned to an alumni email account two weeks after graduation. Instructions will be sent prior to the transition.

Scope

This policy applies to all users of Bellin College technology resources. A "user" is defined as any individual who logs into, uses, or attempts to log into or use a College system; or any individual

who connects to, or attempts to connect to or traverse the College network, whether by hardware or software or both, whether on campus or from a remote location.

Policy

The Bellin College Microsoft Exchange email system is the only recognized email system used to communicate between faculty, staff, and students. This is necessary to ensure the delivery and receipt of official communications. Email messages regarding College matters sent from an administrative office, faculty or staff member to students is considered to be an official notice and should be treated as such by the student.

Acceptable Use

Reference the Acceptable Use Policy for guidance on acceptable use, inappropriate use, and user responsibilities. Users must exercise caution when forwarding messages, either internally or externally. Sensitive information - such as social security numbers, addresses, age, gender, etc. - must not be forwarded to any party outside of the College without the prior knowledge or approval of that individual.

User Responsibility

Users are expected to read email on a regular basis and manage their accounts appropriately.

Sharing passwords is strictly prohibited. Each user is responsible their account, including safeguarding access to the account. All email originating from an account is deemed to be authored by the account owner and it is the responsibility of that owner to ensure compliance with these guidelines.

Privacy

Bellin College will make every attempt to keep email messages secure; however, privacy is not guaranteed, and users should have no general expectation of privacy in email messages sent through the College system. Users must be aware that email can, depending on the technology, be forwarded, intercepted, printed, and stored by others. Email that is not encrypted can be viewed by people other than the intended recipient, while it is in transit or on mail servers. Because messages can be stored in

backup systems, email may be retrievable when a traditional paper letter would have been discarded or destroyed.

Email Etiquette

When using email as an official means of communication, users should apply the same professionalism, discretion, and standards that they would use in written business communication. Furthermore, users should not communicate anything via email they would not be prepared to say publicly. The following practices should be followed when using email.

- Use a meaningful subject line when sending a message.
- Be concise.
- Use proper spelling, grammar, and punctuation.
- Avoid abbreviations that the reader may not be familiar with.
- Do not attach unnecessary files.
- Use proper layout and structure.
- Do not overuse the high priority option.
- Use upper and lower-case letters in your message. Messages typed in all upper case give the impression of shouting.
- Be selective about recipients. Use of distribution lists or 'reply all' features should be carefully considered and only used when necessary.
- Read the email before sending.
- Only use delivery and read receipts when necessary.

System Monitoring

Bellin College collects statistical data about its email systems consistent with generally accepted business practices. The College monitors the use of email to ensure the ongoing availability, reliability, and security of the system. The College may employ, at any time, tools to analyze statistical information to detect unauthorized usage, denial of service attacks, capacity planning and network problems. Under certain circumstances, it may be necessary for the IT staff or other appropriate College officials to access email files to maintain the system, to investigate security abuse incidents, and violations of this or other College policies. Such access will be on an as-needed basis and any email accessed will only be disclosed to those individuals.

Mailbox Size Limits

The Outlook mailbox quota is set at 2GB for all users, this includes the messages in your inbox, sent items and deleted items. The College has the right to restrict the amount of user space on the email server as necessary and to revise the size restrictions, as necessary.

Records Retention

Individuals are responsible for saving email messages as they deem appropriate. Messages are automatically purged from folders in order to save storage space. Automatic purge amounts are as follows:

- Sent - 365 days
- Deleted Items - 90 days
- Junk - 30 days

Inbox items are not automatically deleted. Individual users are responsible for deleting unneeded email in order to stay within their mailbox quota.

Email Size Limits

A 100-megabyte size restriction for all email is enforced whether being sent or received. This is necessary to preserve network bandwidth and mailbox storage resources.

Email Signature

Email signatures indicating name, job title, address, contact info and other particulars are strongly recommended for all email messages whether sent to internal or external receivers.

Data Backup

The email system is backed up on a nightly basis and stored for 30 days.

SPAM and Virus Protection

Bellin College utilizes SPAM filtering and anti-virus software. Virus-infected email often appears to be sent from a friend or coworker and will contain an attachment. This attachment is the virus carrier and, by opening the attachment, the virus code is executed. Attachments should be opened only when you are sure of the sender and message.

IT Services will make every effort to prevent these types of messages from entering our system. Contact the Helpdesk if any doubts exist; helpdesk@bellinCollege.edu; (920) 433-6666.

Information Technology – Online Proctoring

If a Bellin College course requires a student to take a test or quiz online, some or all features of a online proctoring tool may be required by the instructor for the exam to proceed. This may require the student to use an online proctoring tool on their personal computer, as well as allow the online proctoring tool access to that computer's webcam and microphone for the duration of the exam. Students may also be required to provide proof of identity prior to taking the online exam. Any confidential student information, including audio or video captured by the tool will be used exclusively for verifying the academic integrity of the online test, and will not be shared with any organization outside Bellin College and the online proctoring tool except with written permission from the student.

Information Technology – Online Verification

All coursework submitted (be it online, in person or by mail) must be an original representation of the student's work. The student who registers for Bellin College courses must be the same person who participates in, completes, and receives the academic credit. Any violation will be subject to the academic misconduct policies.

Information Technology – Student Technology Requirements

All Bellin College students are required to have access to their own PC (running Windows 8 or higher, or MacOSX 10.11 or higher), high speed internet, a webcam, and microphone for online coursework. It is recommended this computer be a notebook or tablet device which can be used on campus as well as at home. Chromebooks and Netbooks are not guaranteed to work with all Bellin College software.

Social Networks Advisement

Facebook, Twitter, and other social networking websites create opportunities to form or maintain friendships. Users choose to disclose their identities and determine how they represent themselves to the public at large. Students are reminded that pictures and information posted on the internet via programs such as Facebook and Twitter are public information. Students must ask permission to use the Bellin College logos in any self-initiated communication on any social sites.

Pictures and/or information from these sources that describe/document behavior that violates Bellin College policies or the code of conduct subject to further investigation and verification by the College. **Students are reminded of the importance of upholding the standards of confidentiality as they progress through community, lab/simulation, patient, and clinical experiences.** Any College policy violations that are documented as a result of such an investigation will result in appropriate disciplinary action by the College.

Wireless Internet

The campus is equipped with wireless internet. All users of Bellin College technology resources must exercise responsible, ethical behavior when using these resources and are expected to abide by College policies and local, state, and federal laws. To utilize the wireless internet on the Bellin College campus, students must agree to the terms of use provided. The College utilizes hardware and software products to prevent junk email and virus-infected email to be received by its students, faculty, and staff. For more information visit <https://www.bellincollege.edu/campus-life/information-technology/?highlight=email>

Writing Resources – APA Style

The American Psychological Association style (APA) is the common method of documentation for the college, unless otherwise indicated. The APA Style provides basic guidelines about preparing papers for submission. APA Style also uses parenthetical citation within the text to

identify source material and uses a reference list at the end of the work to give detailed information about sources cited in the paper.

The APA Publication Manual is the required text utilized by Bellin College. The current edition of this Manual is available in designated College resource areas and the library. Refer to the applicable textbook and supply lists or appropriate course syllabus for classes that may require the APA Manual.

The APA Manual provides examples of reference citations and answers to frequently asked questions. Students are to submit papers using APA Style. Paper submission format (electronic, hard copy, single-sided, double-sided) will be at the discretion of the course faculty and will be published in the paper/project guidelines or course syllabi.

Students are encouraged to consult with the faculty for clarifications or seek assistance from the Center for Academic Success, Teaching, and Learning Excellence (CASTLE).

Student Services and College Policies

Accommodations Services

Bellin College complies with the Americans with Disabilities Act (ADA) to provide all students with appropriate and reasonable accommodations for those with documented disabilities. If students anticipate requiring any auxiliary aids or services, they should contact accommodation services in student affairs at accommodations@bellincollege.edu.

Accommodations for disabilities are determined as a result of self-disclosure by the student. The primary objective of accommodation services at Bellin College is to encourage and facilitate students' self-advocacy. Self-advocacy entails empowering students to effectively communicate relevant information regarding physical, emotional, sensory, or learning challenges to student affairs at accommodations@bellincollege.edu. The aim is to ensure accessibility to the diverse range of education, programs, and services available at Bellin College. The accommodations process is completed confidentially with student affairs.

Students must renew their accommodations each academic year by completing the appropriate documentation and sending it to accommodation services in student affairs at accommodations@bellincollege.edu. The exception is students in the BSN 15-month program.

The college's Student Accommodation Policy and associated forms may be accessed in full on the college's website at <https://www.bellincollege.edu/campus-life/student-services/support-services/accommodation-services/>.

Bereavement Policy

Bellin College is a close-knit, caring community committed to student success. In the event that a student experiences the death of a loved one during the course of an academic term, the student may request to utilize the Bereavement Policy for Students. Bellin College recognizes the impact that a loss may have on the emotional and academic well-being of a student and wishes to support the student during this stressful time. Bellin College also understands that grief impacts every student differently and, therefore, this policy is not an attempt to quantify the impact of the death of a loved one or in any way address the nature of the grief process. Rather, the purpose of this policy is to provide a formal process to allow grieving students access to bereavement services, as well as the opportunity to be available for their families/loved ones during times of death and grief.

Under this policy, a student will be excused from class for funeral leave, subsequent bereavement, and/or travel considerations. While this policy excuses a student from class attendance, the student remains responsible for all material covered in class and must work with each individual professor upon return to complete any required work.

Typically, the student bereavement policy involves that of an immediate family member as defined below; however, it is up to the discretion of the student affairs office and other applicable college personnel to determine if a death outside of the immediate family warrants implementation of the student bereavement policy:

The immediate family includes:

- Parent(s) or legal guardian(s)
- Siblings
- Spouse or partner
- Children
- Other relatives living as members of the student's household
- In-laws
- Grandparents

Relationships outside the immediate family may include, but are not limited to:

- Aunts or uncles
- Cousins
- Nieces or nephews

Disclaimer: The College reserves the right to review specific situations to determine if exceptions to the established bereavement policy are warranted.

Procedure:

The standard bereavement policy suggests three days of leave, but the actual amount will vary based on the relationship with the deceased, religious, or cultural beliefs, and coursework/clinical hours. A student who wishes to take time off due to the death of a loved one must notify the Student Affairs Office who will communicate with the Program Director to create approved arrangements for coursework or clinical that will be missed.

Steps For Student:

1. The student must notify the Student Affairs Office prior to the start of the bereavement leave at campuslife@bellincollege.edu
2. A representative from student affairs will notify the necessary and appropriate on-campus offices (faculty, academic advisor, program director, dean, etc.) of a student's bereavement leave and anticipated return date.
3. The student is required to provide appropriate documentation to the Student Affairs Office at campuslife@bellincollege.edu.
 1. Acceptable documents may include: a funeral program, obituary, signed letter from funeral home, notice of death, or death certificate. Failure to provide documentation will result in the absences being considered unexcused.
4. Upon return to the institution, it is the responsibility of the student to

5. If an instructor fails to follow this policy, the student may appeal the instructor's decision in writing to the director of student affairs under the general grievance procedures.

Bias Incident Reporting

In order to flourish in an educational and work environment, all members of a college campus must feel safe and respected as equally valued members of the community. At Bellin College we support the freedom for all to express their points of view and the open exchange of ideas. This is true even in situations where those points of view may run counter or potentially be inflammatory to some. However, freedom of expression does not give permission for anyone to engage in speech or behavior that is rooted in intentional displays of hate or to act on their biases in ways that intimidate or threaten the safety of other individuals. A bias incident is defined in the policy as "behavior that is hostile, harassing, intimidating or discriminatory and is based on actual or perceived race, color, religion, ethnicity, national origin, sexual orientation, gender, gender identity, disability or other difference."

The actions of undergraduate and graduate/ students are expected to be consistent with the standards of conduct, core values, and student foundational behaviors. Bias incidents affect the well-being and success of campus community members and contradict the professed values of Bellin College; thus, the college has the responsibility to be proactive in preventing and being prepared to address the full range of bias incidents.

To be considered a bias incident, the act is not required to be a crime under any federal, state or local statutes. Colleges and universities may handle bias incidents through grievance procedures, such as the student conduct process, or through educational programs to enhance awareness and enable prevention of such acts.

The Vice President of Student Affairs, Enrollment, and Belonging (or designee) will be in contact with the student who has been accused of the bias incident within five business days of the report.

Hate Crimes

A hate crime is any bias incident that involves a crime of violence, property damage or threat. According to deferral and Wisconsin laws, that can include:

- Written graffiti on the side of a student's car.
- A social media post threatening to assault a specific individual because of their membership in a protected category.

While the majority of reported instances of bias-related actions on college campuses may best fit the definition of a noncriminal bias incident, hate crimes do happen on college and university campuses and must be reported to meet Clery Act requirements.

All bias incident reports are considered confidential. All parties, students, and employees are required to exercise confidentiality and privacy in relation to all verbal and written communications.

Reporting Options

If you have experienced or witnessed a bias incident, there are several ways to submit a report:

Students can use the [online report form](#) that is available. Once the form is completed and submitted, the Vice President of Student Affairs, Enrollment, and Belonging or designee will follow up.

Students may submit a phone report by calling the Vice President of Student Affairs, Enrollment, and Belonging by calling 920-433-6656 during business hours. If one decided to leave a message, a call will be returned at the earliest possible time during the next business day.

An in-person report can be made by scheduling a meeting with the Vice President of Student Affairs, Enrollment, and Belonging or the Chief Academic Officer.

Why Should I Report

While bias incidents sometimes target specific individuals, they often violate an entire group or community. Graffiti on the wall, defaced fliers, anonymous emails, and slurs or language meant to harass individuals convey a message of intolerance. By reporting such incidents, you

help the college community to maintain a positive learning, living, and working environment.

