History of Bellin College

Bellin College has a long, rich history and a distinguished reputation as an excellent educational institution. Although many changes occurred over time, the commitment to providing growth, opportunity, and excellent education for healthcare providers continues.

Our parent company, Bellin Health System, and its leader, Dr. Julius Bellin started the academic institution in 1909. The College began as a diploma school when it enrolled three students to the Deaconess Sanitarium Training School for Nurses. It was not until 1925 that the name of the hospital was changed from Deaconess to Bellin Memorial Training School in honor of its founder, Dr. Julius Bellin. In 1942, the school became known as Bellin Memorial Hospital School of Nursing. Over time, the school would take on many title changes, but Bellin would always be a component of the name. A new nurse's residence was built and annexed as the north wing of the hospital. More classrooms were added, and clinical experiences were expanded. The Cadet Nurses Corp graduated its first class in 1944. Accreditation of the College was granted by the State of Wisconsin in 1930 and by the National League for Nursing in 1953.

The school closed in 1953 for the purpose of building a new nurses' facility, which opened as the Charlotte Fowler Residence in 1955. The building not only housed 80 students but also included a skills laboratory, library, lounge, and classrooms. At the same time, the curriculum became less task-oriented with greater emphasis on theory and scientific rationale. Students began attending the University of Wisconsin Extension at Green Bay for general education courses. In 1958, the first male student was

admitted to the program and graduated in 1961. It would be another 12 years before another male student entered the nursing program.

In 1984, the school became a four-year BSN program and admitted its first baccalaureate students. After years of planning, a new curriculum was implemented that addressed the new trends in healthcare and education. The school's name changed to Bellin College of Nursing to better reflect the new independent status of the educational institution. While many students still took most of their general education courses at the University of Wisconsin-Green Bay, courses from other accredited institutions were accepted for transfer, making it easier for students from greater distances to enroll in the nursing program. The College relocated to a newer building in 1994 located at 725 S. Webster Avenue, and the Charlotte Fowler Building was demolished. In 1997, an accelerated 21-month transfer option was developed to stay with the trends in nursing education, and in 2001, the sophomore transfer option was developed to allow students with prior general education credits to join the nursing program.

A comprehensive needs assessment in 2002 confirmed the need for a graduate nursing program in northeast Wisconsin. The Higher Learning Commission (HLC) conducted an accreditation review of the College in 2004 and granted permission for the College to begin offering a Master of Science degree in nursing with specialty tracks in administration and education. The first graduate students were admitted in August 2004. The Commission for Collegiate Nursing Education (CCNE) accredited the baccalaureate program in 2003. A CCNE visit was completed in 2008, with accreditation received for an additional ten years. The nursing program is also approved by the Wisconsin State Board of Nursing. The first class of MSN graduates received their degrees in 2007. January of 2008 marked the first cohort of students entering the 15 Month option, where students complete all their general education courses and receive their nursing degree in just 15 months.

With the growth and changing needs of higher education, the College broke ground in 2008 for a stand-alone campus located at 3201 Eaton Road, Green Bay, WI. The Higher Learning Commission granted the College approval to offer a Bachelor of Science in Radiologic Sciences (BSRS) and the ability to offer general education

courses on campus. The College moved to its new location in 2009, and the name officially changed to Bellin College to signify degrees beyond nursing. In 2009, the College also celebrated its 100th year anniversary.

The Radiologic Sciences program has a long-standing history with Bellin Hospital. The Bellin School of Radiologic Technology was inaugurated in 1957, founded by Dr. Lyle Edelblute to alleviate the critical technologist shortage that existed in the field of x-ray technology. Two students were admitted to the class in 1957. The program was a two-year certificate. The bachelor's program offered a 4-year program of study that provided graduates with additional knowledge and skill in leadership plus 2 of 3 specialties: CAT Scan, MRI, and/or Women's Imaging, which included mammography and DEXA (bone densitometry). The first class graduated in 2013.

In 2011, the Board of Trustees approved to begin offering a Family Nurse Practitioner option at the master level. The first class entered in 2013. In 2015, the first class of family nurse practitioner students graduated.

In 2014, in partnership with Bellin Health, to help meet their need to have an 80% BSN nursing staff by 2020, the College collaborated to create an RN to BSN program. The first class graduated in 2017 and in 2021 the last cohort graduated. The curriculum supported the needs of the working RN. In 2014, additional unfinished space in the Health Sciences Resource Center (HSRC) was completed to enhance the Center to include simulation spaces for labor and delivery, an operating room suite, a multi-faceted space that can be a critical care/pediatric ICU/trauma/recovery room spaces, as well as primary care exam rooms to meet the changing needs of simulation and interprofessional education.

A demand for sonographers was noted, and the College explored offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS). The board approved this option, and in 2016, the Higher Learning Commission granted permission for the College to start this program. It is a three-year program, with students attending year-round to earn their degrees. The Commission on Accreditation of Allied Health Education programs approved the Sonography program in September of 2018. The first class was admitted in the fall of 2016 and graduated in 2019. Additional space was completed in the

HSRC area to accommodate a lab and two high-end technology classrooms. The Higher Learning Commission also approved that the college could offer distance education in 2016.