Bellin College seeks to resolve all concerns in a timely and effective manner. To that end, this complaint process serves as an ongoing means for any individual to discuss concerns or register formal complaints that pertain to alleged violations of State consumer protection laws that include but are not limited to fraud and false advertising; alleged violations of State laws or rules relating to the licensure of postsecondary institutions; and complaints relating to the quality of education or other State or accreditation requirements. Academic Affairs, Student Services, Admissions, Bursar, Registrar, and Financial Aid all provide specific administrative means to address and resolve most, if not all of the questions and concerns someone may have. Bellin College is committed to excellence and strives to create a caring environment. We welcome concerns about our services and programs in order to make quality improvements on our campus. Bellin College designates the Office of Student Affairs as responsible for receiving, investigating, and potentially resolving complaints. Drug Abuse and Alcohol Prevention Program

The College does not oversee the personal lives of College community members on or off campus. However, everyone is expected to be responsible for their own conduct and abide by

all state laws and follow College policies and guidelines. The unlawful manufacture, distribution, dispensing, possession, use, or being under the influence of a controlled substance or alcohol is prohibited within the Bellin College buildings and in clinical. All events with alcohol must be approved by the appropriate college personnel and the consumption of alcohol at such events must be in moderation. The College cooperates with civil authorities in the enforcement of local, state, and federal laws. Violations of federal and Wisconsin laws regarding drugs and alcohol will be considered a violation of the Bellin College foundational behaviors and should be reported to the Vice President of Student Affairs, Enrollment, and Belonging or Chief Academic Officer within two business days. A violation of drug and alcohol use must be reported to the respective state or national board examination organization if applicable. Eligibility for credentialing and licensure is at the discretion of the respective regulatory body. Penalties against persons found in violation of this policy include disciplinary action up to and including termination from the College program, or employment. Persons found in violation may be required to participate satisfactorily in a drug or alcohol abuse assistance or rehabilitation program which is approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency.

Drug Abuse and Alcohol Prevention Program

The Drug-Free Schools and Communities Act (DFSCA) of 1989 - also known as the Drug-Free Schools and Campuses Act - requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs. The DFSCA also requires the establishment of a drug and alcohol prevention program. Bellin College is committed to maintaining a drug-free campus. Given this objective, the college prohibits the unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs on its property or as part of any of its activities. All members of the Bellin College Community (faculty, staff, and students) are encouraged to review the information on the website as well as consult the Bellin College Guide and Employee Manual (Policy 6.17). Resources available for alcohol and drug abuse problems include the Bellin Health Services, such as the Employee Assistance Program and Student Assistance Program

through Bellin Health and other community resources. To comply with the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226), the College annually distributes to each student and employee the College policy regarding drugs and alcohol, a description of the legal sanctions and health risks, a description of available treatment programs and sanctions to be imposed if violations occur.

Family Educational Rights and Privacy Act (FERPA)

Bellin College complies with the Family Education Rights and Privacy Act (FERPA). Once enrolled, all students have a right to inspect and review most of the educational records maintained about them by Bellin College under FERPA of 1974 (as amended). Under most circumstances, no identifiable data (non-directory) will be released to a third party without the written consent of the student. Students may challenge information in their records which they believe to be inaccurate, misleading, or inappropriate and request a revision.

The College implements all provisions of FERPA as amended. For purposes of general records accountability, a file system has been established for all student records under the supervision of the Registrar. The FERPA record release exceptions:

- Release of directory information. (Please see below for what is considered directory information.)
- Instances when state or federal agencies request information essential to fulfill legal requirements for accreditation.
- Requests from agencies or organizations from which students have received financial aid.
- Requests in accordance with a lawful subpoena or court order.
- Requests from College officials with legitimate educational interests. (Please see below for the definition of a College official.)

A College official is defined as a person employed by the College in an administrative, supervisory, academic, research or support staff position, law enforcement and health staff, a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a

student serving on an official committee, such as a disciplinary or grievance committee, or assisting another College official in performing his or her tasks.

Bellin College has defined the following as directory information:

- Name
- Address
- Email address
- Cell phone number
- Date of birth
- Confidential recommendations to which the student has in their records prior to January 1, 1975
- Dates of attendance, year in college and enrollment status
- Academic honors
- Previous institutions attended.
- Participation in recognized activities
- Photograph

Please note: Students complete the FERPA disclosure permission forms as part of the orientation process. Forms are also kept in the One Stop Shop for any students who wish to update disclosure permissions. A new form must be completed by the student to change access permission to the student's record. Students should be aware that placing a FERPA hold on all records includes limiting the College's ability to provide a reference or verify enrollment or degree information. Students can select the transparency of the specific information visible within our student information system

Students can request access to records, documents and other materials directly related to them by appointment with the Registrar or the Chief Academic Officer.

Students may not have access to:

- Personal information of College employees.
- Employment records.
- Medical, psychiatric, or similar records used solely for treatment purposes and available only to recognized professionals in connection with such treatment. Students would be able to have such records inspected by a doctor or appropriate professional of their choice.
- The financial records of their parents used for financial aid purposes.
- Confidential letters and statements of recommendations placed in their records prior to January 1, 1975, and/or confidential

recommendations to which the student has given prior written waiver of access and which are used for job placement, admissions, or award purposes.

- Admission records accumulated prior to enrollment.

Disclosure to Parents

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

- Schools may disclose education records to parents if the student is a dependent for income tax purposes.
- Schools may inform parents if their son or daughter is involved in a health or safety emergency.
- Schools may inform parents if a student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance.

Student and Exchange Visitor Information System

FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of Student and Exchange Visitor Information System (SEVIS).

Family Educational Rights and Privacy Act – Procedure for Review of Records

If a student wants to review his or her files, he or she should:

- Submit a written request to the Registrar, identifying the records they wish to inspect. Although FERPA allows the College to act on the request within 45 days of the day they receive a request for access, Bellin College will usually be able to make arrangements within 10 business days. The Registrar will notify the student when and where the records may be inspected.

- Allow a College official (Registrar or Chief Academic Officer) to be present when the record is reviewed.
- Sign a required waiver of College responsibility for further confidentiality if copies of any information are made and given to the student.

Students have the right to seek changes to the information contained in their education records if they believe it is inaccurate or misleading. Academic or clinical grades given in individual units and/or courses are an exception. Students should write to the College official responsible for the record. In the communication, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The student has the right to file a complaint with the U.S. Department of Education concerning alleged failure by Bellin College to comply with the department requirements of FERPA. The name and address of the office that administers FERPA is:

U.S. Department of Education
 Student Privacy Policy Office
 400 Maryland Ave, SW
 Washington, DC 20202-8520

Leave of Absence from College

Students may apply for a leave of absence (LOA) from Bellin College for specific reasons and must be of a specific duration. There are three types of LOA, Voluntary, Medical reasons and Military Service. An approved leave allows students to return without taking part in the re-admission process. Any student wanting or needing to step away from a program of study (degree or certificate) can apply for a leave of absence from Bellin College for specific reasons and the leave may be required to be of a specific duration. An approved leave allows students to return without having to follow in the re-admission process. Bellin College supports students who need to take time away from studies and will provide a successful plan to resume studies upon their return.

A student should begin the LOA request process with an academic advisor or program director. A Student should also contact the Director of Financial Aid concerning any obligations or future financial aid.

- Supporting documentation must accompany the request for leave (i.e., military orders, medical documentation, jury duty notification, etc.).

- Students should be in good standing status when requesting a LOA.
- Mid-semester requests for leave should be submitted before the end of the withdrawal period whenever possible.
- All absences must be approved prior to leave, with the exception of bereavement and certain personal necessity conditions.

Students must notify Bellin College when requesting to return from a leave of absence. Sufficient time to prepare for the return should be provided by the student. Students must

provide supporting documentation before they can return from a leave of absence. The official return date and course program of study will be discussed prior to the return.

Students may also want to consider a deferred progression as an option for leaving the college for a planned, specific time frame (please refer to Exit/Withdrawal policy).

For additional information on the LOA types and request process, students should contact Student Services.

Title IX Policy Statement and Form

Bellin College is committed to maintaining a living, working, and educational environment free from sexual harassment, sexual violence, and sexual discrimination. It is the policy of Bellin College to comply with Title IX. Title IX of the Education Amendments of 1972 is a federal civil rights law that prohibits discrimination on the basis of sex in federally funded educational programs and activities. Title IX prohibits sex discrimination in all College programs and activities including, but not limited to recruiting, admissions, financial aid, academic programs, student services, counseling, discipline, roster assignment, grading, and employment.

To fill out a Title IX Complaint please fill out the [Title IX Complaint Form](https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/title-ix-complaint-form/) available on the college website (<https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/title-ix-complaint-form/>) or print the form provided below to fill out a paper copy.

SCOPE:

This policy applies to all College community members. Vendors, independent contractors, and other outside parties who conduct business with the College through affiliation and other agreements will be expected to comply with this

policy as well, as specified by the terms of any contract or agreement between the College and such third party.

PURPOSE:

Bellin College believes that each individual should be treated with respect and dignity and that any form of sexual harassment and/or discrimination based on sex is a violation of human dignity. Students, faculty, and staff have the right to work and learn free of sexual harassment and discrimination. The College maintains a “zero-tolerance” for misconduct based on sex and will take all reasonable efforts to prevent and promptly correct instances of Title IX violations. Additionally, students, faculty, and staff have the right to a structured process for resolution of their concerns.

Bellin College’s purpose is:

- To communicate the mechanisms for investigating complaints in a manner that reasonably protects the privacy of individuals involved in situations of alleged sexual harassment, including sexual violence and/or discrimination based on sex.
- To ensure the provision of equal employment and educational opportunities to faculty, staff, students and applicants for such opportunities without regard to race, ethnicity, religion, sex, marital status, national origin, age, disability, gender identity, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes.
- To protect all those involved who report or provide information related to Title IX violations from retaliation of any kind.
- To set forth guidance for preventing sexual harassment, including sexual violence and/or discrimination based on sex.
- To take timely action when sexual misconduct is alleged to have occurred.
- To establish a consistent process for resolving complaints of Title IX violations in a fair and just manner.

“Sex” for Title IX purposes includes biological or anatomical factors; actual or perceived gender; and actual or perceived sexual orientation. Sexual discrimination includes acts of sexual harassment. The US Departments of Education and Justice define sexual harassment as misconduct on the basis of sex that satisfies one or more of the following conditions: Unwelcome conduct that a reasonable person would

determine to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the school's education program or activity; sexual assault, as defined in the Clery Act, or dating violence, domestic violence or stalking as defined in the Violence Against Women Act (VAWA); a school employee conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo). Only one of the three conditions listed must be met for the conduct to be considered sexual harassment.

The federal Violence Against Women Act (VAWA) amendments and accompanying regulations clarify the duties of colleges to investigate and respond to reports of sexual assault, stalking, and dating and domestic violence, and to publish policies and procedures related to the handling of these cases. Under VAWA, colleges and universities also must provide training to the campus communities on sexual misconduct. Compliance with VAWA is a condition for colleges, like Bellin, that participate in the federal student aid program, and is administered by the Department of Education’s Federal Student Aid Office. New VAWA regulations were published by the U.S. Department of Education in October 2014 and became effective July 1, 2015.

Students, staff, and faculty who become aware of conduct that might violate these policies are urged to promptly report the conduct. When the sexual harassment creates a hostile environment, the College must address the issue. The US Departments of Education and Justice define hostile environment as an occurrence where “a student is sexually harassed and the harassing conduct is sufficiently serious to deny or limit the student’s ability to participate in or benefit from the program”.

The US Department of Education defines sexual violence as “physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent, for example, due to the use of drugs or alcohol; or disability preventing a student from having the capacity to give consent”. Sexual violence includes rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by school employees, other students, or third parties (US Dept. of Ed. Office for Civil Rights, 2014).

Title IX prohibits retaliation against people for making or participating in complaints of sexual

harassment, sexual discrimination and/or sexual violence. Bellin College prohibits retaliation against anyone for making a complaint, for assisting someone else in making such a complaint, or for participating in an investigation.

Vendors, independent contractors, and other outside parties who conduct business with the College through affiliation and other agreements will be expected to comply with this policy as well, as specified by the terms of any contract or agreement between the College and such third party.

Bellin College has designated a Title IX Coordinator, two Deputy Title IX Coordinators and a Title IX Advocate who will address complaints of Title IX violations.

POLICY:

Title IX is a federal civil rights law passed as part of the Education Amendments of 1972. This law protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. Title IX states that: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." Bellin College is only responsible for responding to conduct that occurs within its education program or activity. This policy does not apply to off-campus, private settings, which are not an education program or activity of Bellin College. The policy and grievance procedures do not apply to college community members outside of the United States.

Title IX applies to any institution receiving federal financial assistance from the Department of Education, including state and local educational agencies. Educational programs and activities that receive federal funds from the Department of Education must operate in a nondiscriminatory manner. Also, a recipient may not retaliate against any person for opposing an unlawful educational practice or policy, or because a person made charges, testified, or participated in any complaint action under Title IX.

The Title IX Final Regulations have been released on May 6, 2020. Bellin College continues to have a responsibility under Title IX to protect students' rights to equal education in an environment free

from sexual harassment and discrimination based on sex. Relative to the latest guidance and regulations, Bellin College has implemented the processes needed to achieve compliance with regulations issued by the Department of Education.

Bellin College's policies and procedures are intended to afford a prompt response to reports of sexual misconduct, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of College policy. Bellin College promptly and thoroughly investigates and resolves complaints alleging sexual harassment, including sexual violence, and/or sexual discrimination. Bellin College offers resources and support to all College community members experiencing concerns. We encourage you to make us aware of these concerns so that we can offer support and resources to you and/or those involved.

It is the policy of the College to provide equal employment and educational opportunities to students, faculty, staff, and applicants without regard to race, color, religion, sex, marital status, national origin, age, disability, gender identity, sexual orientation, veteran status, and any other groups protected by federal, state or local statutes. In addition, it is the policy of the College to comply with applicable state statutes and local ordinances governing nondiscrimination in employment and educational activities.

Acts of sexual harassment, sexual violence and/or discrimination based on sex are considered serious violations of this College policy. Because of the seriousness of these actions, the full range of institutional sanctions, including probation, termination, suspension, and dismissal may be imposed.

A College community member who believes themselves to be victim of sexual misconduct is encouraged to report the information in writing to the Title IX Coordinator. The College requires all Bellin College employees who receive information about sexual misconduct involving any college student, faculty, or staff member to report the incident to the Title IX Coordinator. The only exceptions for this are the individuals who provide confidential help, as listed below.

All student workers are considered mandatory reporters **WHEN ON THE CLOCK**. If a student worker becomes aware of information or an

incident of sex discrimination/misconduct while acting in the capacity of their employment, a report must be made.

The College will broadly disseminate this policy and distribute a list of resources available to respond to concerns of sexual harassment, sexual violence and/or sexual discrimination. Additionally, students and employees will participate in appropriate educational programs on Title IX as a federal law, prevention, and violations of Title IX.

Additionally, this policy applies to all terms and conditions of employment including, but not limited to, hiring, placement, benefits, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.

EMPLOYEE REPORTING PROCESS:

When an employee receives information that could constitute sex discrimination under Title IX the employee is required to report this information to the Title IX Coordinator within a reasonable timeframe. If an employee is confidential help the employee is required to give the information regarding the incident without identifying the name of the student and or employee.

Location:

Under the Title IX regulations colleges have specific responsibilities regarding the locations where they are required to address and manage incidents of sex-based discrimination, harassment, and assault. These responsibilities include:

1. **Campus Locations:** Bellin College must address incidents that occur on campus, including academic buildings and other campus facilities.
2. **Off-Campus Locations:** Bellin College is also responsible for addressing incidents that occur in off-campus locations if these locations are related to the college's programs or activities. This includes off-campus study abroad programs, internships, clinicals, and other off-campus events or locations tied to the institution.
3. **Online Environments:** Bellin College must address incidents that occur in online environments if they are connected to the institution's programs or activities. This

includes online classes, official online platforms such as the BC Buzz, and social media interactions related to the college.

4. **Third-Party Programs:** If Bellin College has substantial control over third-party programs or activities, it is responsible for addressing incidents within those contexts. This includes programs or events sponsored by the college but hosted by external organizations.
5. **Employment Contexts:** Bellin College is required to address incidents involving their employees, including faculty and staff, if the incident impacts the educational environment or involves sex-based discrimination or harassment in the employment context.

These regulations aim to ensure that the College provides a safe and non-discriminatory environment for all students, regardless of where incidents occur, as long as they are connected to the institution's educational programs or activities.

A formal complaint must be a written document filed by a complainant or signed by the Title IX Coordinator, alleging sexual harassment against a respondent, and requesting that the school investigate the allegations. The form can be found on the Bellin College website or in the Title IX Coordinator Office.

Hostile Environment: An occurrence where harassment is sufficiently serious to deny or alter the conditions of employment or the educational environment and create an abusive environment in which to work or study. The person alleging a hostile environment must show a pattern or practice of harassment against him or her; a single incident or isolated incidents generally will not be sufficient. In determining whether a reasonable person in the individual's circumstances would find the work or educational environment to be hostile, the totality of the circumstances must be considered.

Incapacitation Due to Alcohol and Drug Use: Incapacitated persons, whether male or female,

as a result of alcohol or other drug consumption (voluntary and/or involuntary), or who are unconscious, unaware, asleep or otherwise physically helpless, are considered incapable of giving effective consent because they lack the ability to comprehend that the situation is sexual, and/or cannot rationally and reasonably understand the nature and extent (who, what, when, where, why and how) of that situation.

Live hearing: A formal complaint of sexual harassment would constitute a live hearing. The Title IX grievance procedure provides for a live hearing. At the hearing, the decision-maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those which challenge credibility. The decision-maker will determine whether the question is relevant and explain any decision to exclude a question as not relevant. Bellin College must create an audio or audiovisual recording or transcript of any live hearing. The college must provide parties with an equal opportunity to present facts, witnesses, and other evidence.

Location of incidents: Bellin College is only responsible for responding to conduct that occurs within its education program or activity. Bellin College's jurisdiction for Title IX incidents is limited to conduct that occurs within the college's education program or activity. If the college chooses to address off-campus incidents involving students, it will need to occur as part of the student conduct process rather than the Title IX process. The complainant will be required to be a participant or attempting to participate in the college's education program or activity for a formal complaint to be filed. The policy and grievance procedures do not apply to individuals outside of the United States.

Official with Authority (previously responsible employee): All faculty and all staff with supervisory or leadership responsibilities or responsibilities related to student welfare are required to report acts of discrimination, discriminatory harassment, sexual harassment, sexual violence, crimes, and concerning and/or disruptive student behaviors. These individuals have authority to institute corrective measures on the college's behalf. All additional staff and students are strongly encouraged to report concerning behaviors.

Presumption of innocence: Grievance procedures and written notice of the allegations must

include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Record retention: Documentation related to the investigation, including any determinations, appeals, Alternative Resolution and training materials must be retained for a period of seven years. This documentation must also be made available to the complainant and respondent.

Respondent: An individual who has been reported (accused) to be the perpetrator of conduct that could constitute sexual harassment.

Retaliation: Intentional action taken by an individual or allied third party that harms a complainant, witness, reporter, or any other individual for filing or participating in a College investigation. The college expressly prohibits retaliation against any person who may intimidate, threaten, coerce or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, because the individual is involved in a Title IX proceeding. Retaliation includes charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment but arise out of the same facts or circumstances as a report or complaint for sex discrimination or sexual harassment.

Review of evidence: The college must send the evidence and draft investigative report to both parties and their advisors prior to the completion of the report. Each party must have at least 10 days to submit a written response before the investigative report is finalized.

Right to appeal: The college is required to offer both parties an equal right of appeal to a Title IX proceeding. Parties must appeal on at least one of the following grounds for appeal:

- Newly discovered evidence that was not reasonably available when the determination of responsibility was made that could affect the outcome.
- Bias or conflict of interest against one or both parties that affected the outcome.
- Procedural irregularity that affected the outcome.

Roles and responsibilities: Designate separate individuals as the Title IX coordinator, investigator(s), and decision-maker(s). This

forbids the "single investigator" or "investigator-only" models from Title IX grievance processes. Title IX personnel are required to be free from conflicts of interest or bias for or against complainants or respondents (see additional explanations above).

Mandatory reporters: All faculty and staff at Bellin College besides the Academic Success Coordinator and the Academic Advisor are considered mandatory reporters for Title IX. This means that regardless of the position or status, all faculty and staff are required to disclose Title IX related information and/or incidents that came to their attention.

Facilitator: The Title IX team are made up of facilitators which consist of the Title IX Coordinator, Title IX advocates, and Title IX Coordinators who all help execute the Title IX policies and procedures.

Sanctions: The college may impose a range of sanctions such as probation, suspension, termination, or dismissal.

Sexual Discrimination: Sex discrimination involves treating someone (a student or employee) unfavorably because of that person's sex. Discrimination against an individual because of gender identity, including transgender status, or because of sexual orientation is discrimination.

Sexual Harassment: Misconduct on the basis of sex that satisfies one or more of the following conditions: Unwelcome conduct that a reasonable person would determine to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the school's education program or activity; sexual assault, as defined in the Clery Act, or dating violence, domestic violence or stalking as defined in the Violence Against Women Act (VAWA); a school employee conditioning education benefits on participation in unwelcome sexual conduct (i.e., quid pro quo). Only one of the three conditions listed must be met for the conduct to be considered sexual harassment.

Sexual Violence: The United States Department of Education's Office of Civil Rights 2014, defines sexual violence as "physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. An individual's inability to consent to sexual activity may arise from use of drugs or alcohol or individual conditions including intellectual or

other disability". Sexual violence includes rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. Sexual violence can be carried out by school employees, other students, or third parties.

Stalking: A pattern of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others' safety, or to suffer substantial emotional distress.

Standard of evidence: Bellin College will use the preponderance of the evidence standard and apply the same standard to all formal complaints of sexual harassment, including those involving employees or faculty members.

Standard for response: The Title IX Coordinator must promptly contact the complainant confidentially to discuss the process for filing a formal complaint and supportive measures. The Title IX Coordinator will respond to the complainant with the necessary information within three (3) business days. In the event of the Title IX Coordinator's absence the Deputy Coordinator is to be contacted.

Supportive Measures (replaces Interim measures): Once an institution has actual knowledge of potential harassment and a formal complaint has been filed, the College will take immediate steps to provide the complainant and respondent supportive measures. Bellin College is required to offer supportive measures such as class reassignments or noncontact orders. Supportive measures are designed to free, individualized services to restore or preserve equal access to education, protect safety or deter sexual harassment. It is non-punitive or disciplinary with respect to another student.

Title IX Coordinator: An employee designated by the college to coordinate its efforts to comply with Title IX responsibilities. The coordinator may also be an investigator. The Title IX coordinator's name and contact information on the college website, print materials and is available to applicants for admission and employment, students, parents, legal guardians, and employees. Any person may make a report to the Title IX coordinator by person, by mail, by phone, email, or other means. A complaint "may be made at any time". After hours, reports may be made via voicemail to the Title IX coordinator.

Training: Training of Title IX personnel must include training on the definition of sexual harassment, the scope of the school's education

program or activity, how to conduct an investigation and grievance process (e.g., hearings, appeals, Alternative Resolution), how to serve impartially (i.e., without conflicts of interest or bias) and any technology used during a live hearing. These materials must be posted on the website or be made available for the public. The training provided must be free of "sex stereotypes" and must promote impartial investigations.

Written notice: The college must provide written notice to the parties that include sufficient details, such as the identities of the parties involved, if known, the specific section of the policy that was violated, the conduct allegedly constituting sexual harassment and the date and location of the alleged incident, if known. The college must also send written notices of any investigation interviews, meetings, or hearings.

PROCEDURE: ALTERNATIVE RESOLUTION (IR) PROCESS:

1. To move forward with an Alternative Resolution process a Title IX Complaint Form must be filled out (link below). Once the form is filled out it must be submitted by email or in person to the Title IX Coordinator. Written notice will be provided to the parties that include sufficient details. The Title IX Coordinator may offer the parties the opportunity to become involved in an Alternative Resolution process. Likewise, either party (complainant or respondent) may petition the Title IX Coordinator in writing to offer an Alternative Resolution process to the other party. The Title IX Coordinator is the sole administrator who determines if an Alternative Resolution is appropriate given the allegations.
2. The Title IX Coordinator and or facilitator will supervise the Alternative Resolution process. The facilitator will present the option of an Alternative Resolution and proposed terms to each Party independently and in writing. All related communication will go through the Title IX Coordinator. Participation in an Alternative Resolution is voluntary for all parties and requires full informed and written consent. If either party does not agree with the proposed terms, or is uninterested in engaging in negotiations, the party may ask to move to a formal

resolutions process at any time before signing the Alternative Resolution Agreement.

3. The IR will be voluntary for both parties and each party must submit a written request to become involved in the IR. An Alternative Resolution cannot be offered if the complainant is a student and the respondent is an employee.
4. The IR will not require the parties to confront each other or even be present in the same room.
5. The parties may consult their advisor or have their advisor present at any time an IR meeting occurs.
6. Either party may withdraw, without penalty, from the IR up until a written resolution agreement is signed by both parties. If either party withdraws from the IR, the formal Title IX process will resume.
7. A signed resolution agreement is binding on both parties.
8. The facilitator(s) has the authority to end the resolution process if the facilitator(s) believes that one or both parties are not operating in good faith. If this happens, the formal grievance process will resume.
9. Both parties and the facilitator (s) will have an opportunity to offer proposals to become a part of the final outcome(s)/agreement. An IR agreement may include, but is not limited to, an admission of responsibility, an admission of false allegations, disciplinary/punitive sanctions, counseling, and involvement in an educational program.
10. The Facilitator(s) and both parties must all agree to the outcome(s) of the IR. In doing so the facilitator will write a binding agreement based upon the parties verbal agreement with the negotiated outcome(s). Separately, both parties will then be offered the opportunity to sign this IR agreement. If either party refuses to sign this agreement, the IR will be considered failed and the formal Title IX process will resume.

One-on-One Communication:

- It is appropriate to use face-to-face communication only when the individual seeking an Alternative Resolution does not feel threatened, there is no risk of physical harm and the individual seeking an Alternative Resolution believe the other person will be receptive.
- Email/written correspondence is the preferred method of communication and

must go through the Title IX coordinator or facilitator. If the individual seeking an Alternative Resolution chooses to communicate face-to-face, they should also send an email summarizing the face-to-face interaction. Keep copies of any written communication. Communication should include:

- A factual description of the incident(s) including a description of the unwelcome behavior, date, time, place, and the names of any witnesses.
- A description of any consequences that the individual seeking an Alternative Resolution has experienced due to the unwelcome behavior.
- A request for the unwelcome behavior to cease.
- If the individual seeking an Alternative Resolution does not feel comfortable with the one- on-one communication or if the individual seeking an Alternative Resolution believes that the communication was not successful, the individual should consider other informal or formal procedures.

Third Party Assistance:

If an individual seeking an Alternative Resolution desires the assistance of a third party to attempt to resolve the situation informally, the individual seeking an Alternative Resolution may approach any one of the following resources:

- Title IX Coordinator
- Bellin College Security
- Bellin Human Resources (faculty and staff)
- The individual seeking an Alternative Resolution's supervisor or the supervisor's supervisor (faculty, staff & student employees).

All faculty, staff and students are strongly encouraged to report any actions or behaviors believed to be in violation of this policy. Allegations of sexual misconduct that come to the attention of faculty or staff with supervisory or leadership responsibilities or responsibilities related to student welfare must be reported to the Title IX Coordinator.