Growth continues for all programs as well as new initiatives. In 2016, the nursing assistant program was offered to a local high school to support the need for more opportunities for students within the healthcare field. The program continues to be a popular option for high school students. The nursing assistant program was initially offered in 1990-1995 but stopped due to low demand for this level of care provider. The College also created a Hands-on Healthcare Initiative to help educate and create excitement around healthcare professions for high school students. The program offers students the opportunity to spend a day at the College, where they get a hands-on opportunity to learn about healthcare. Students rotate through several stations and gain knowledge through hands-on experiences. In the fall of 2017, this program was expanded by offering a mobile Hands-on Healthcare unit via an ambulance, bringing this experience to students at their school.

In 2017, The Board of Trustees approved the exploration of offering its first terminal degree, a Doctor of Science in Physical Therapy (DScPT). This program helps secure the educational faculty needed for physical therapy education. The program was approved by HLC in August 2018 and continues to graduate highly skilled educators in physical therapy. In partnership with Evidence in Motion, the College also began the Orthopaedic and Manual Physical Therapy (OMPT) Fellowship program. The fellowship program is now accredited by ACOMPT, which stands for the Accreditation Council on Orthopaedic and Manual Physical Therapy Fellowship Education.

In the fall of 2018, Bellin College began offering all required general education courses for undergraduate programs on campus. Each course is unique and has a healthcare baseline so students can connect the value of their courses to their profession.

In addition to the Diagnostic Medical Sonography (BSDMS) degree, the Diagnostic Cardiac Sonography (DSC) Certificate program was added in the fall of 2019 and offered a 1-year program for sonographers to learn the skill of ECHO (cardiac) scanning. Due to the strong demand in cardiac sonography, in fall of 2021 the

BSDMS program added a second concentration in cardiovascular. Students now have the option to pursue a DMS degree in general-vascular which includes abdomen, vascular, and obstetrics or cardiovascular which includes adult echo, pediatric ECHO, and vascular.

As a leader in education and a demand for outstanding cancer care, in the fall of 2020 the College started a 3-year bachelor's program in Radiation Therapy, which was approved by HLC in the spring of 2020. This program admitted ten students who will complete a rigorous curriculum. The first class graduated in 2023 and was approved by the Joint Review Committee of Education in Radiologic Technology (JRCERT) in June of 2023.

In June of 2020, the board approved to convert the 4-year bachelor's degree in radiologic sciences to a 3-year BS program. The ever-increasing demands of healthcare professionals continues. In 2021, the college received approval for HLC to offer a Doctor of Physical Therapy Program (DPT), a Doctor of Nursing Practice (DNP), which will be an online option, expanding the nurses' knowledge for advanced practice, and a bachelor's degree in Surgical Assisting (BSSA). This degree will be a 3-year degree, offering students significant clinical experiences. The DPT program is an in-person program and unique in that students will have a variety of clinical learning throughout greater Green Bay and beyond.

To accommodate our program growth, the college purchased a secondary location on December 31, 2021, at 2620 Development Drive, a short 10-minute drive from our Eaton Road location. The building was remodeled to accommodate the physical therapy, sonography, and graduate nursing programs, two science labs, five additional classrooms, faculty offices, additional student study spaces, and the Advancement Department.

To expand our reach to high school students, in addition to the college's Hands on Healthcare program, a Healthcare Academy was started in fall of 2022. This program allows high school students to take college level credits throughout their high school years and earn up to 42 credits. The college partners with local high schools for this initiative.

In December of 2022, the Board of Trustees approved the Psychiatric Mental Health Nurse

Practitioner program. Degrees will be offered at the MSN and DNP level. Pending Higher Learning Commission approval, a target start date to begin the program is in fall of 2024.

After months of planning, collaboration, relationship building, and learning our parent company, Bellin Health Systems, merged with Gundersen Health System on December 1, 2022. The collective histories of Bellin Health and Gundersen Health System made this a successful process. Over the course of the next year, work will begin to combine operations for the new organization. Per the Board of Trustee bylaws, the name of the corporation is Bellin College, Inc. and Bellin Health System will remain the sole member of corporation.

The college continues to grow and expand its program offerings to meet healthcare needs. We have partnered with local healthcare entities to provide the best curricular components for our students.

While the first students practiced in a small building that accommodated only 17 patients, the current students have many varied experiences in a variety of hospitals and more than 189 clinical agencies, including acute care facilities, nursing homes, home health, clinics, public health, and a variety of clinic and community settings. Bellin College has provided educational programs for the region since 1909 and has a distinguished history in Northeast Wisconsin. The College has been responsive to the changing trends in education and healthcare as well as the needs of the community and beyond. Bellin College continues to grow and expand program offerings to meet the future needs of the communities it serves

Accreditation History

Bellin College offers an array of health science related degrees. In 1909, a nursing program was started by Dr. Julius Bellin, Founder of Bellin Hospital. Dr. Bellin wanted qualified nurses to work with him at the bedside. One hundred years later, Bellin College added its second degree and today, continues to grow and expand their program offerings to meet the changing and demanding needs of healthcare. The college is accredited by the Higher Learning Commission and each program has its own specialized programmatic accreditation. This document provides an overview of the accreditation process for each program offered.