If the situation is not able to be resolved informally or if the individual seeking an Alternative Resolution chooses not to engage in an Alternative Resolution, the individual seeking

an Alternative Resolution may submit a formal complaint in writing to the Title IX Coordinator using the procedures below.

FORMAL RESOLUTION PROCESS:

In all cases of an allegation of sexual harassment, including sexual violence, and/or discrimination based on sex, the individual(s) making the allegation may choose to bypass the Alternative Resolution options and to proceed to a formal process. The Title IX Complaint Form can be used to report a concern of sexual misconduct located at:

Once the form is filled out it must be submitted by email or in person to the Title IX Coordinator. The Title IX regulations permit formal complaints that initiate the grievance process to be filed only by a complainant or the Title IX Coordinator. At the time of the complaint, the complainant must be participating in or attempting to participate in the college's education program or activity. Bellin College has the discretion not to initiate the Title IX grievance process for complaints made by former students or employees. The regulation does not prohibit parties from voluntarily waiving their rights to the grievance process required by the regulation. As a result, the college may create an alternative, streamlined investigation and adjudication process to be used only if the parties voluntarily consent to it and its use does not amount to deliberate indifference. Parties may voluntarily consent to Alternative Resolution in lieu of a formal investigation and hearing.

If at any point in the investigation, the college determines that the conduct alleged in the formal complaint does not constitute sexual harassment; did not occur in the college's education program or activity; or did not occur against a person in the US then the college must dismiss the complaint for its Title IX grievance procedure. The college has discretion to address such conduct under another policy, such as a student code of conduct, if it wishes to.

The college may dismiss a formal complaint at any time if the complainant would like to withdraw the complaint; the respondent is no longer enrolled or employed by the institution; or specific circumstances prevent the college from gathering evidence sufficient to reach a determination.

Bellin College will work to include reasonably prompt time frames for conclusion of the

grievance process, including appeals and Alternative Resolutions, with allowance for short-term, good cause delays or extensions of the time frames. The college will describe the range of supportive measures available and sanctions the college may impose on a respondent, following determinations of responsibility. The college will treat complainants equitably by providing remedies at any time a respondent is found responsible and treat respondents equitably by not imposing disciplinary sanctions without following the grievance process.

TITLE IX GRIEVANCE PROCESS:

See the detailed Summary of Major Provisions of the Department of Education's Title IX Final Rule.

1. A formal written complaint shall set forth in reasonably sufficient detail the nature of the alleged sexual harassment (based on the definition) the respondent(s) against whom the complaint is made, the name(s) of any witnesses, and any available evidence or sources of evidence submitted to the Title IX Coordinator. The formal complaint can be filed by a complainant or signed by the Title IX Coordinator.
2. Upon receipt of a written complaint, the Title IX Coordinator shall first determine if the complaint states facts sufficient to believe that a potential violation of the Title IX sexual harassment or a potential violation of federal and/or state laws has occurred. The Title IX Coordinator will notify the complainant in writing of its decision within five working days. Allegations will be sent by a written notice to both parties. Supportive measures will be put in place. If allegations do not meet the definition of sexual harassment or did not occur in the college's education program or activity against a person in the US, the allegations are dismissed.
3. If there is the potential of a violation of the Title IX Policy or federal and state laws, the Title IX investigator(s) will conduct a prompt, thorough, and impartial investigation. Privacy of a party's privileged record is not accessed unless written consent is obtained.
4. The college has the burden of gathering evidence and the burden of proof. The Title IX investigator(s) will objectively gather and consider relevant facts. The Title IX investigator(s) will ensure that statements of the complainant, the respondent, and all

witnesses are documented and that the investigation is conducted in a thorough, objective manner and is considerate of all of the parties involved.

5. A live hearing and cross-examination are part of the grievance process. At the live hearing, the Decision-Maker(s) must permit each party's Advisor to ask the other party and any witnesses all relevant questions. Each party will have an equal opportunity to present facts, witnesses, and other evidence. The cross-examination must be conducted directly, orally, and in real time by the party's Advisor of choice and never by a party personally.
6. The investigation will normally be concluded within 30 working days. The complainant and respondent will be notified in writing of any reasonable delays.
7. There is no restriction of the ability of the parties to discuss the allegations or gather evidence (no "gag" orders). The investigation will be private and confidential to the greatest extent possible.
8. In all cases of formal allegations, the Title IX investigators will write an investigative report, including a summary of the complaint and the findings of the investigation, based on a preponderance of evidence.
9. The written investigative report shall be available for review by the complainant, the respondent, and to the appropriate College authority. Each party will have 10 days to review the draft investigation report and submit a response before the report is finalized.
10. In consultation with the appropriate College Administrators, the Decision-Maker will make a determination on the action(s), if any, to be taken.
11. The Decision-Maker will communicate the determination of action(s) to the complainant, to the respondent, and to the appropriate College personnel within five working days of conclusion of the investigation. The College will take immediate and corrective action as appropriate.

The Hearing:

When the complainant requests to file a formal complaint, or when the Title IX Coordinator files one on behalf of the institution, the Title IX

Coordinator and Hearing Facilitator will coordinate the hearing for alleged violations of the Title IX Policy Discrimination Policy.

Once the investigation is complete and the investigative report is finalized, the college will schedule a hearing, giving each party at least ten (10) business days' notice of the hearing being scheduled.

College representatives will meet in a pre-hearing conference with the complainant and respondent to discuss their rights in the hearing, share about what will take place, and answer any questions that participants may need answered. This meeting is called a pre-hearing conference, and will take place at least five (5) business days prior to the hearing. Parties may bring their support person and/or process advisor to this meeting.

Party Opening Statements:

The complainant and the respondent may submit opening statements for the hearing, which they will read at the start of the hearing.

Statements must not exceed three (3) typed pages of 1500 words if single-spaced. The complainant and respondent can decide what information should be included within their statements, but may choose to discuss the impact of the alleged incident or how involvement in this case has impacted them individually.

All documents must be submitted at least three (3) business days prior to the hearing; instructions for submitting will be provided during the pre-hearing conference.

Subjection to Questioning:

Parties are encouraged to participate in the hearing, but are not required to do so. Witnesses will also be invited to participate in live cross examination. Statements and other evidence provided during the investigation, along with statements during the hearing and cross-examination, may be considered for decision making by the Hearing Officer. The Hearing Officer will not draw an inference about the determination regarding responsibility based solely on a party or a witness's absence from the live hearing and/or refusal to submit to questioning by the parties' advisors.

Hearing Format:

At the hearing, the complainant and the respondent will be given space in separate areas to convene and prepare for the hearing before being called into the hearing room. Both parties will be able to see the Hearing Officer and hear/see one another. However, upon request of either party, the parties will be separated into different rooms with technology enabling the parties to participate simultaneously and contemporaneously by video and audio.

An audio record will be kept of the proceedings and made available to each party for their audio review, at their written request. A copy of the audio recording is not available for dissemination or duplication.

The hearing may also take place fully virtually, if necessary, to allow for a timely response to the allegations.

An outline of the hearing format will be provided to parties at the pre-hearing meeting, but will generally utilize the following format:

- Opening instructions and introductions;
- Review of the Rights of the parties;
- Opening statements by Complainant and Respondent;
- Questioning of the Complainant:
 - By Hearing Officer;
 - By Process Advisor for Complainant
 - By Process Advisor for Respondent;
- Questioning of the Respondent:
 - By Hearing Officer;
 - By Process Advisor for Respondent;
 - By Process Advisor for Complainant;
- Questioning of Witnesses (Including Investigator):
 - By Hearing Officer;
 - By Process Advisor for Complainant and Respondent;
- Closing statements by Complainant and Respondent
- Closing instructions
- Deliberation and Decision-Making

Following conclusion of the decision-making process, the Hearing Officer, with administrative support from the Title IX Coordinator and/or other college administration will prepare a written decision that includes the following information:

- Identification of the allegations potentially constituting Sexual Misconduct made in the formal complaint;

- A description of the procedural steps taken by the college upon receipt of the formal complaint, through issuance of the written decision, including notification to the parties, interviews with the parties and witnesses, site visits, methods used to gather non-testimonial evidence, and the date, location, and people who were present at or presented testimony at the hearing.
- Findings of fact that support the determination;
- A statement of, and rationale for, each allegation that constitutes a separate potential incident of Sexual Misconduct, including a determination regarding responsibility for each separate potential incident based on a standard of preponderance of evidence;
- Any sanctions to be imposed;
- Any ongoing supportive measures or other remedies as determined by the Title IX Coordinator; and
- A description of the process and grounds for appeal.

The Title IX Coordinator and/or designee will be responsible for sharing the findings of the Hearing Officer concurrently, through Bellin College email, with the complainant and respondent. Parties will be notified within five (5) business days about the outcome of the hearing. It is expected that everyone involved in the hearing process will follow all standards and expectations established for participants, as outlined in pre-hearing meetings.

Sanctions and Remedies:

If a complaint of Sexual Misconduct is found to be substantiated, the college will take appropriate corrective, disciplinary, and remedial action to stop the inappropriate conduct, address its effects, and prevent its recurrence. Students, faculty, and employees found to be in violation of this policy will be subject to discipline up to and including written reprimand, suspension, probation, demotion, termination, or expulsion. Affiliates and program participants may be removed from college programs and/or prevented from returning to campus.

The college will impose appropriate sanctions on a case-by-case basis, depending on the severity and/or pervasiveness of any violations. In determining appropriate sanctions, the Hearing Officer may examine and consider a number of factors, including, but not limited to:

1. Level of ongoing risk or harm to the community;
2. The nature and seriousness of the violation;
3. Use of drugs or alcohol;
4. Motivation underlying the respondent's behaviors; and
5. The Respondent's record of past misconduct, including prior violations of the same or similar type.

Sanctions will not be implemented until after the appeal deadline has passed or, if an appeal is filed, until after the appeal has concluded. However, the college will keep supportive measures in place until the decision is final and the Title IX Coordinator has notified parties that the supportive measures are no longer in place.

The following includes a list of the possible sanctions that may be imposed upon any respondent found to have violated the policy. The college has the authority to tailor sanctions, such as both punitive outcomes and educational outcomes, to address specific situations.

Possible sanctions include:

- Disciplinary Probation
- Suspension
- Expulsion
- Postponement of Graduation
- Withholding Proof of Degree
- Degree Recission g. Transcript Notation
- Prohibited Admission or Readmission
- Organizational Sanctions
- Counseling Referral
- Parental Notification
- Educational Outcomes, including training, discussion, and reflective opportunities
- Other Actions Designed to Avoid and Prevent Future Violations, including:
 - Limitations on co-curricular engagement, such as removal from a leadership position, or on-campus employment
 - Ongoing no-contact order

In the event that a respondent is suspended or expelled because of a finding of responsibility under this policy, a notation will appear on their transcript. A hold may be placed on a student's account until completion of necessary sanctions.

If a finding of responsibility occurs through any of these complaint resolution procedures, the complainant is entitled to ongoing remedies designed to preserve or restore equal access to

the college's education program or activity. The range of remedies available to a complainant include but are not limited to the supportive measures listed in the policy, but remedies are not required to be non-disciplinary or non-punitive and may burden a respondent.

APPEAL PROCESS:

1. The final regulation mandates that either party be allowed to appeal the determination, any dismissal of the complaint within 5 days of the determination, on the following grounds:
 - Procedural irregularity that affected the outcome
 - New evidence not reasonably available
 - Conflict of interest or bias by the college's participants what affect the outcome.
2. The non-appealing party must be notified of the appeal and allowed to submit a written statement in response.
3. The appeal Decision-Maker(s) cannot be the same as the hearing Decision-Maker(s). Nor can the appeal Decision-Makers(s) be the Title IX Coordinator or the investigator(s) who worked the case.
4. The appeal must conclude with a written decision by the appeal Decision-Maker describing the appeal and the rationale for the result that is provided to the parties simultaneously. The final determination will be made using a preponderance of evidence standard, within five working days after receiving the written appeal.
5. The final determination will be communicated in writing by the President to the individual
6. who submitted the appeal and shall be considered final.

Request for Postponement:

Postponements of deadlines or hearings shall not be granted except when extenuating circumstances exist, as defined in this section. Extenuating circumstances or situations, which preclude the complainant or respondent from meeting the deadline or attending the hearing, are very limited. Examples of extenuating circumstances include either party suffering from an incapacitating medical condition or emergency, supported by a physician's note, or a death in the party's immediate family.

The unavailability of process advisors or a support person is not a reason for

postponement. The complainant and respondent are expected to modify their personal calendars to meet the deadlines and hearing dates.

Some instances of Sexual Misconduct may also constitute criminal conduct. In the case where alleged criminal conduct has also been reported to law enforcement, the college may temporarily delay its investigation of the complaint where necessary to avoid interfering with law enforcement. However, the pendency of a criminal investigation does not serve as a substitute for these procedures and the investigation and resolution process will commence promptly once interference is no longer a concern.

In addition, because the standard of proof that applies in these procedures (i.e., preponderance of the evidence) is different than the standard necessary for a criminal conviction (i.e., proof beyond a reasonable doubt), the college's determination will not be held in abeyance due to the pendency of a criminal trial.

Annual Report: The Title IX Coordinator shall provide a statement documenting the number of complaints received pursuant to this policy, the categories of those involved in the allegations, the number of violations found, and examples of sanctions/corrective actions imposed for policy violations that is in conjunction with the College's Annual Security Report.

Administrative Review: In the absence of a formal complaint, the President's Cabinet has the authority to initiate an administrative review at the request of a department, program, or area when in the requested by a supervisor when in the judgment of the President's Cabinet a review is necessary. As necessary the College reserves the right to serve as complainant and to initiate an investigation without a formal complaint. The College encourages any member of the College community who feels he or she has been subjected to sexual misconduct to use the complaint procedure outlined in this policy. Additionally, an individual has the right to file a complaint with outside enforcement agencies including the United States Department of Education's Office of Civil Rights (OCR), the Equal Employment Opportunity Commission (EEOC), or state or local law enforcement or prosecution authorities.

Respondent Takes Leave, Fails to Cooperate:

In the event that the respondent decides to take an informal or formal leave from the college prior to, during, or preceding the hearings and before an outcome is delivered, the following may be put into effect:

- Investigation will continue with the opportunity granted for the respondent to participate, with a notation made on the student's transcript, indicating that the hearing is in process, or indicating any findings of responsibility (as founded)
- Respondent may not be able to re-enroll without the authorization of the Title IX Coordinator; and/or
- Formal complaint may be dismissed.

Process Advisors:

Bellin College provides access to an individual (typically, a staff or faculty member) trained as a process advisor for both the complainant and respondent. The advisor will be available to accompany each student during all investigative meetings, hearings, and other meetings related to the complaint. Neither party is obligated to work with a process advisor provided by the college. Either party can elect to have an individual of their choosing serve as a process advisor.

The process advisor may assist the complainant or the respondent in preparing for the hearing and in navigating the related processes, and will conduct cross examination on all parties who make statements during the hearing. Process advisors provided by the college have no legal training or knowledge and are not attorneys; they do not advocate or speak on behalf of the parties. At the request of a party, a process advisor will be made available within two (2) business days after an initial request for a process advisor is initiated by the complainant or respondent.

If a complainant or respondent does not provide their own advisor at a hearing, the college will provide an advisor. Students cannot participate in the hearing without an advisor present.

Hearing Officers:

Because of the unique and sensitive nature of these matters, these cases are heard by a specially trained Hearing Officer. The Hearing Officer may be a Bellin College staff/faculty or an

externally hired expert, and is trained and provided by the Title IX Coordinator. Training for Hearing Officers may include: knowledge of Title IX and other sexual/gender based discrimination and harassment, the college policy and procedures, trauma-responsive practices, determining relevance of evidence presented, and other relevant topics.

The complainant and respondent will each have the opportunity to challenge a Hearing Officer on the basis of any perceived or actual bias. The Hearing Facilitator and Title IX Coordinator will discuss with the parties their reasons for opposition to a specific Hearing Officer if bias concerns are raised, and will make a determination on the perceived bias.

The college is committed to ensuring that its resolution processes are free from actual or perceived bias or conflicts of interest that would materially impact the outcome.

Dismissal of a Formal Complaint:

If a preliminary assessment of the formal complaint determines that the conduct at issue falls outside of the scope of Section VII A. (Title IX), it will be dismissed from Section VII A. and addressed according to Section VII B. (Other Prohibited Conduct).

Formal Complaints will fall outside Title IX Sexual Harassment, Sexual Misconduct, and must be dismissed when:

- The conduct does not constitute Sexual Harassment or sexual misconduct or discrimination
- The conduct did not occur in the college's education program or activity;
- Student exists the institution during the process
- The conduct did not occur against a person within the United States; and/or
- The complainant was not participating or attempting to participate in the college's program at the time of the complaint.

AMENDMENTS OR TERMINATION OF THIS POLICY:

Amendments to this policy were implemented August 2020 in compliance with the May 6, 2020 Final Title IX Regulations issued by the

Department of Education. Bellin College reserves the right to modify, amend, or terminate this policy at any time.

Title IX Advocates (Confidential)

Resources are available for individuals to discuss incidents and issues related to sexual misconduct on a confidential basis. Confidential resources can provide survivors with information about support services and their options. Our resource for confidential help are the Title IX Advocates. Other confidential resources would be a clergy, counselors at Life Matters Student Assistance Program or Life Matters Employee Assistance Program (EAP).

Confidential resources will not disclose information about incidents of sexual misconduct to anyone, including law enforcement or the College, except in situations, such as when failure to disclose the information would result in imminent danger to the individual or to others. In this case, the victim would be told that initially. The Title IX Advocates would then bring forward the issue to the Title IX Coordinator and Deputies.

Because of the confidential nature of these resources, disclosing information to or seeking advice from a confidential counselor does not constitute a report or complaint to the College and will not result in a response or intervention by the College.

Student Health and Safety Policies

Bloodborne Exposure

Students who sustain a sharps injury (needle stick, glass, blade, etc.) or exposure to blood, or bodily fluids, while engaged in a college sponsored education program should receive prompt medical attention, including counseling, prophylactic drug treatment, and baseline and follow up laboratory values, as necessary. In accordance with this policy, students who have been exposed to blood and/or body fluids must adhere to the following procedures. Please keep in mind that drug prophylaxis is time sensitive (2-24 hours), and patients leave the hospital quickly, therefore the student must immediately seek help from the appropriate supervising personnel.

Immediately after exposure first aid steps should be taken.

1. Tell your preceptor and/or clinical instructor that you have had a sharps injury/exposure.
2. Remove the item that punctured your skin from the sterile field (if applicable).

3. Break scrub. (if applicable)

4. Clean the wound with soap and water for 15 minutes (per CDC guidelines)

5. If a splash exposure, flush mucous membranes with water or saline. Remove contacts if splash in eye. Flush for 15 minutes.

Appropriate medical follow-up must be obtained. Students who incur a bloodborne exposure will follow the clinical agency's policy to gain appropriate counseling and testing. Testing of the source patient's blood will be done according to the facility's policy. The student is NOT to ask the source patient for permission for blood testing. The student will be counseled and advised regarding the post-exposure prophylaxis, if necessary. Baseline blood tests will be administered on the student. Retesting occurs at 6 weeks, 3 months, and 6 months after exposure (or as indicated by facility policy). All procedures, testing, and results will remain confidential and will be at the expense of the student. The faculty will initiate the incident/injury report and evaluate the circumstances of the incident and notify the appropriate program director. The injury report will be completed at the clinical agency site. The Bellin College incident/injury report will be completed and filed at the college.

DCS Fitness for Class, Lab, and Clinical

All students must report to class, lab and clinical free of impairment from the use of alcohol and/or drugs, and are thereby judged as fit for class, lab and clinical. The following procedural steps will be followed when there is reasonable suspicion of impairment.

- If any member of the College community suspects a student may be unfit for class, lab, and clinical, the student should report observations to the person supervising the student. That person must document the observed behaviors prior to leaving class, lab, and clinical that day.
- Any student suspected of not being fit for duty, based on personal observation of appearance, behavior, speech, or breath odor will be asked to undergo a drug and alcohol test by a faculty member or appropriate College administrator at the time of the observed behavior.

- The student will be removed from class, lab or clinical with assistance of the faculty member and/or the administrator. Students will not be allowed to leave unescorted.
- A voluntary signature will be obtained on a consent and release form prior to any specimen collection. Refusal to sign the consent to release information form and/or undergo a drug and alcohol test, when there is reasonable cause for testing, will result in presumed positive test results and an immediate suspension from class or clinical pending further disciplinary action. (Further disciplinary action may include dismissal from the College, independent and regardless of the results of any subsequent drug and alcohol test).
- Any student involved in a reasonable cause circumstance, whether tested or not, will be transported home by a faculty or administrator. This is to prevent the student from operating their vehicle when possibly under the influence of drugs and/or alcohol. If necessary, law enforcement will intervene.
- Any faculty member or other person who has reasonable cause to suspect that a student is under the influence of drugs and/or alcohol will submit a written statement of all observations made.
- When a student's drug/alcohol screening is positive and a student assistance program referral is made, the student's return to school will be based on the following:
 - Evidence of ongoing compliance with the recommended treatment plan as outlined by the student assistance program.
 - A signed return-to-school contract, as coordinated by the Dean of Students & Allied Health Sciences, which may include additional drug and/or alcohol testing prior to returning to class or clinical, as well as additional drug and/or alcohol tests without notice at any time within 24 months from the date.
 - Successful completion of the student assistance program.

Please note: Positive test results for any of the above drug and/or alcohol testing will render the student subject to discipline, up to and including dismissal from Bellin College.

The confidentiality and privacy rights of Bellin College students will be protected. Test results and/or the identities of any student participating

in a rehabilitation program will not be [revealed](#) to anyone outside this policy without the express written consent of the student.

Healthcare Insurance

As a healthcare-focused institution, Bellin College is deeply committed to the health and well-being of all students. Guided by our core values of care, compassion, and responsibility, we recognize that access to healthcare is critical for student success. This policy ensures that every student is prepared to address their health needs with minimal disruption to their education and clinical responsibilities.

POLICY:

All enrolled students at Bellin College are required to carry and maintain active health insurance coverage throughout their enrollment. This applies to all undergraduate and graduate students. This does not apply to non-degree seeking students.

To support this policy, Bellin College has partnered with Covering Wisconsin, a nonprofit organization that helps individuals and families in Wisconsin find affordable health insurance options. This partnership will assist students in identifying plans that meet their needs and budgets.

Health insurance compliance will be tracked through ViewPoint.

- Students must upload proof of current health insurance coverage to ViewPoint prior to the start of each academic year.
- Acceptable coverage includes personal insurance, family insurance plans, Medicaid/BadgerCare, or insurance purchased through the Health Insurance Marketplace.
- Bellin College does not currently offer a student health insurance plan but will assist students in connecting with Covering Wisconsin for support.

Exemptions:

Students may request a waiver for extraordinary circumstances by submitting a written appeal to Student Affairs to campuslife@bellincollege.edu. Each request will be reviewed on a case-by-case basis.

Non-Compliance:

Students who do not submit proof of insurance may face holds on course registration, may be restricted from participating in clinical experiences, and will not be considered compliant with institutional requirements.

Resource:

In partnership with Bellin College, Covering Wisconsin is available to help students with their health insurance needs and questions. A program of the University of Wisconsin-Madison Division of Extension, Covering Wisconsin is our state's federally-certified and state-licensed health insurance Navigator entity. There is no cost for Covering Wisconsin's services including helping students understand their health insurance options, enrolling in the most appropriate coverage, and learning how to access benefits. Covering Wisconsin is proud and happy to help both the students of Bellin College and residents throughout the state. Learn more about Covering Wisconsin here.

Injury Reporting

If a student is injured or underwent surgery, the student should inform the Vice President of Student Affairs, Enrollment, and Belonging and Program Director. The student must provide a report from their healthcare provider, documenting any restrictions and/or any prescription medications. The appropriate Program Director will provide clearance to participate in coursework, including lab and clinical experiences.

Any student injured in class should report the injury to their faculty member. Basic first aid will be provided by the College. If further medical care is warranted, the student will be referred to his or her healthcare provider or taken to the emergency department. The cost for care will be billed to their health insurance. The College expects all students to maintain health insurance coverage.

Students injured when performing clinical duties will follow appropriate policy and procedures as designated by the clinical agency. The student will also report the injury to clinical faculty and complete an incident report form with the Administrative Assistant for Student Affairs. Any

significant exposure must be reported to the faculty member immediately. If the injury occurs at Bellin Hospital, the student should report to Employee Health Services or in their absence, to the SWAT/Supervisor.

A student who has been absent for a significant health problem (surgery or injury with crutches, brace, or cast) is required to submit a licensed healthcare provider's note to the Vice President of Student Affairs, Enrollment, and Belonging, indicating any restrictions and/or if the student is able to resume classroom, lab and/or clinical activities.

All students must have an emergency contact on the back of their student ID, along with current contact information in the Student Services One Stop Shop office.

- To be allowed a voluntary leave of absence

Documentation is not required when:

- Needs are obvious
- Student previously provided sufficient documentation
- Reasonable modification is sitting or standing, keeping water nearby, or taking breaks for basic needs

Pregnancy Written Notice

When a student informs any employee of a student's pregnancy or related conditions, the employee must promptly provide the college's accommodation services' contact information via email and inform that person that Student Affairs can coordinate specific actions to prevent sex discrimination and ensure reasonable accommodations. The email address for accommodation services is accommodations@bellincollege.edu

If the student is enrolled in a program where additional risks, such as radiation exposure, exposure to certain illnesses, etc., may be incurred, these risks will be discussed prior to completion of the Declaration of Pregnancy Form.

The Program Director, together with the Vice President of Student Affairs, Enrollment and Belonging and other appropriate college personnel, will work to create options for the student. If granted a leave of absence, the student must provide evidence of ability to return to the College by a licensed healthcare provider. Documentation must indicate the return date and any restrictions, if applicable. All evidence of ability to return should be provided to accommodation services/Student Affairs.

Payment Policies and Procedures

Overpayment of Account

Students with overpayments/credit balances either through excess financial aid or personal payment have the option to hold their credit on their account for a future term or receive a refund check for the overpayment/credit amount. To have the overpayment/credit held on the student account, the student must notify the Bursar in writing to hold the overpayment/credit for future charges, otherwise their overpayment/credit will be automatically refunded after the add/drop period.

Refund checks for overpayment/credit balances are processed after the add/drop period has passed. Refund requests are processed once a week and students are notified via their Bellin College email once their refund check is available to be picked up in Student Services. Refund checks can also be mailed to the student upon their request.

Semester Billing

Billing (tuition and fees) statements are made available to students each semester they are enrolled. Students can view their tuition and fee charges through their MyBC Portal each semester. Payment for tuition and fees is due by the published due date each semester. Due dates are published in the academic year calendar: (<https://www.bellincollege.edu/campus-life/calendar/>).

Financial Aid Policies and Procedures

Policies and Procedures

The DCS is a certificate program and is considered ineligible for financial aid.

Registrar Policies and Procedures

Academic & Registration Calendars

Please see the Quick Links menu on the Bellin College website at www.bellincollege.edu. Click on Academic Calendar or the Registration Calendar for full access.

Allied Health Clinical Work

Students are not allowed to be paid for clinical hours that are assigned as part of their respective clinical course outcomes. Students may work outside of their assigned clinical hours in the respective profession, but these hours will be not counted towards their assigned clinical hours or clinical course outcomes.