Higher Learning Commission (HLC)

The Higher Learning Commission is the regional accreditor. Each time a new program is offered, the accreditation process begins with HLC. The College received initial accreditation for five years from the Higher Commission of Higher Education of the North Central Association of Colleges and Schools (NCA) in March 1989. A self-study and site visit occurred in Spring 1994, which resulted in continued accreditation for ten years. The site visit occurs based on the outcome of the previous visit and the next site visit scheduled for 2003-2004.

In Spring 2004, a site visit occurred for reaffirmation of the Bachelor of Science in Nursing program and a request for authorization to grant a Master of Science degree in Nursing. In June 2004, the Commission granted ten years of continued accreditation with authorization to grant a Bachelor of Science degree and Master of

Science degree in Nursing (2004-2014). In 2014, Higher Learning Commission dropped its affiliation with the North Central Association and is recognized solely as the Higher Learning Commission (HLC).

In September 2008, a focus visit was requested by the College for authorization to offer a Bachelor of Science degree in the Radiologic Sciences (BSRS) and to offer general education courses. Approval was granted in December 2008.

In 2009, HLC came and visited the campus located at 3201 Eaton Road in Green Bay WI to approve the building and determine that its size and amenities could support the college and future program growth. Approval was granted.

In 2014, HLC reaffirmed accreditation of Bellin College, and all current programs offered through 2024.

In 2015, the College requested a change visit to begin offering a Bachelor of Science degree in Diagnostic Medical Sonography (BSDMS) and distance education courses and programs. The BSDMS is a bachelor's degree with a compressed curriculum offered over three years to meet the staffing needs within the region. The expansion of distance education was evident with the changing needs of higher education. On February 12, 2016, approval was granted for both program requests.

Bellin College continues to expand and meet the needs of the region with additional educational offerings, including the 2018 HLC approved Doctor of Science in Physical Therapy (DSc PT), the first terminal degree offered at Bellin College. In addition, Bellin College also offered all the general education courses for all undergraduate degrees starting in fall 2018.

On January 28, 2020, HLC approved a 3-year bachelor's degree in Radiation Therapy with the first anticipated cohort starting the fall of 2020.

The Board of Trustees approved adding a Sonography concentration in Cardiac on December 10, 2020. A change request was submitted to HLC. On December 15, 2020, HLC determined that no individual approval is needed for Bachelor of Science in Diagnostic Medical Sonography - concentration in Cardiac. The change form submitted form served as notification of the new program to HLC.

In spring of 2021, HLC approved three programs: a 3-year bachelor's degree in First Assisting, (BSSA) on March 12, 2021; a Doctor of Nursing Practice (DNP) on March 12, 2021; and a Doctor of Physical Therapy (DPT) on May 7, 2021.

[On December 8, 2022, the Board of Trustees an additional graduate level nursing program, the Psychiatric-Mental Health Nurse Practitioner Program. The program is pending approval from HLC.](#)

On March 3, 2023, HLC visited the secondary location at 2620 Development Drive and approved this site for education affiliated with Bellin College. This location is named the Michael Van Asten Campus. The Eaton Road campus is named the Resch Campus.

NURSING ACCREDITATION HISTORY

Wisconsin Board of Nursing

The Wisconsin State Board of Nursing granted Bellin College initial approval to implement a baccalaureate program in nursing in April of 1984. The College submitted a comprehensive evaluation of the program to the Board of Nursing, and full approval was granted in February 1989 and continues today.

Specialized Nursing Program Accreditation

An accreditation visit by the Council for Baccalaureate and Higher Degree Programs of the National League for Nursing occurred in April 1989. Accreditation for a period of eight years was received in October 1989. A four-year progress report was submitted in August 1993. A self-study and site visit again occurred in April of 1997. In July 1997, the National League for Nursing Accrediting Commission (NLNAC) granted continued accreditation for eight years (1997-2005).

In 2002, a decision was made to pursue accreditation with the Commission for Collegiate Nursing Education (CCNE) accreditation, which is associated with the American Association of Colleges of Nursing (AACN). This accreditation review was completed in Spring 2003, and in October 2003, the College was awarded the

initial, five-year accreditation (2003-2008). A CCNE visit was held in 2008, with the maximum ten years of accreditation received (2008-2018).

In May 2002, a needs assessment, conducted by an independent marketing research firm, identified a significant need for graduate nursing education in the region. As a result, Bellin College Board of Trustees approved plans to proceed with a graduate program in November 2002. By July 2003, a decision was made to move forward to establish a master's degree in nursing (MSN) with an administrator and an educator track. The emphasis in both programs was on nursing leadership.

The graduate program enrolled its first students in September 2004. An accreditation review by the CCNE occurred in February 2006 and in October 2006, and the College was awarded the five-year accreditation (2006-2011). The first MSN class graduated in 2007. In October 2008, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2008-2018). The Commission for Collegiate Nursing Education returned in 2018 for a comprehensive visit.

In Spring 2011, the Bellin College Board of Trustees approved a Family Nurse Practitioner Track. A substantive change was submitted to CCNE, and in the fall of 2011 approval was granted. The first cohort of students entered in Fall 2012. In May 2015, the first class graduated from the Family Nurse Practitioner Track.

In the spring of 2018, CCNE awarded the maximum 10-year accreditation to both the baccalaureate and masters nursing programs (2018-2028).

With the change to nursing education to offer a Doctor of Nursing Practice (DNP), the college Board of Trustees approved the program on May 14, 2020. Work began to seek HLC approval which was granted on March 12, 2021.

On December 8, 2022, the Board of Trustees an additional graduate level nursing program, the Psychiatric-Mental Health Nurse Practitioner Program. The program is pending approval from HLC.

MEDICAL IMAGING ACCREDITATION HISTORY

Joint Review Committee of Education in Radiologic Sciences (JRCERT):

The School of Radiologic Sciences was a two-year certificate program offered through Bellin Health System. In 1988, the program was granted full accreditation by the Joint Review Committee of Education in Radiologic Sciences (JRCERT). Subsequently, the program is the result of a Transfer of Sponsorship from Bellin Health System to Bellin College in March of 2011. The new program design changed the previous terminal credential from a two-year certificate program to a 48-month Bachelor of Science in Radiologic Sciences (BSRS) program at Bellin College. Statewide surveys were conducted to assess the need for the bachelor's program. Results demonstrated high interest among the employer and technologist communities.

In August 2015, JRCERT awarded the maximum 8-year accreditation to the Bachelor of Science degree in Radiologic Sciences (2015-2023).

JRCERT reviewed the Radiation Therapy Program (BSRT) for initial accreditation in April 2023. In July 2023, the BSRT program was granted the maximum years of accreditation allowed as a new program, which was three years. A comprehensive visit will happen in 2026.

Commission on Accreditation of Allied Health Education Programs (CAAHEP):

CAAHEP carries out its accrediting activities in cooperation with 25 review Committees on Accreditation and approved the Sonography program in September 2018.

PHYSICAL THERAPY PROGRAMS

Doctor of Science in Physical Therapy (DScPT) and Orthopedic Manual Physical Therapy (OMPT):

The American Board of Physical Therapy Residency and Fellowship Education (ABPTRFE) initially approved the Orthopaedic Manual Physical Therapy (OMPT) fellowship program in 2018. The Accreditation Council on Orthopaedic and Manual Physical Therapy Fellowship Education (ACOMPTE) approved the OMPT fellowship program in 2019. The next visit is scheduled in 2024.

Doctor of Physical Therapy (DPT):

They are also responsible to report the event to their direct supervisor/faculty. The supervisor/faculty is to inform the appropriate Dean or Vice President, and/or President of the event.

The College campus is a weapon-free environment. No weapons are allowed in any of the College buildings.

It is Bellin College's policy that all persons (except law enforcement personnel) are prohibited from carrying or possessing weapons anywhere on College property, regardless of whether the person is licensed to carry the weapon or not. As required by Wisconsin law, persons with a license to lawfully carry a weapon may have a licensed weapon in their personal vehicle. However, these students must ensure that the weapon is securely stored and is completely hidden from view at all times. Licensed students must also keep the vehicle locked and secure at all times, in addition to complying with all other applicable laws. To ensure a safe learning environment and workplace, Bellin College reserves the right to conduct searches including, but not limited to: searching book bags, purses, briefcases, personal vehicles, jackets, and apparel. Searches may be conducted by Bellin College leadership, leadership appointees, security, or local authorities. If the student refuses the search, however, he or she may be dismissed.

Students are also strictly prohibited from making threats (direct or implied and with or without a weapon of any sort) or engaging in aggressive or violent conduct. Writing Resources – APA Style

The American Psychological Association style (APA) is the common method of documentation. The APA style provides basic guidelines about preparing papers for submission. APA style also uses parenthetical citation within the text to identify source material and uses a reference list at the end of the work to give detailed information about sources cited in the paper.

The APA Publication Manual is the required text utilized by Bellin College. The current edition of this Manual is available in designated College resource areas and the library. Refer to the applicable textbook and supply lists or appropriate course syllabus for classes that may require the APA Manual.

The APA Manual provides examples of reference citations and answers to frequently asked questions. Students are to submit papers using APA style. Paper submission format (electronic, hard copy, single-sided, double-sided) will be at the discretion of the course faculty and will be published in the paper/project guidelines or course syllabi.

Students are encouraged to consult with the faculty for clarifications or seek assistance from the Center for Academic Success, Teaching, and Learning Excellence (CASTLE).

Information Technology – Electronic Mail Policy

Electronic Mail (email) is a tool provided by Bellin College to complement traditional methods of communications and to improve academic and administrative efficiency. Users have the responsibility to use this resource in an efficient, effective, ethical, and lawful manner. Use of the College email system implies consent to all College IT policies and practices. Violations of the policy may result in restriction of access to the College email system and/or other appropriate disciplinary action.

Senior students who graduate will have their Bellin College email account transitioned to an alumni email account two weeks after graduation. Instructions will be sent prior to the transition.

Scope

This policy applies to all users of Bellin College technology resources. A "user" is defined as any individual who logs into, uses, or attempts to log into or use a College system; or any individual who connects to, or attempts to connect to or traverse the College network, whether by hardware or software or both, whether on campus or from a remote location.