Course Add/Drop/ Withdrawal Procedures

Course Add

A course add is defined as enrolling in a class on or after the first day of the course within the semester. Students planning to add a course must be aware of the following:

- Student should consult with the Academic Advisor or appropriate Program Director to determine the impact on their program of study.

- [Student must complete the Add/Drop/Withdrawal form with the Academic Advisor or Program Director.](#)
- Add dates will be based on the date the official form is dated. Adding a course may involve tuition adjustment implications. Adding a course may require permission from course instructor.
- Course adds are typically allowed only during the semester add/drop period each semester in accordance with the published Registration Calendar.
- Late course adds may be allowed under specific circumstances, with permission from faculty and/or program director. No late adds are allowed after the second week of class, based on course schedule.

Course Drop

A course drop is defined as canceling enrollment in a class after the first day of the course. Students planning to drop a course must be aware of the following.

- Students should consult with the Academic Advisor or Program Director to determine the impact on their program of study and ability to progress in the curriculum plan.
- Student must complete the Add/Drop/Withdrawal form with the Academic Advisor or Program Director.
- A course drop typically results in a full refund of the tuition and fees related to the course enrollment.
- Course drops are typically allowed only during the semester add/drop period each semester in accordance with the published Registration Calendar.
- Once the Add/Drop date has passed, based on the Registration Calendar or course schedule, the student must end enrollment by withdrawing from course.
- Students should refer to the published Registration Calendar and course timetables to identify final dates to drop courses and the ramifications that dropping courses has on applicable grades/transcripts/tuition and refunds.
- Students dropping general education courses taken at other institutions must comply with that college or university's procedure for add/drop but must also inform the Academic Advisor of the change.
- Students who drop all courses in a required semester are considered withdrawn from the College.

- A course drop ends enrollment with no grade or record of enrollment posted to a student transcript.

Course Withdrawal

A course withdrawal is defined as ending enrollment in a course after the Add/Drop period has ended. A student may request a course withdrawal at any point during the semester, however, there are grade and refund implications, depending on the date of the withdrawal. A course withdrawal will either be graded with a "W" or "F" depending on the official date of the withdrawal. A withdrawal from a course may result in a prorated refund of tuition, or no refund, again based on the official withdrawal date. Students planning to withdraw from a course must be aware of the following.

- Students should consult with the Academic Advisor or Program Director to determine the impact on their program of study and ability to progress in the curriculum plan.
- Students must complete the Add/Drop/Withdrawal form with the Academic Advisor or Program Director.
- Students must complete a course withdrawal by the final withdrawal date as published on the semester Registration Calendar to avoid a failing grade.
- For non-standardly scheduled courses, the official withdrawal date is based on the amount of the course schedule that is completed. Withdrawal from a course after the 60% completion point will result in a failing grade and no tuition refund. Course completion percentages are calculated by the Student Services office.
- Students should contact the Student Services office for assistance with course completion percentages.
- Students may withdraw from no more than 5 courses within the duration of an undergraduate program completion, and 3 courses within the duration of a graduate program. Exceeding this withdrawal limit may result in a student's inability to complete the program in sufficient time and result in dismissal from the college.
- Withdrawing from all courses within a required semester will result in a withdrawal from the college.

Course Add/Drop/Withdrawal and Dual-Enrollment High School Courses

Dual-Enrollment high school courses follow the standard Bellin College procedures with some slight variation on timeframe.

Drop/Withdrawal Timeline

- Bellin College courses open to all undergraduate students, including high school students, follow the drop or withdrawal schedule on the Registration Calendar, as published on the BC website.
- Drop or withdrawal dates for Bellin College courses offered exclusively for high school students are based on course begin and end dates as determined by Bellin College and the partner high school, and a percentage of the course completed. Drops will be allowed in the first two weeks of class. Withdrawals are allowed up until 60% of a course schedule has been completed. Once 61% or more of the course schedule has been completed, a withdrawal results in a failing grade.

This policy is separate from the High School Billing Policy.

Add/Drop/Withdrawal Dates

Please see Quick Links on the Bellin College website at <https://www.bellincollege.edu/campus-life/calendar/> for a listing of program and course add/drop/withdrawal dates. Click on calendar and choose the Registration Calendar for the appropriate academic year.

Credit Hours Equivalency

Credit hours equate to the amount of instruction time assigned to a class. The amount of time allotted per credit varies for theory, lab, and clinical courses. (See the table below). The total instructional hours for a course are distributed across the semester or session. In addition to instruction time, students should anticipate spending a minimum of two hours per credit hour per week (assuming a 15-week semester) in out-of-classroom preparation and study.

Courses are reported in credits according to the following values:

- Classroom: 1 credit = 15 hours
- Lab: 1 credit = 45 hours
- Clinical: 1 credit = 200 hours

Grade Point Average

A student's grade point average (GPA) is a quantitative measure of academic achievement and is computed based on credits earned and grades achieved. Only grades for courses taken at Bellin College are used to compute the GPA each semester. GPAs are computed at the end of each semester and summer session for all courses taken at Bellin College during that period. The GPA is determined on a 4.0 scale. Pass/Fail courses are not included in the GPA.

Incompletes

Undergraduate

No more than two incompletes in major or general education courses can be granted in any one semester or grading period. Incomplete courses in more than two grading periods will result in automatic dismissal from Bellin College. Students with extenuating circumstances may appeal to their Program Director.

It is the responsibility of the student to request an incomplete and make arrangements with the appropriate course facilitator/faculty to complete the required work. Incomplete grades must be resolved within four weeks of the last day of the course, or the incomplete becomes an F.

In the BSN 15 Month Option Program, each course must be completed successfully in order to progress to the next session.

Graduate

No more than two incomplete courses can be granted in any one semester or grading period. Incomplete grades in more than two grading periods will result in automatic dismissal from Bellin College. Students with extenuating circumstances may appeal to their Program Director.

It is the responsibility of the student to request an incomplete and make arrangements with the appropriate course facilitator/faculty to complete the required work. Incompletes must be resolved within four weeks of the last day of the course, or the incomplete becomes an "F".

In the DPT Program, each course must be completed successfully in order to progress to the next semester.

For courses in the OMPT program designated as “unscheduled”, the incomplete policy does not apply. OMPT students who exit the college without completing their program may receive a grade of “W” or “F” in unscheduled courses, depending on progress in the course at time of exit. Course progress is determined by Faculty and/or Program Director.

Transcripts; Transcript Requests

Bellin College transcripts are the official record of all course work attempted by a student at the College from the date of enrollment to the date of graduation or exit/withdrawal. Courses are recorded on the transcript with a letter grade 4.0 scale or as Pass/Fail; no P/F courses are included with the semester/cumulative grade point average (GPA). Repeated courses are designated with "R". Repeated Bellin College courses are not counted within the cumulative GPA.

Bellin College requirements that have been completed at another institution are recorded on the Bellin College transcript. These courses are not included within the GPA at Bellin College but are recorded with the letter grade, when applicable. General education courses and grades taken after enrollment to fulfill program requirements will be part of the consideration for satisfactory academic progress.

Transcript Requests are completed through the National Student Clearinghouse:
<https://www.bellincollege.edu/admissions/registrars-office/transcripts/>.

Transcripts are typically completed and mailed within one to four business days unless noted on the Clearinghouse order website.

Official transcripts bear a watermark and the signature of the Registrar. Official transcripts released directly to the student are so noted on the transcript and are placed in a sealed envelope. Students may also order a transcript to be sent electronically through the Clearinghouse ordering website. The charge for an official transcript is based upon the time for requested delivery and delivery method. The fee scale is available on the Bellin College Registrar webpage, under transcripts.

Unofficial transcripts are available for currently enrolled students free of charge via the student

portal (My BC). An unofficial transcript may also be requested by contacting Student Services.
studentservices@bellincollege.edu

Bellin College will not withhold transcripts for indebtedness to the college. The entire transcript of a student’s coursework completed while enrolled at Bellin College will be provided.

Course Delivery

Abnormal Findings in Sonography Lab

If an abnormal finding is discovered during any scanning in the sonography lab, Sonography program faculty should be notified immediately. The Abnormal Findings in Sonography lab Policy will be followed by the Sonography faculty member.

Academic Advising

All DCS students are advised by the Academic Advisor upon entering the program.

Audit Course Policy

Any Bellin College course may be audited with the exception of clinical, project or practicum courses. The plan to audit a course must be approved by the Program Director. Audited courses are subject to the following guidelines:

- Course audits must be approved by faculty.
- The audit option is only available if course is not at enrollment limit.
- An audited course carries no credit value or letter grade.
- Students auditing a course are not required to complete any assignments or exams.
- Auditing a course will not replace a previous course grade or affect GPA.
- An audited course will not satisfy degree requirements.
- Students may not audit courses to maintain continuous enrollment at Bellin College.
- Any student (degree seeking or non-degree seeking) may audit.
- Once the course begins, students cannot switch enrollment status (audit to graded or vice-versa).
- An audit permission form must be completed.

- The cost is one-third of tuition with appropriate fees (e.g. technology).

Clinical Compliance Requirements

Student placement agreements are executed in order to enable clinical opportunities. These agreements stipulate that faculty and students adhere to agency requirements. These requirements include, in part, compliance with policy and procedure such as confidentiality, knowledge of orientation material, etc.

Students must show preparation for clinical participation by maintaining clinical requirements set by Bellin College and the clinical agencies. Failure to provide timely documentation will result in an inability to participate in the clinical settings, thus jeopardizing student's ability to progress. Students are required to be compliant with all health requirements to be fully prepared for clinical experiences.

Students may be required to provide proof of clinical compliance requirements (TB, Measles, Flu Vaccination) per individual site on a case-by-case basis.

Confidentiality of Protected Health Information

Clinical experience requires students to access protected health information about clients. The Health Insurance Portability and Accountability Act (HIPPA) requires health information about clients to be secured and kept confidential. As a student, there is a legal and ethical need to protect a client's right to privacy. Client information will not be shared in any form or medium, including written, verbal, or electronic methods, with anyone other than those who are directly responsible for the patient's care and treatment. Patient identifiers include, but are not limited to: name, medical records number, and visit number, dates including birth date, date of admission and date of discharge. Patient care information will be discussed only in-patient care areas, and with acute awareness of who is within hearing range.

While students may write down essential information for the preparation and care of clients, information that identifies a client in any way may not be taken from the clinical site. No

records may be photocopied for any reason. It is unlawful to disclose all individually identifiable information. This relates to information about past, present and future:

- Physical and mental health
- Provision of healthcare to the client
- Payment for the client's healthcare

Violation of this policy may result in clinical and/or disciplinary probation, dismissal, and/or legal and financial consequences.

Clinical Compliance Course

Students will complete annual modules located in the learning management system which include, but not limited to, topics such as infection control, bloodborne pathogens, and safety. Students will be assigned the modules and will be expected to complete those modules before starting their clinical course. If any assigned tasks are not completed, students will not be allowed to begin their clinical.

Licensing Examination

A graduate of the DCS certificate program is eligible to sit and take the national board examination in Adult Echocardiography offered by the American Registry for Diagnostic Medical Sonography (ARDMS). Please visit the ARDMS website for ethics and examination requirements prior to applying to take the exam. The College assists the student in the preparation and application process.

Course Delivery

The purpose of this policy is to provide clear expectations for faculty and students regarding course delivery options. Bellin College recognizes the expanded opportunities online learning environments provide students and instructors.

Online components are a part of every course at Bellin College. The following are the definitions of the three delivery options:

Face-to-Face: Course activity is organized around scheduled class meetings that occur in a physical classroom setting. Face-to-face courses may also include web-enhanced course activities which complement in-person classroom sessions without reducing the number of class meetings.

Hybrid: Course activity is organized around a blend of scheduled face-to-face meetings and online instruction. Typically, between 30 and 70% of the course activities occur online. Those activities can be either synchronous or asynchronous.

Online: All course activity is completed online; those activities can be either synchronous or asynchronous.

Asynchronous online and hybrid courses are not completed at your own pace. Students are required to follow the course schedule and complete activities and assignments by the designated due dates. The Academic Deans/Directors and the Instructional Design Specialist will provide faculty with guidance, oversight, and approval throughout the online and hybrid course development process. All courses will utilize the College's standard Canvas templates.

Course Grade Reports

Bellin College grade reports will be available for student self-service access through the student information system at the end each semester/session/term. This occurs approximately 10 working days after the last day of the semester/session/term.

All final clinical evaluations will be retained in the student's individual portfolio, for student achievement tracking purposes, for a period of five years.

Graded Exams / Assignments

Assignments and exams are to be completed by the defined due dates. Extenuating circumstances will be considered by faculty on an individual basis when faculty are consulted prior to the due date. If prior approval is not secured, points will be deducted from the final grade for late exams or assignments. Exams / assignments will be graded as normal. Points are then deducted as outlined below to determine the final grade:

Exams completed / assignments submitted:

1. 0 to < 24 hours late – 4 percentage points
2. 24 to < 48 hours late – 8 percentage points
3. 48 to < 72 hours late – 16 percentage points
4. > 72 hours late – score grade of "0"

Grades for exams / assignments submitted as points will be adjusted to align with the percentages listed above.

Example:

An assignment has a maximum of 20 points and is graded as 18 points (90%). The assignment is submitted 16 hours late without prior approval. The final grade is decreased by 4 percentage points = 86%. 86% of 20 = 2.8 points so the final grade is 17.2 points.

Pass / Fail Courses

Assignments within a Pass/Fail are to be submitted on time as well. If prior approval is not secured, students are first counseled on the expectation for complete and timely assignments. Continuing issues with incomplete or late submissions may result in disciplinary action and/or failure of a pass/fail course.

Extenuating circumstances will be handled by faculty on an individual basis.

Grade Appeal Policy

As published in the course syllabus, the course instructor's grading policy shall be the course's grading standard. The student is responsible for knowing the grading policy and reviewing their assessment/assignment grades in a timely manner when published by the course instructor. Students should address any question or disagreement about individual assessments/assignments grades with the course instructor within five working days of the grades being published. An attempt to resolve the issue with the instructor is required in all cases. If the question or disagreement is not resolved via this process, the student may initiate a further review via the designated program director. Requests for a grade review by the program director must be made within five working days of meeting with the course instructor. The program director's decision will be final.

Only final course grades may be appealed. Individual assignment/assessment grades are not open for appeal. A student's appeal of the final course grade can be based only on evidence of one of the following situations:

- The course instructor has not followed their published grading policy. (An interpretive error.)

- The calculation of the final grade is incorrect. (A computation error.)

The grade appeal procedure is as follows:

- The student must contact the course facilitator within ten working days of the date on which the registrar posts the final course grade to the student's transcript.
- The course facilitator will review how the grade was determined with the student based on the course syllabus's written grading criteria.
- If the issue is not resolved, the student should contact the appropriate Program Director within five working days.
- The student must present in writing why they believe the grade was either computed incorrectly or erroneously/unfairly applied.
- If the Program Director is also the course facilitator in the appeal, a different Program Director must handle the appeal process to review the information and final decision. The appropriate academic Dean will assign a different Program Director to the appeal.
- The appropriate Program Director will request and review a written explanation of the grade from the course facilitator. This explanation must be submitted within two working days.
- The appropriate Program Director's decision on the grade appeal is final.
- The student and faculty will be notified of the program director's decision in writing.
- No course grades will be reviewed after ten working days of the final course grades being released by the registrar unless it can be demonstrated that a grade was incorrectly recorded or that it was impossible for the student to initiate review during the designated time.

Repeating Courses with Passing Grades

Undergraduate students may repeat a Bellin College course in which they obtained a grade of C or better for the purpose of grade betterment. The repeated course grade is recorded on the transcript and is the only grade calculated into the GPA. The previous course is noted with “R” signifying a repeat. Students can repeat a course one time only.

Scanning Policies

The use of ultrasound equipment is restricted to the Diagnostic Medical Sonography (DMS) program faculty, Diagnostic Cardiac Sonography (DCS) program faculty, and the students enrolled in the Sonography Program(s). Use of ultrasound equipment by any other nursing or allied health students is expressly prohibited and may result in disciplinary action. Students must sign both the Sonography Safety/Guidelines and Acknowledgment Form and Scanning Consent Form prior to utilizing the sonography lab.

Students and outside community member may volunteer to be scanned by sonography students. The ultrasound scan is conducted for the purpose of educating students and will not be evaluated by faculty, staff, or students for medical purposes. Volunteers will not receive any medical diagnosis or treatment. Non-obstetrical patients must sign a consent and release of liability form prior to volunteering. In addition to signing the consent and liability form, obstetrical patients must obtain physician consent. Contact any Sonography faculty members to obtain volunteer consent forms.

Student Performance Remediation and Due Process

Academic Misconduct – Overview

Bellin College students are responsible to pursue their studies with integrity and honesty. Failure

to do so is considered academic misconduct. Academic misconduct includes the active and/or passive participation in giving or taking information, allowing information to be given or to be taken from an unauthorized or unacknowledged source in a situation where individual performance is required.

Academic misconduct includes but is not limited to:

- Cheating
- Revealing or receiving examination content
- Plagiarism, including insufficiently documenting sources or using another’s work as your own.
- Stealing examinations or course materials, or knowingly using such stolen materials
- Falsifying any record or other data
- Violating course expectations as stated by the faculty member teaching the course.
- Giving or receiving improper collaboration or assistance on assignments/exams

For academic misconduct, a Student Performance Notification (SPN) will be initiated by the College.

- The student must initial and sign the SPN.
- Faculty must sign the SPN.
- A copy of the SPN is provided to the student.
- The original signed SPN is placed in the student’s file.

Academic Misconduct – Due Process Procedures

If a report of academic misconduct is received or if faculty suspects that misconduct has occurred, the following steps will be initiated:

Step 1: Faculty and Student Meeting

The suspecting faculty member discusses the situation with the student within three working days of the incident or becoming aware of the incident. Then:

- The faculty may conclude the suspicion of academic misconduct was unfounded.
- The student may acknowledge the behavior occurred.
- The faculty may conclude that there is sufficient evidence to support the claim of

academic misconduct and reports the information to the appropriate Program Director.

Proceed to Step 2.

Step 2: Program Director Notification

The appropriate Program Director will determine if evidence supports a claim of academic misconduct by investigating the allegation. The Program Director will meet with the faculty member and the student individually. If the student chooses not to meet with the Program Director in person, the process will continue with the information available. The Program Director may request information from other students/parties. The student may request for other students/parties to provide information regarding the allegation. Each person will be asked to document the details of the incident in writing.

Within three working days of receiving the information from the faculty member, the following may occur:

- The Program Director may conclude that academic misconduct was unfounded.
- The student may acknowledge the behavior occurred.
- The Program Director may conclude that there is sufficient evidence to support the claim of academic misconduct and reports the information to the appropriate Academic Dean.

Proceed to Step 3.

Step 3: Appropriate Academic Dean Notification

Within three working days of receiving the information from the Program Director, the following may occur.

- The appropriate Academic Dean may conclude that academic misconduct was unfounded.
- The student may acknowledge the behavior occurred.
- The appropriate Academic Dean may conclude there is sufficient evidence to support the claim of academic misconduct and render consequences.

If the student acknowledges the behavior, and/or academic misconduct is determined by the Program Director and the appropriate Academic Dean, who will determine the consequences.

Furthermore, the appropriate Academic Dean will:

- Assure that due process has been followed throughout all stages of the claim.
- Review documentation and request additional information as needed.
- Communicate with the student, as necessary. If student does not choose to meet with the appropriate Academic Dean, the process will continue with the information available.
- The faculty member, student, and/or other parties may be asked to provide further information.
- Consult with the Chief Academic Officer.

The decision of the appropriate Academic Dean is final. However, if the consequence imposed is dismissal from the College, the student has the right to appeal in writing to the Chief Academic Officer. Appeals must be received within 10 working days of termination. All applicable documentation from the case of misconduct becomes part of the student's official file.

Appeals Process

If the student or College employee believes that the process and procedures outlined in this Policy were not followed, within 10 business days of the date of the Student Grievance Ad Hoc Committee's decision an appeal may be submitted to the President/CEO in writing. The Appeals Form is located in the office of the Vice President of Student Affairs, Enrollment, and Belonging.

Within 14 business days of receipt of the appeal, the President/CEO or designee(s) may review and communicate with the student, the College employee, the administrator and supervisor, or the members of the Ad Hoc Committee to determine whether the process and procedures were followed.

The President/CEO may render one of the following decisions:

- Finds evidence of violation of the process and procedures of this Policy, the President/CEO will direct the administrator to review the case anew.
- Finds no evidence of violation of the process and procedures of this Policy; the President/CEO will uphold the ruling of the Grievance Ad Hoc Committee

The President/CEO will respond, in writing, within 15 business days of receipt of the appeal. The decision of the President/CEO is final and not appealable.

Appeal of Dismissal

A student that has been dismissed from Bellin College may appeal for readmission to the College one time only.

The student appeal must be communicated in writing and the appeal must:

- Be received by the College within 10 working days of receipt of notice of dismissal.
- Identify an extenuating circumstance contributing to the dismissal from the College.
- Identify behavioral changes that will contribute to the student's success if the appeal for readmission is granted.
- Include student's contact information, address, home telephone and cell phone numbers, and email address. Submit the appeal to the appropriate Dean as outlined below.

Reason for Dismissal:	Student writes appeal to:
Academic Misconduct	Appropriate Academic Dean
Non-Academic Misconduct	Vice President of Student Affairs, Enrollment, and Belonging
Reasons outlined in "Dismissal from Bellin College"	Appropriate Academic Dean

Causes for Dismissal from Bellin College

A student may be dismissed from the College as a result of academic-misconduct, non-academic misconduct, academic performance and/or for behaviors that are not in accordance with College policies or values.

The following situations result in an automatic dismissal from Bellin College:

- Failure to fulfill or resolve academic or disciplinary probation requirements via breach of contract.
- A student who is unsuccessful in two major courses will be dismissed (see progression policy). Exceptions may apply to students in their last session/semester.
- A student who is unsuccessful in three total courses or two program courses will be dismissed (see progression policy, which also states students may repeat a failed course one time only).
- A failure in any course in any session within the 15-month option, as all courses must be completed in sequence.
- Receipt of an incomplete in more than two enrollment sessions or two incompletes in one semester or grading period.
- A student is not able to progress in their curriculum plan due to space or course availability.
- Failure to pay tuition/fees by the prescribed deadline unless arrangements are made with the Bursar.
- Failure to complete the degree within 150% of the enrollment term.
- The College reserves the right to dismiss any student from the program when that student's health, performance and/or behavior jeopardizes the safety of patients, other students, or College faculty, staff, visitor, and/or guests.

Classroom and Clinical Monitoring

A student who is not making satisfactory progress toward specific classroom, lab, and/or clinical outcomes, may be placed on monitoring at any point during their program of study. The duration will be determined by the Program Director.

- Classroom monitoring will occur when a student falls below the 3.0 GPA minimum.
- Classroom monitoring may occur when student behaviors are not conducive to classroom outcomes and student success.
- Lab or clinical monitoring may occur when student behaviors lead to a negative outcome or injury (incident) or when skills, behaviors and actions are not conducive to course outcomes and success.
- Failure to attain an AB (90%) or better in a required education course (OMPT Fellowship only)
- Failure to meet the terms of classroom/lab/clinical monitoring will result in probationary status.
- Each situation is evaluated on a case-by-case basis.

Grade and Progression Policy

Grade Requirements

All DSc courses require a final grade of C (77%) or better. The grade of D (76.99% or less) is below satisfactory achievement. All Fellowship courses require a final grade of AB (90%) or better. The grade of B (89.99% or less) is below satisfactory achievement.

When a final grade of less than C (77%-DSc) or AB (90%-Fellowship) is earned, the course facilitator is to notify both the student and DSc Program Director in writing (an email is acceptable) within one week of assigning the grade. The student will then receive a letter from the DSc Program Director informing them of the Repeat and Progression Policy, and an SPN will be issued.

Repeat and Progression Policy

One graduate course can be repeated once, in an effort to remove the unsatisfactory grade from the individual's GPA computation. Students requesting to repeat a course (second attempt at the same Bellin College course) must submit a written appeal to the DSc Program Director.

Repeating a course will require a modification to the student's plan of study and will, in most circumstances, result in a delay of anticipated graduation date. Subsequent course enrollment will be dependent upon meeting prerequisite or co-requisite requirements of the course.

No repeats will be allowed when final grades are below C (76.99% or less DSc) or AB (89.99% or less Fellowship) due to ethical, moral, or professional standards as defined by the Bellin College Code of Conduct (see previous handbook section regarding Bellin College Code of Conduct).

It is an expectation that all members, visitors, and guests are entitled to fair treatment and will conduct themselves appropriately, respectfully, and responsibly.

For students, behaviors inconsistent with this premise are considered non-academic misconduct. Non-Academic misconduct includes but is not limited to:

Non-Academic Misconduct – Due Process Procedures

If a report of non-academic misconduct is received or if a College faculty or staff member suspects that misconduct has occurred, the following steps will be initiated:

Step 1: Faculty and Student Meeting

If the incident occurred in a classroom/lab/clinical setting and involves a faculty or staff member, the involved faculty or staff member will discuss the situation with the student within three working days of the incident or becoming aware of the incident. Then:

- The faculty or staff member may conclude that the suspicion of non-academic misconduct was unfounded.
- The student may acknowledge the behavior occurred.
- The faculty or staff member may conclude that there is sufficient evidence to support a claim of non-academic misconduct and reports the information to the appropriate Program Director.

Proceed to Step 2.

Step 2: Program Director and Student Meeting

The appropriate Program Director will determine if evidence supports a claim of non-academic misconduct by investigating the incident. The Program Director will meet with the faculty member, student, and others applicable to the incident individually. If the student chooses not

to meet with the Program Director in person, the process will continue with the information available. The student may request for other students/parties to provide information regarding the allegation. Each person will be asked to document the details of the incident in writing.

Within three working days of receiving the information regarding the allegation:

- The Program Director concludes that non-academic misconduct was unfounded.

Furthermore, the Vice President of Student Affairs, Enrollment, and Belonging will:

- Assure that due process has been followed throughout all stages of the claim.
- Review documentation and request additional information as needed.

- Communicate with the student, as necessary. If student does not choose to meet with the Vice President of Student Affairs, Enrollment, and Belonging, the process will continue with the information available.
- Ask the faculty member, staff member, student and/or other parties to provide further information.
- Consult with the Bellin College president.

The decision of the Vice President of Student Affairs, Enrollment, and Belonging is final. However, if the consequence imposed is dismissal from the College, the student has the right to appeal in writing to the Chief Academic Officer. Appeals must be received within 10 working days of termination.

All applicable documentation from the case of misconduct becomes part of the student's official file.

Student Grievance Procedure

A grievance is an individual student's claim of unfair and/or non-equitable treatment regarding established policies, procedures, and regulations of Bellin College. A student has a right to express a grievance without prejudice, penalty, or reprisal. The College believes in resolving issues at the lowest level possible. If there is more than one student involved, each student must file a separate grievance. A grievance submitted by a group of students will not be accepted.

To provide students with a direction to voice their concerns, a four (4) step grievance procedure has been established for an individual student to express problems, concerns, or disagreements relative to their experiences at the College. If resolution is obtained in any given step, that resolution is considered final. The procedural steps outlined below need to be completed sequentially within the timeframes outlined in each step. Before filing an official grievance, the college community highly recommends first having a conversation with the Vice President of Student Affairs, Enrollment, and Belonging or the designated Dean or Director to resolve the issue a hand.

All aspects of the Student Grievance Procedure are confidential. All parties, student, and

employees are required to exercise confidentiality and privacy in relation to all verbal and written communications.