Policy

The Bellin College Microsoft Exchange email system is the only recognized email system used to communicate between faculty, staff, and students. This is necessary to ensure the delivery and receipt of official communications. Email messages regarding College matters sent from an administrative office, faculty or staff member to students is considered to be an official notice and should be treated as such by the student.

Acceptable Use

Reference the Acceptable Use Policy for guidance on acceptable use, inappropriate use, and user responsibilities. Users must exercise caution when forwarding messages, either internally or externally. Sensitive information - such as social security numbers, addresses, age, gender, etc. - must not be forwarded to any party outside of the College without the prior knowledge or approval of that individual.

User Responsibility

Users are expected to read email on a regular basis and manage their accounts appropriately.

Sharing passwords is strictly prohibited. Each user is responsible their account, including safeguarding access to the account. All email originating from an account is deemed to be authored by the account owner and it is the responsibility of that owner to ensure compliance with these guidelines.

Privacy

Bellin College will make every attempt to keep email messages secure; however, privacy is not guaranteed, and users should have no general expectation of privacy in email messages sent through the College system. Users must be aware that email can, depending on the technology, be forwarded, intercepted, printed, and stored by others. Email that is not encrypted can be viewed by people other than the intended recipient, while it is in transit or on mail servers. Because messages can be stored in backup systems, email may be retrievable when a traditional paper letter would have been discarded or destroyed.

Email Etiquette

When using email as an official means of communication, users should apply the same professionalism, discretion, and standards that they would use in written business communication. Furthermore, users should not communicate anything via email they would not be prepared to say publicly. The following practices should be followed when using email.

- Use a meaningful subject line when sending a message.
- Be concise.
- Use proper spelling, grammar, and punctuation.
- Avoid abbreviations that the reader may not be familiar with.
- Do not attach unnecessary files.
- Use proper layout and structure.
- Do not overuse the high priority option.
- Use upper and lower-case letters in your message. Messages typed in all upper case give the impression of shouting.
- Be selective about recipients. Use of distribution lists or 'reply all' features should be carefully considered and only used when necessary.
- Read the email before sending.
- Only use delivery and read receipts when necessary.

System Monitoring

Bellin College collects statistical data about its email systems consistent with generally accepted business practices. The College monitors the use of email to ensure the ongoing availability, reliability, and security of the system. The College may employ, at any time, tools to analyze statistical information to detect

unauthorized usage, denial of service attacks, capacity planning and network problems. Under certain circumstances, it may be necessary for the IT staff or other appropriate College officials to access email files to maintain the system, to investigate security abuse incidents, and violations of this or other College policies. Such access will be on an as-needed basis and any email accessed will only be disclosed to those individuals.

Mailbox Size Limits

The Outlook mailbox quota is set at 2GB for all users, this includes the messages in your inbox, sent items and deleted items. The College has the right to restrict the amount of user space on the email server as necessary and to revise the size restrictions, as necessary.

Records Retention

Individuals are responsible for saving email messages as they deem appropriate. Messages are automatically purged from folders in order to save storage space. Automatic purge amounts are as follows:

- Sent - 365 days
- Deleted Items - 90 days
- Junk - 30 days

Inbox items are not automatically deleted. Individual users are responsible for deleting unneeded email in order to stay within their mailbox quota.

Email Size Limits

A 100-megabyte size restriction for all email is enforced whether being sent or received. This is necessary to preserve network bandwidth and mailbox storage resources.

Email Signature

Email signatures indicating name, job title, address, contact info and other particulars are strongly recommended for all email messages whether sent to internal or external receivers.

Data Backup

The email system is backed up on a nightly basis and stored for 30 days.

SPAM and Virus Protection

Bellin College utilizes SPAM filtering and anti-virus software. Virus-infected email often appears to be sent from a friend or coworker and will contain an attachment. This attachment is the virus carrier and, by opening the attachment, the virus code is executed. Attachments should be opened only when you are sure of the sender and message.

IT Services will make every effort to prevent these types of messages from entering our system. Contact the Helpdesk if any doubts exist; helpdesk@bellinCollege.edu; (920) 433-6666.

Information Technology – Online Verification

All coursework submitted (be it online, in person or by mail) must be an original representation of the student's work. The student who registers for Bellin College courses must be the same person who participates in, completes, and receives the academic credit. Any violation will be subject to the academic misconduct policies.

Student Services and College Policies

Accommodations Services

Bellin College complies with the Americans with Disabilities Act (ADA) to provide all students with appropriate and reasonable accommodations for those with documented disabilities. If students anticipate requiring any auxiliary aids or services, they should contact accommodation services in student affairs at

accommodations@bellincollege.edu.

Accommodations for disabilities are determined as a result of self-disclosure by the student. The primary objective of accommodation services at Bellin College is to encourage and facilitate students' self-advocacy. Self-advocacy entails empowering students to effectively communicate relevant information regarding physical, emotional, sensory, or learning challenges to student affairs at accommodations@bellincollege.edu. The aim is to ensure accessibility to the diverse range of education, programs, and services available at Bellin College. The accommodations process is completed confidentially with student affairs. Before meeting with a member from student affairs, students must have completed and submitted the proper paperwork, which can be found on the website, a member of the student affairs office, etc. This paperwork must be completed by a licensed professional (not a family member) qualified to make the diagnosis and includes but is not limited to providing a description of the disability, including a clearly stated diagnosis and history.