Procedure

Step 1: Informal Grievance Process

The student speaks to the College employee (faculty or staff member) to whom they have the concern with about the believed infringement of unfair and/or non-equitable treatment regarding established policies, procedures, and regulations of Bellin College. The concern must be articulated in a manner that is specific to the infringement and/or unaccepted treatment.

Possible following outcome:

- The issue is resolved.
- The issue is unresolved and proceeds to Step 2.

Step 2: Informal Grievance Process

The student meets with the Vice President of Student Affairs, Enrollment, and Belonging (or designee). This is to occur within 2 business days following Step 1.

The Vice President of Student Affairs, Enrollment, and Belonging (or designee) to:

- Provide the student with the name of the employee's immediate supervisor.
- Notify the involved employee of the situation via a face-to-face meeting.
- Arrange and meet with the involved employee, their supervisor, and the student within 3 business days of the notification of the dispute to attempt to resolve the concern at the lowest level possible.

Possible following outcome:

- The issue is resolved.
- The issue is unresolved and proceeds to Step 3.

Step 3: Formal Grievance Process

If the student is not satisfied with the outcome of the informal grievance process, the student may begin a formal grievance process by documenting their grievance and the steps that have been taken to resolve the situation. The student completes the Student Grievance

Procedure Step 3 Form located in the Vice President of Student Affairs, Enrollment, and Belonging office.

- Student name, address, phone number, and College email address
- Date of situation/incident
- Description the situation or incident to include the name of the College employee involved
- Steps that have been taken to resolve the situation
- Outcome of prior steps and communications with those involved
- Expectations for resolution
- Provision (attachment) of any supporting documentation related to the grievance
- Student signature and date to certify that the student has reviewed the Student Grievance Procedure, and understands their rights, obligations, and responsibility to the process

The documented Student Grievance Form is submitted to the Vice President of Student Affairs, Enrollment, and Belonging (or designee) who will supply copies to the employee and employee's immediate supervisor within three (3) business days of Step 2. The College employee has three (3) business days to respond in writing to the student. A copy of the response will be provided to:

- Employee's immediate supervisor.
- Director of Student Affairs and DEI
- Appropriate cabinet member

Possible following outcome:

- The issue is resolved.
- The issue is unresolved and proceeds to Step 4.

Step 4: Formal Grievance Proceeds

If the formal grievance proceeds to Step 4 the Vice President of Student Affairs, Enrollment, and Belonging (or designee) then meets with the College employee and student separately within three (3) business days to inform them that the grievance has progressed to the final step.

The Vice President of Student Affairs, Enrollment, and Belonging (or designee) convenes and meets with the Student Grievance Ad Hoc Committee within three (3) business days of meeting with the student. This Committee is chaired by the Vice President of Student Affairs,

Enrollment, and Belonging (or designee) and members include: the appropriate Academic Dean, appropriate Program Director, a staff member, a student representative chosen from the Student Senate. If any member(s) of the Committee feels they are unable to be impartial they will be recused and replaced with another member.

The student and involved College employee will be given the opportunity to meet with the Committee to expound on their side of the grievance, as the committee may ask for further information or clarification from any or all involved during the meeting. The Student Grievance Ad Hoc Committee has 5 business days to make a decision on the Grievance based on the review of information provided and applicable College policies, procedures, and regulations. The committee shall base its decision upon the record of the meeting and shall not consider matters outside of the record.

The Student Grievance Ad Hoc Committee may determine:

- The Student Grievance is incomplete and request additional information. If additional information is required, the student or involved College employee has 3 business days to provide that information to the Ad Hoc Committee.
- The Student Grievance is in favor of the student.
- The Student Grievance is dismissed and provides a rationale for their decision.

The Vice President of Student Affairs, Enrollment, and Belonging (or designee) shall provide to the College employee and student involved the outcome of the committee's decision in writing via certified mail and College email. A copy of the letter will be provided to the President/CEO. The outcome shall include:

- Findings of fact in chronological order
- A statement of the individual student's claim of unfair and/or non-equitable treatment regarding established policies, procedures, and regulations of Bellin College that is alleged to have been violated
- An opinion on the validity of the grievance
- Remedial recommendations and the final outcome

An official record of the process and all steps taken to resolve the grievance will be documented and kept in a sealed file in a

fireproof cabinet. Additionally, the grievance will be recorded on a separate document of all grievances in the President/CEO office.

Student Performance Remediation and Due Process

Student Performance Notification (SPN)

[Academic success is essential for progression in the program. The purpose of the Student Performance Notification is to provide the student with notice of academic \(inclusive of lab/clinical\) or professional performance issues. This allows for student consultation with appropriate College personnel to determine steps for success.](#)

SPNs are completed by faculty or staff in consultation with the Program Director for academic issues or Vice President of Student Affairs, Enrollment, and Belonging (or designees) for non-academic concerns.

Examples of SPN categories include, but are not limited to:

- **Academic Performance**
 - Failure to meet course outcomes.
- **Professional Performance** (inappropriate or unsatisfactory professional performance). Examples include, but are not limited to:
 - Unsafe practices
 - Late work
 - Tardiness or absence from lab/clinical
 - Violations of the Dress Code Policy
- **Conduct** (violations of the Bellin College Student Foundational Behaviors or Code of Conduct). Examples include, but are not limited to:
 - Student Behaviors
 - Violations of the Dress Code Policy
 - Unethical or Illegal Behavior
 - Unprofessional Communication/Behavior
 - Repeated Infractions of College Policies

SPN Category

SPNs are leveled based on pattern and/or severity of the issue, resulting in either Monitoring or Probation.

Students are required to review and sign the SPN. Failure to sign may result in an academic hold placed on the student's account, thus limiting access to courses, registration, campus resources, etc.

Classroom, Lab, and Clinical Monitoring

[A student who is not making satisfactory progress toward specific classroom, lab, and/or clinical outcomes, may be placed on monitoring at any point during their program of study. The duration will be determined by the Program Director.](#)

- Classroom monitoring may occur when student behaviors are not conducive to classroom outcomes and student success.
- Lab or clinical monitoring may occur when student behaviors lead to a negative outcome or injury (incident) or when skills, behaviors and actions are not conducive to course outcomes and success.

Failure to meet the terms of classroom/lab/clinical monitoring will result in probationary status. Each situation is evaluated on a case-by-case basis.

Probations – Overview

A student may be placed on academic and/or disciplinary probation. A student may be placed on probation as a progression of monitoring or may be placed directly on probation depending on the severity of the infraction.

Probations are typically a period of one year

- The student is expected to fulfill the terms of the probationary status as outlined in the Student Performance Notification (SPN).
- A student on probation (academic and/or disciplinary) is not eligible for Dean's List status.
- A student who does not meet the terms of probation as defined on the SPN is subject to dismissal from the program.

Academic Probation

[A student is placed on Academic Probation when failing to meet the appropriate course grade or lab/clinical requirements or in some cases of academic performance. The following results in automatic academic probation:](#)

- Failure to maintain a 2.0 grade point average (GPA) each semester/session in major coursework as well as any Bellin College general education courses.
- Failure to attain a C or better in major coursework.

[Each case is reviewed individually. The nature and gravity of the incident, the motivation underlying the behavior, the student's academic performance and disciplinary history, precedent in similar cases and other mitigating circumstances will be considered in determining the appropriate action\(s\). Repeat cases of violations of the College values may result in more severe penalties. Based on the type of infraction, the College cooperates with local, state, and federal law enforcement authorities as appropriate.](#)

The College reserves the right to immediately terminate any student from the program when that student's behavior, health, and/or performance jeopardizes the safety of the clients, other students, or College faculty, staff, visitors, guests, and/or property.

Students are required to sign the SPN form when placed on clinical monitoring or academic probation. The form provides written evidence of present status, recommendations for improvement, expected outcomes, timelines, and consequences. The signed form becomes part of the student's official file. A copy of the signed SPN is provided to the student.

Progression Policy

Students who fail 2 major courses or general education course should be aware that:

- A student may be allowed to continue in their program while on probation.
- A student's curriculum plan may be altered and likely extend the student's graduation date.
- Any failed course may be repeated one time only.

- Placement in any repeated course is subject to space availability.
- [If a space is not available or the course is not offered the student may be required to exit from the College until the failed course can be repeated.](#)
- Each student's situation will be reviewed on an individual basis by the Program Director and the appropriate academic dean.

The student will be notified in writing of their individual situation and must complete the requirements outlined in their Student Performance Notification (SPN) to avoid dismissal from the program.

An incomplete status must be addressed in order for students to progress in the curriculum. (See Incomplete Policy).

DCS Student Supervision in Clinical

Students are required to adhere to the sonography student supervision in clinical setting policy. Students may scan patients without direct supervision as long as an appropriately credentialed registered sonographer back scans the student to ensure the images were adequate and no pathology was missed. The back scanning can take place prior to or after student scanning. If competency has not been shown in the specific exam, the sonographer must be present for the history taking and exam explanation.

Health Sciences Resource Center (HSRC) Overview

The HSRC provides the link between theory and practice through simulated hands-on learning experiences. A variety of learning resources are used to enhance understanding, develop psychomotor skills, and build confidence in the health care environment. The HSRC is located in the lower level of the Resch campus. It includes the following:

Health Assessment Labs

Two health assessment rooms which have

equipment and supplies for learning and practicing physical assessment. Students are encouraged to bring a change of clothing with them, shorts, or comfortable pants and t-shirt, as students will assess each other.

Simulation Labs

There are several simulation lab areas. surgical suite, ED/ICU/pediatric room, birthing suite, four physician exam rooms, and a four-bed medical surgical area. Students utilize these rooms with various scenarios to help prepare them for clinical experiences. These hands-on experiences help students develop critical thinking and decision-making skills.

Skill Labs

There are two skill lab rooms that each room accommodate six simulated patients. The primary purpose of the skills labs is to enhance classroom activities and support student learning in a safe environment. These areas are equipped with hospital beds, manikins for practicing skills before they are attempted in a clinical setting with actual patients. Additional training models are available for specialized skills such as injections, IV fluid therapy, ostomy care, etc. Any invasive procedures are to be performed **ONLY** on manikins and training models. No invasive procedures are to be performed on any person, **ever**.

NO needles or sharps are to be removed from the HSRC. (No exceptions)

Allied Health Specialized Rooms

There are two radiology lab spaces equipped with x-ray machines. There is a mammography simulation area, a classroom that has both an MRI Simulator and Cat Scan simulator. There is a 3-D VERT (Virtual Reality) in the Radiation Therapy classroom. For the surgery assist program there is the surgical suite, and a surgical skills lab.

Other Additional Spaces

- Advance Practice/Procedure Room
- Debrief Conference Room
- Lactation Room
- Patient Lounge
- Simulation Control Rooms
- Standard Classroom
- Student Lounge

HSRC Guidelines

Each student has an obligation to conduct themselves in a manner in accordance with Bellin College mission and values as an educational institution. Violations of College rules, including violations of each respective professional code of ethics will be handled by college administrative personnel and may result in disciplinary action.

Children under the age of 18 are not permitted in any of the HSRC areas, unless approved by Bellin College Administration prior to the event.

Students attire while in the HSRC during hands on practice includes closed toed shoes, clean clothing, no dangling jewelry, or clothing that may interfere with completing tasks due to safety reasons. Name badges are always to be worn. Bellin College scrubs are to be worn during simulation, check off testing, and during lab course time, at the faculty's discretion.

Covered beverages with a top closure are allowed, with the following exceptions: **No beverages in any simulation areas or medical imaging rooms. Food is not allowed in lab training or practice areas at any time.**

All students utilizing the HSRC are responsible for assisting staff in maintaining safety and cleanliness of the lab environment. This includes returning the space to the way it was set up and

disinfecting as directed by HSRC staff. Students need to wear gloves while using the provided disinfectant wipes.

HSRC Lab Hours

Healthcare is a hands-on, practice profession. Individual competence is achieved by repetitive practice. Bellin College practice areas are available to all students for review of skills, physical assessment, medical imaging exams and surgical prep. Practice areas are open Monday - Thursday from 7am - 9pm, 7am - 7pm on Fridays and Saturday 8am - 4pm. Practice hours are subject to change dependent on college building hours. Additional practice times may be provided based upon student schedules, class times, or student and faculty requests. HSRC Coordinators or Student Assistants are available to obtain any additional supplies or equipment needed for practice.

Regular practice time is expected. Some classes, as noted on their syllabus, have mandatory practice time throughout the semester. Each student will log their practice time using the HSRC badging system. Access to students individual practice time hours can be found at:

timetracking.bellincollege.edu

Students should also maintain a personal log of mandatory practice hours obtained during the semester for their reference.

Injury Reporting

If a student is injured or underwent surgery, the student should inform the Vice President of Student Affairs, Enrollment, and Belonging and Program Director. The student must provide a report from their healthcare provider, documenting any restrictions and/or any prescription medications. The appropriate Program Director will provide clearance to participate in coursework, including lab and clinical experiences.

Any student injured in class should report the injury to their faculty member. Basic first aid will be provided by the College. If further medical care is warranted, the student will be referred to his or her healthcare provider or taken to the emergency department. The cost for care will be billed to their health insurance. The College expects all students to maintain health insurance coverage.

Students injured when performing clinical duties will follow appropriate policy and procedures as designated by the clinical agency. The student will also report the injury to clinical faculty and complete an incident report form with the Administrative Assistant for Student Affairs. Any significant exposure must be reported to the faculty member immediately. If the injury occurs at Bellin Hospital, the student should report to Employee Health Services or in their absence, to the SWAT/Supervisor.

A student who has been absent for a significant health problem (surgery or injury with crutches, brace, or cast) is required to submit a licensed healthcare provider's note to the Vice President of Student Affairs, Enrollment, and Belonging, indicating any restrictions and/or if the student is able to resume classroom, lab and/or clinical activities.

All students must have an emergency contact on the back of their student ID, along with current contact information in the Student Services One Stop Shop office.