- Instruments/procedures used to make diagnosis and how the diagnosis currently impacts the student's functioning in daily life and educational settings
- Recommendations for accommodations
- Any related supporting medical or academic documentation

Students must renew their accommodations each academic year by completing the appropriate documentation and sending it to accommodation services in student affairs at accommodations@bellincollege.edu. The exception is students in the BSN 15-month accelerated program.

Student Rights and Responsibilities

Students can expect their rights to freedom of expression and association and to fair treatment if they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents have the right to know how their child is succeeding in school and will be provided with information on a regular basis and as needed, when concerns arise. Many times, it will be the responsibility of the student to deliver that information. If necessary, mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish their educational goals.

Students must arrive at school on time, prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the principal or designee.

Adult students, age eighteen (18) or older, are expected to follow all school rules. If residing at home, adult students should include their parents in their educational program.

Service Animal Request

Students with disabilities may request accommodations in the form of service animals. Request for a service animal must follow the procedures for requesting an accommodation, including completion of the Request for a Service Animal Form which can be obtained from Accommodations Services (accommodations@bellincollege.edu). Requests should be submitted in advance of the necessary need. For more information, <https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/service-animal-policy/?highlight=service%20animals>.

Bereavement Policy

Bellin College is a close-knit, caring community committed to student success. In the event that a student experiences the death of a loved one during the course of an academic term, the student may request to utilize the Bereavement Policy for Students. Bellin College recognizes the impact that a loss may have on the emotional and academic well-being of a student and wishes to support the student during this stressful time. Bellin College also understands that grief impacts every student differently and, therefore, this policy is not an attempt to quantify the impact of the death of a loved one

or in any way address the nature of the grief process. Rather, the purpose of this policy is to provide a formal process to allow grieving students access to bereavement services, as well as the opportunity to be available for their families/loved ones during times of death and grief.

Under this policy, a student will be excused from class for funeral leave, subsequent bereavement, and/or travel considerations. The standard bereavement policy suggests three days of leave, but the actual amount will vary based on the relationship with the deceased, religious, or cultural beliefs, and coursework/clinical hours. A student who wishes to take time off due to the death of a loved one must notify course facilitator(s) and the Program Director of the death to create approved arrangements for coursework or clinical that will be missed. The Program Director will notify the appropriate Dean.

Title IX is a federal civil rights law passed as part of the Education Amendments of 1972. The Bellin College environment should be one of positivity, civility, and collaboration. Bullying/harassment in any form can have a negative impact on the College environment. College administration, faculty and staff are to treat students and co-workers respectfully in every interaction.

Bullying takes on many forms, including:

- Verbal, mental and/or physical abuse.
- Threatening, humiliating, or intimidating conduct towards another person.
- Sabotage or interference that prevents completion or performance of one's academic or work responsibilities.
- Exploitation of a known psychological or physical vulnerability.

Hazing is any action or situation intentionally created that causes embarrassment, harassment or ridicule and risks emotional and/or physical harm to members of a group or team, whether new or not, regardless of the person's willingness to participate. Hazing is also defined as an act which endangers the mental or physical health or safety of a student, or which destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization.

Retaliation

The College prohibits any form of retaliation against a complainant. Any allegations of retaliation will result in an immediate investigation and appropriate action consistent with the College's due process procedures.

Bias Incident Reporting

In order to flourish in an educational and work environment, all members of a college campus must feel safe and respected as equally valued members of the community. At Bellin College we support the freedom for all to express their points of view and the open exchange of ideas. This is true even in situations where those points of view may run counter or potentially be inflammatory to some. However, freedom of expression does not give permission for anyone to engage in speech or behavior that is rooted in intentional displays of hate or to act on their biases in ways that intimidate or threaten the safety of other individuals. A bias incident is defined in the policy as "behavior that is hostile, harassing, intimidating or discriminatory and is based on actual or perceived race, color, religion, ethnicity, national origin, sexual orientation, gender, gender identity, disability or other difference."

The actions of undergraduate and graduate/ students are expected to be consistent with the standards of conduct, core values, and student foundational behaviors. Bias incidents affect the well-being and success of campus community members and contradict the professed values of Bellin College; thus, the college has the responsibility to be proactive in preventing and being prepared to address the full range of bias incidents.

To be considered a bias incident, the act is not required to be a crime under any federal, state or local statutes. Colleges and universities may handle bias incidents through grievance procedures, such as the student conduct process, or through educational programs to enhance awareness and enable prevention of such acts.

The Director of Student Affairs and DEI (or designee) will be in contact with the student who has been accused of the bias incident within five business days of the report.

Hate Crimes

A hate crime is any bias incident that involves a crime of violence, property damage or threat. According to deferral and Wisconsin laws, that can include:

- Written graffiti on the side of a student's car.

- A social media post threatening to assault a specific individual because of their membership in a protected category.

While the majority of reported instances of bias-related actions on college campuses may best fit the definition of a noncriminal bias incident, hate crimes do happen on college and university campuses and must be reported to meet Clery Act requirements.

All bias incident reports are considered confidential. All parties, students, and employees are required to exercise confidentiality and privacy in relation to all verbal and written communications.

Reporting Options

If you have experienced or witnessed a bias incident, there are several ways to submit a report:

Students can use the [online report form](#) that is available. Once the form is completed and submitted, the Director of Student Affairs or designee will follow up.

Students may submit a phone report by calling the Director of Student Affairs and DEI by calling 920-433-6656 during business hours. If one decided to leave a message, a call will be returned at the earliest possible time during the next business day.

An in-person report can be made by scheduling a meeting with the Director of Student Affairs or Dean of Students and Allied Health Sciences

Why Should I Report

While bias incidents sometimes target specific individuals, they often violate an entire group or community. Graffiti on the wall, defaced fliers, anonymous emails, and slurs or language meant to harass individuals convey a message of intolerance. By reporting such incidents, you help the college community to maintain a positive learning, living, and working environment.

For more information please visit <https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/>

The Director of Student Affairs and DEI (or designee) will rule on any challenges regarding conflict of interest.

This record will be retained for one month following the hearing or until the conclusion of any appeal process, whichever is longer. The record will then be destroyed, except in cases of suspension and expulsion, when the electronic record shall be retained with the student's record.

At the beginning of the hearing, introductions will be made. The respondent will be informed of standards alleged to have been violated which may include student policies, student foundational behaviors, etc.

The following are examples of consequences that may be imposed if a

student is found responsible for violations of the Bellin College Student Foundational Behaviors/Code of Conduct:

1. College Monitoring
2. Probation
3. Dismissal
4. Limitations of Activities
5. Loss of Privileges

If the student believes that the process and procedures outlined in this policy were not followed correctly or that the process was unfair an appeal may be submitted to the President/CEO in writing. The Appeals Form is located in the Director of Student Affairs and DEI office.

The student has 14 business days of the outcomes to file an appeal to the President/CEO or designee(s). The president/CEO or designee(s) will review all documents, communications, etc. or meet with the student, administrator and supervisor, or the members of the Ad Hoc Committee to determine whether the process and procedures were followed.

The President/CEO may render one of the following decisions:

- Finds evidence of violation of the process and procedures of this Policy, the President/CEO will direct the administrator to review the case anew.

Family Educational Rights and Privacy Act (FERPA)

Bellin College complies with the Family Education Rights and Privacy Act (FERPA). Once enrolled, all students have a right to inspect and review most of the educational records maintained about them by Bellin College under FERPA of 1974 (as amended). Under most circumstances, no identifiable data (non-directory) will be released to a third party without the written consent of the student. Students may challenge information in their records which they believe to be inaccurate, misleading, or inappropriate and request a revision.

The College implements all provisions of FERPA as amended. For purposes of general records accountability, a file system has been established for all student records under the supervision of the Registrar. The FERPA record release exceptions:

- Release of directory information. (Please see below for what is considered directory information.)
- Instances when state or federal agencies request information essential to fulfill legal requirements for accreditation.

Forms are also kept in the One Stop Shop for any students who wish to update disclosure permissions. A new form must be completed by the student to change access permission to the student's record. Students should be aware that placing a FERPA hold on all records includes limiting the College's ability to provide a reference or verify enrollment or degree information. Students can select the transparency of the specific information visible within our student information system

Students can request access to records, documents and other materials directly related to them by appointment with the Registrar or the Dean of Students & Allied Health Sciences.

Students may not have access to:

- Admission records accumulated prior to enrollment.

Disclosure to Parents

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to parents under FERPA transfer to the student. However, FERPA also provides ways in which schools may share information with parents without the student's consent. For example:

- Schools may disclose education records to parents if the student is a dependent for income tax purposes.
- Schools may inform parents if their son or daughter is involved in a health or safety emergency.
- Schools may inform parents if a student who is under age 21 has violated any law or its policy concerning the use or possession of alcohol or a controlled substance.

Student and Exchange Visitor Information System

FERPA permits institutions to comply with information requests from the Department of Homeland Security (DHS) and its Immigration and Customs Enforcement Bureau (ICE) in order to comply with the requirements of Student and Exchange Visitor Information System (SEVIS).

Family Educational Rights and Privacy Act – Procedure for Review of Records

If a student wants to review his or her files, he or she should:

- Submit a written request to the Registrar, identifying the records they wish to inspect. Although FERPA allows the College to act on the request within 45 days of the day

they receive a request for access, Bellin College will usually be able to make arrangements within 10 business days. The Registrar will notify the student when and where the records may be inspected.

- Allow a College official (Registrar or Dean of Students & Allied Health Sciences) to be present when the record is reviewed.
- Sign a required waiver of College responsibility for further confidentiality if copies of any information are made and given to the student.

Students have the right to seek changes to the information contained in their education records if they believe it is inaccurate or misleading. Academic or clinical grades given in individual units and/or courses are an exception. Students should write to the College official responsible for the record. In the communication, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The student has the right to file a complaint with the U.S. Department of Education concerning alleged failure by Bellin College to comply with the department requirements of FERPA. The name and address of the office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Ave, SW
Washington, DC 20202-8520

Users choose to disclose their identities and determine how they represent themselves to the public at large. Students are reminded that pictures and information posted on the internet via programs such as Facebook and Twitter are public information. Payment Policies and Procedures

Semester Billing

Billing (tuition and fees) statements are made available to students each semester they are enrolled. Students can view their tuition and fee charges through their MyBC Portal each semester. Payment for tuition and fees is due by the published due date each semester. Due dates are published in the academic year calendar: (<https://www.bellincollege.edu/campus-life/calendar/>).

Payment Policy

Bellin College requires payment by the established due date each semester. Failure to

make payment by the due date will result in the student account being assessed a \$25.00 late payment penalty charge per month.

The College offers the following options for payment by semester/term:

1. Standard Pay Plan: The student shall pay all charges due on their account by the established due date for the semester. The student will incur no late payment penalty if the student pays the entire balance in full when due. If full payment is not made by the due date specified, a late payment penalty will be imposed on the balance due, and the account will be treated as delinquent.
2. Semester Payment Plan: Payment of each semester's tuition and fees is made through a contractual agreement with the Bellin College Bursar Office. A per semester non-refundable enrollment fee is applied to the student's account. Monthly payments not received by the established due date are subject to a late payment penalty. Failure to comply with the terms of the semester payment plan will result in cancellation from the payment plan and the full amount of tuition and fees due.

Payments are due by the date specified on the billing statement unless a payment arrangement has been initiated with the Bursar. Payment due dates are specified in the academic calendar on the College website. Payments may be made via cash, personal check, certified check, or money order. Payments by ACH or credit/debit card are accepted online for an additional fee at: www.bellincollege.edu/payment.

Bellin College has the right to take steps to collect a student account balance, including but not limited to the following: prohibiting a student from participating in current classes; prohibiting a student from registering for classes for future semesters; withholding course credits, academic transcripts, and diploma until the balance is paid in full; turning over the student account to a collection agency or attorney; and taking legal action to collect the balance due. Students who fail to resolve their balance may be subject to administrative withdrawal from Bellin College.

Student Payment and Disclosure Agreement

The Student Payment and Disclosure Agreement is an enrollment requirement as well as a requirement of the Federal Truth-in-Lending Act for all Bellin College incoming students. This agreement outlines the financial responsibility of the student during their enrollment at the College, along with relevant information about institutional policies related to billing and the student's college account. The Payment and Disclosure Agreement states that the student will assume responsibility for charges accrued during their time at Bellin College. Noncompliance with this requirement may prevent matriculation and/or registration privileges.

Overpayment of Account

Students with overpayments/credit balances either through excess financial aid or personal payment have the option to hold their credit on their account for a future term or receive a refund check for the overpayment/credit amount. To have the overpayment/credit held on the student account, the student must notify the Bursar in writing to hold the overpayment/credit for future charges, otherwise their overpayment/credit will be automatically refunded after the add/drop period.

Refund checks for overpayment/credit balances are processed after the add/drop period has passed. Refund requests are processed once a week and students are notified via their Bellin College email once their refund check is available to be picked up in Student Services. Refund checks can also be mailed to the student upon their request.

Administrative Withdrawal Due to Nonpayment of Tuition and Fees

If a student fails to make payment in full, enroll in a payment plan, or make acceptable payment arrangements with the Bursar to bring the account current by the established due date, the student will be placed on a hold; and access to all records and classes will be blocked for two weeks. If a student fails to meet with the Bursar and make acceptable payment arrangements

during this hold period, then the student may be administratively withdrawn from the Bellin College program.

If a student is administratively withdrawn their tuition and fee charges will be adjusted according to the College's withdrawal policy. It may also be necessary to adjust or return financial aid if a student is administratively withdrawn. A detailed description of the College's withdrawal refund policy can be obtained from the Bursar Office or be accessing the Bellin College Guidebook at: <https://www.bellincollege.edu/campus-life/student-services/policies-and-procedures/bellin-college-guide>

Administrative withdrawal decisions will be made in a fair and equitable manner by a committee of college representatives that will include the Vice President of Business and Finance, Registrar, Bursar, Director of Financial Aid, and other applicable Bellin College personnel.

The student may appeal this decision; however, the appeal must be made within one week (five business days) of the decision. To appeal, the student must contact the Vice President of Business and Finance in writing to request reinstatement. Payment in full or acceptable payment arrangements must be made before the student is allowed to attend Bellin College classes. Tuition and fee charges will, at this time, be based upon the tuition and fee schedule for semester charges plus the applicable late fee(s) and/or payment plan enrollment fee. Failure to abide by the payment arrangement will result in immediate withdrawal from the College.

Returned Payments

There is a \$25 non-refundable return payment fee charged to the student account for all returned payments (check or ACH) such as incorrect routing number, insufficient funds, etc.

The Bellin College Bursar will notify the student in writing about the returned payment and the reason for the return. Replacement payment must be submitted within 5 days of the return notice being sent.

Please note: Failure to make the replacement payment by the date will result in a late payment penalty and the student may be subjected to a hold and/or the administrative withdrawal policy.

Individuals with multiple returned payments will be required to make all current and future payments to Bellin College by cashier's check or certified check/money order. Personal checks/ACH transactions from any party will not be accepted.

Bellin College reports this information directly to the IRS; therefore the 1098-T is for your information only and does not need to be attached to your tax return.
